Anna Of Denmark Queen Of England:

Anna of Denmark, Queen of England John Leeds Barroll, 2001 But Leeds Barroll makes a well documented case that it was Anna who for her own purposes developed an alternative court and sponsored many of the artistic ventures in one of the most productive and innovative periods of English cultural history **BOOK JACKET** **Marriage, Performance, and Politics at the Jacobean Court** Kevin Curran, 2016-05-06 Marriage Performance and Politics at the Jacobean Court constitutes the first full length study of Jacobean nuptial performance a hitherto unexplored branch of early modern theater consisting of masques and entertainments performed for high profile weddings Scripted by such writers as Ben Jonson Thomas Campion George Chapman and Francis Beaumont these entertainments were mounted for some of the most significant political events of James s English reign Here Kevin Curran analyzes all six of the elite weddings celebrated at the Jacobean court reading the masques and entertainments that headlined these events alongside contemporaneously produced panegyrics festival books sermons parliamentary speeches and other sources The study shows how collectively wedding entertainments turned the idea of union into a politically versatile category of national representation and offered new ways of imagining a specifically Jacobean form of national identity by doing so **Dynasties and State Formation in Early Modern Europe** Liesbeth Geevers, Harald Gustafsson, 2025-10-01 In state formation research princely houses have been a blind spot The development of states has been discussed from many perspectives like interstate competition internal social conflicts fiscal military developments etc but at the centre of most European states there was a princely house These ruling houses have been overlooked in studies about state formation What s more when discussing such dynasties the vertical chronological perspective grandfather father son is all dominating for instance in the focus on dynastic continuity dynastic culture and representation and the like This collection of essays highlights the horizontal perspective ruler all children siblings cousins in asking how the members of a princely family acted as a power network The quest is to develop an understanding how this family network interplayed with other factors in the state formation process This volume brings together existing knowledge of the topic with the aim of exchanging insights and furthering knowledge **Jesuit Intellectual and Physical Exchange between England and Mainland Europe, c. 1580-1789** James E. Kelly, Hannah Thomas, 2018-11-26 Jesuit Intellectual and Physical Exchange between England and Mainland Europe c 1580 1789 The World is our House offers new perspectives on the English Mission of the Society of Jesus It brings together an interdisciplinary and international group of scholars to explore the Mission s role and wider impact within the Society as well as early modern European Catholicism Building on recent movements within the field to decentralise the Catholic Reformation the volume seeks to change perceptions of the English Mission as peripheral bringing the archipelagic experience of Jesuits working in the British Isles in line with work on their European confreres and the broader global network of the Society of Jesus **High and Mighty Queens of Early Modern England** Carole Levin, D. Barrett-Graves, J. Carney, 2016-09-23 High and Mighty Queens of Early Modern England is

a truly interdisciplinary anthology of essays including articles on such actual queen regnants as Mary I and Elizabeth I and queen consorts such as Anne Boleyn Anna of Denmark and Henrietta Maria The collection also deals with a number of literary representations of earlier historical queens such as Cleopatra and semi historical ones such as Gertrude Tamora and Lady Macbeth and such fictional ones as Hermione and the queen of Cymbeline all of them Shakespeare characters This fascinating look at Renaissance queens also examines myth and folklore Romantic or Victorian representations and the depictions of queens like Catherine de Medici of France in twentieth century film *Lives of the queens of England, from the Norman conquest. By A. [and E.] Strickland* Agnes Strickland, 1867

Performing the Renaissance Body Sidia Fiorato, John Drakakis, 2016-03-21 In the Renaissance period the body emerges as the repository of social and cultural forces and a privileged metaphor for political practices and legal codification Due to its ambivalent expressive force it represents the seat and the means for the performance of normative identity and at the same time of alterity The essays of the collection address the manifold articulations of this topic demonstrating how the inscription of the body within the discursive spheres of gender identity sexuality law and politics align its materiality with discourses whose effects are themselves material The aesthetic and performative dimension of law inform the debates on the juridical constitution of authority as well as its reflection on the formation and the moulding of individual subjectivity Moreover the inherently theatrical elements of the law find an analogy in the popular theatre where juridical practices are represented challenged occasionally subverted or created The works analyzed in the volume in their ample spectre of topics and contexts aim at demonstrating how in the Renaissance period the body was the privileged focus of the social legal and cultural imagination

