Partridge,1899 **Henry Irving** Richard Foulkes,2017-11-30 Henry Irving 1838 1905 the first actor to be knighted dominated the theatre in Britain and beyond for over a quarter of a century As an actor he was strikingly different with his idiosyncratic pronunciation his somewhat ungainly physique and his brilliant psychological portrayals of virtue and villainy As a director of spectacular and commercially driven entertainments Irving anticipated Hollywood directors from D W Griffith to Stephen Spielberg And as manager of the Lyceum Theatre where audiences included the leading public figures of the day he controlled every aspect of the performance This collection of essays by leading theatre scholars explores each element of Irving s art his acting his contribution to the plays he commissioned his flair for the stage picture and his ear for incidental music Like Wagner Irving was a proponent of a holistic approach to the stage that is blending together acting painting music and architecture to create harmonious balanced and artistic theatre Irving emerges not only as the peer of such eminent contemporaries as Tennyson Sullivan Shaw and Burne Jones but also as a powerful influence on the twentieth century theatre **The Dublin Review** ,1839 *Teaching Literature in Translation* Brian James Baer,Michelle Woods,2022-07-29 The teaching of texts in translation has become an increasingly common practice but so too has the teaching of texts from languages and cultures with which the instructor may have little or no familiarity The authors in this volume present a variety of pedagogical approaches to promote translation literacy and to address the distinct phenomenology of translated texts The approaches set forward in this volume address the nature of the translator s task and how texts travel across linguistic and cultural boundaries in translation including how they are packaged for new audiences with the aim of fostering critical reading practices that focus on translations as translations The organizing principle of the book is the specific pedagogical contexts in which translated texts are being used such as courses on a single work survey courses on a single national literature or a single author and courses on world literature Examples are provided from the

widest possible variety of world languages and literary traditions as well as modes of writing prose poetry drama film and religious and historical texts with the aim that many of the pedagogical approaches and strategies can be easily adapted for use with other works and traditions An introductory section by the editors Brian James Baer and Michelle Woods sets the theoretical stage for the volume Written and edited by authorities in the field of literature and translation this book is an essential manual for all instructors and lecturers in world and comparative literature and literary translation

Muslim Heroes on Screen Daniel O'Brien, 2021-11-16 If films drawing on Middle East tropes often highlight white Westerners figures such as Sinbad and the Thief of Bagdad embody a counter tradition of protagonists derived from Islamic folklore and history who are portrayed as Other to Western audiences In *Muslim Heroes on Screen* Daniel O'Brien explores the depiction of these characters in Euro American cinema from the silent era to the present day Far from being mere racial masquerade these screen portrayals are more complex and nuanced than is generally allowed not least in terms of the shifting concepts and assumptions that inform their Muslim identity Using films ranging from Douglas Fairbanks *The Thief of Bagdad* *The 7th Voyage of Sinbad* *El Cid* *Kingdom of Heaven* and *The Message to The Wind and the Lion* O'Brien considers how the representational strategies of Western filmmakers may transcend such Muslim stereotypes as fanatic antagonists or passive victims These figures possess a cultural significance which cannot be fully appreciated by Euro American audiences without reference to their distinction as Muslim heroes and the implications and resonances of an Islamicized protagonist

Marvellous Thieves Paulo Lemos Horta, 2017-01-16 A fascinating work of cultural and literary history An insightful examination of the *Arabian Nights* and the fraught complexities of translation Kirkus Reviews Although many of its stories originated centuries ago in the Middle East the *Arabian Nights* is regarded as a classic of world literature by virtue of the seminal French and English translations produced in the eighteenth and nineteenth centuries Supporting the suspicion that the story collection is more Parisian than Persian some of its most famous tales including the stories of Aladdin and Ali Baba appear nowhere in the original sources Yet as befits a world where magic lamps may conceal a jinni and fabulous treasures lie just beyond secret doors the truth of the *Arabian Nights* is richer than standard criticism suggests *Marvellous Thieves* which draws on hitherto neglected sources is a brilliant fluent and original work of literary scholarship Robert Irwin *Literary Review* This fine book cogently probes an influential period in the knotted and at times sordid history of the *Arabian Nights* serving as a fine example to those unraveling this promiscuous and forever malleable set of stories Charles Shafaieh *Wall Street Journal* Intelligent and engrossing The great merit of Horta's book is that its interest always lies in the story of the story in mapping out the complex network of the translators editors and travellers behind the *Arabian Nights* in ways that enrich our sense of this remarkable text Shahidha Bari *Times Higher Education*
