Bible Missals and the Medieval Dominican Liturgy Innocent Smith,2023-11-06 Bible Missals are manuscripts that integrate liturgical prayers for the Mass with the scriptural texts of the Latin Vulgate Long overlooked by scholars Bible Missals offer important evidence for the development of the medieval liturgy and the liturgical use of scripture by medieval Christians This monograph is the first comprehensive analysis of the codicology and contents of Bible Missals Mostly produced in the first half of the 13th century by professional book makers in centers like Paris and Oxford these hybrid manuscripts were customized for secular monastic and mendicant patrons This monograph focuses on Dominican Bible Missals the largest group within the repertoire providing detailed codicological descriptions of each manuscript and analyzing their texts for the Order of Mass and selected liturgical formularies including prayers for the feast of St Dominic For medieval Christians the words and events of scripture were continually called to mind and reenacted in the sacramental rites of the Mass Bible Missals provide important material evidence for this interplay between word and sacrament

Choreomania Kélina Gotman,2018 When political protest is read as epidemic madness religious ecstasy as nervous disease and angular dance moves as dark and uncouth the disorder being described is

choreomania At once a catchall term to denote spontaneous gestures and the unruly movements of crowds choreomania emerged in the nineteenth century at a time of heightened class conflict nationalist policy and colonial rule In this book author K lina Gotman examines these choreographies of unrest rethinking the modern formation of the choreomania concept as it moved across scientific and social scientific disciplines Reading archives describing dramatic misformations of bodies and body politics she shows how prejudices against expressivity unravel in turn revealing widespread anxieties about demonstrative agitation This history of the fitful body complements stories of nineteenth century discipline and regimentation As she notes constraints on movement imply constraints on political power and agency In each chapter Gotman confronts the many ways choreomania works as an extension of discourses shaping colonialist orientalism which alternately depict riotous bodies as dangerously infected others and as curious bacchanalian remains Through her research Gotman also shows how beneath the radar of this colonial discourse men and women gathered together to repossess on their terms the gestures of social revolt

Hagiography, Historiography, and Identity in Sixth-Century Gaul Tamar Rotman, 2025-10-01 Gregory of Tours the sixth century Merovingian bishop composed extensive historiographical and hagiographical corpora during the twenty years of his episcopacy in Tours These works serve as important sources for the cultural social political and religious history of Merovingian Gaul This book focuses on Gregory s hagiographical collections especially the *Glory of the Martyrs* *Glory of the Confessors* and *Life of the Fathers* which contain accounts of saints and their miracles from across the Mediterranean world It analyses these accounts from literary and historical perspectives examining them through the lens of relations between the Merovingians and their Mediterranean counterparts and contextualizing them within the identity crisis that followed the disintegration of the Roman world This approach leads to groundbreaking conclusions about Gregory s hagiographies which this study argues were designed as an ecclesiastical history of the Merovingian Church that enabled him to craft a specific Gallo Christian identity for his audience

Mary Queen of Scots: The First Biography Ronald Santangeli, 2023-05-15 In *Mary Queen of Scots The First Biography* Ronald Santangeli has recovered a long forgotten document of great historiographical literary and cultural importance Written in 1624 in Neo Latin by George Con a young expatriate Scot in Rome the *Vita Mariae Stuartae* is worthy of study both for its content and its literary dimension The fully recensed Latin text is presented with a meticulous translation into English and a fully annotated commentary The image Con creates of the Scottish Queen has prevailed in European cultural representations from poetry and drama to novels paintings and opera while Con's own meteoric career highlights the impact on seventeenth century Catholic Europe by members of the Scottish diaspora A significant addition to Marian and Scottish Neo Latin studies *Johnson's Universal Cyclop:dia*, 1893 *Sacred Biography* Thomas J.

Heffernan, 1992-10-01 Though medieval saints' lives are among the oldest literary texts of Western vernacular culture they are routinely patronized as pious fiction by modern historiography This book demonstrates that to characterize the genre as fiction is to misunderstand the intentions of medieval authors who were neither credulous fools nor men blinded by piety Concentrating on English texts Heffernan reconstructs the medieval perspective and considers sacred biography in relation to the community for which it was written identifies the genre's rhetorical practices and purposes and demonstrates the syncretistic way in which the life of the medieval saint was transformed from oral tales to sacred text In the process Heffernan not only achieves a more contextually accurate understanding of the medieval saints' lives but details a new critical method that has important implications for the practice of textual criticism *James DeKoven* John E. Magerus, 2025-02-27

Calls for a biography of James DeKoven were voiced soon after his death in 1879 When he died he was considered the best known Episcopalian in the country Yet twenty years later when the first inadequate biography of DeKoven was published he had almost been forgotten This new biography researched and written by the former archivist of the DeKoven Center in Racine Wisconsin follows the trajectory of his life from son of a well established merchant family in Connecticut to his education in New York City and then to his move in 1854 to the frontier of the young state of Wisconsin Previously unavailable sources including letters and memoirs have been used to complete the historical record Most importantly his personal journal has been studied in detail to gain insight into his ideas concerning education religion and leadership