The Ashgate Research Companion to Henry Purcell Dr Rebecca Herissone, 2013-01-28 The Ashgate Research Companion to Henry Purcell provides a comprehensive and authoritative review of current research into Purcell and the environment of Restoration music with contributions from leading experts in the field Seen from the perspective of modern interdisciplinary approaches to scholarship the companion allows the reader to develop a rounded view of the environment in which Purcell lived the people with whom he worked the social conditions that influenced his activities and the ways in which the modern perception of him has been affected by reception of his music after his death In this sense the contributions do not privilege the individual over the environment rather they use the modern reader's familiarity with Purcell's music as a gateway into the broader Restoration world

The Politics of Female Households: Ladies-in-waiting across Early Modern Europe, 2013-10-24 The Politics of Female Households is the first collection that seeks to integrate ladies in waiting into the master narrative of early modern court studies Presenting evidence and analysis of the multifarious ways in which women above stairs shaped the European courts of the sixteenth and seventeenth centuries it argues for a re assessment of their political influence The cultural agency of ladies in waiting is viewed in the reflection of portraiture pamphlets and masques their political dealings and patronage are revealed through analysis of letters family networks career patterns gift exchange and household

structures as well as their activities in the fields of intelligence gathering and espionage By concentrating on a previously neglected area of female agency this collection demonstrates clearly that the political climate of Europe was often shaped outside the male dominated institutions of government and administration Contributors include Helen Graham Matheson Hannah Leah Crumm Katrin Keller Vanessa de Cruz Birgit Houben Dries Raeymaekers Janet Ravenscroft Una McIlvenna Rosalind K Marshall Oliver Mallick Cynthia Fry Nadine Akkerman Sara J Wolfson Fabian Persson and Jeroen Duindam

Anna of Denmark and Henrietta Maria Susan Dunn-Hensley, 2017-10-11 This book examines how early Stuart queens navigated their roles as political players and artistic patrons in a culture deeply conflicted about the legitimacy of female authority Anna of Denmark and Henrietta Maria both employed powerful female archetypes such as Amazons and the Virgin Mary in court performances Susan Dunn Hensley analyzes how darker images of usurping contaminating women epitomized by the witch often merged with these celebratory depictions By tracing these competing representations through the Jacobean and Caroline periods Dunn Hensley peels back layers of misogyny from historical scholarship and points to rich new lines of inquiry Few have written about Anna s religious beliefs and comparing her Catholicism with Henrietta Maria s illuminates the ways in which both women were politically subversive This book offers an important corrective to centuries of negative representation and contributes to a fuller understanding of the role of queenship in the English Civil War and the fall of the Stuart monarchy *Lives of the Queens of England* Agnes Strickland, 1847 **Readings in Renaissance**

Reformation England inhabited a culture of conversion Required to choose among rival forms of worship many would cross and often recross the boundary between Protestantism and Catholicism This study considers the poetry written by such converts from the reign of Elizabeth I to that of James II concentrating on four figures John Donne William Alabaster Richard

Crashaw and John Dryden Murray offers a context for each poet's conversion within the era's polemical and controversial literature. She also elaborates on the formal features of the poems themselves, demonstrating how the language of poetry could express both spiritual and ecclesiastical change with particular vividness and power. Proposing conversion as a catalyst for some of the most innovative devotional poetry of the period, both canonical and uncanonical, this study will be of interest to all specialists in early modern English literature.

Lives of the Queens of England ... Abridged edition Agnes STRICKLAND, 1867
Tudor and Stuart Consorts Aidan Norrie, Carolyn Harris, J. L. Laynesmith, Danna R. Messer, Elena Woodacre, 2022-07-20
This book examines the lives and tenures of all the consorts of the Tudor and Stuart monarchs of England between 1485 and 1714, as well as the wives of the two Lords Protector during the Commonwealth. The figures in Tudor and Stuart Consorts are both incredibly familiar, especially the six wives of Henry VIII, and exceedingly unfamiliar, such as George of Denmark, the husband of Queen Anne. These innovative and authoritative biographies recognise the important role consorts played in a period before constitutional monarchy, in addition to correcting popular assumptions that are based on limited historical evidence. The chapters provide a fuller picture of the role of consort that goes beyond discussions of exceptionalism and subversion. This volume and its companions reveal the changing nature of English consortship from the Norman Conquest to today.
