Anne Killigrew:

Anne Killigrew Patricia Hoffmann, 2017-03-02 During Anne Killigrew's lifetime 1660-1685 most of her known living relatives were connected to the court yet very little is known about Anne herself. The twenty-five complete poems and five fragments that were collected and published by her father soon after her death probably represent only a portion of her output. They are reproduced here from the copy held in the Folger Shakespeare Library. These works suggest a poet quite conversant with the period's propensity to comment and compliment in verse. They suggest a sometimes conventional, sometimes merely competent but often quite promising writer. Moreover, unlike many of her contemporaries, Killigrew never uses Latin or French or Italian in her verse. From the evidence of the poems here, there is good reason to think that Killigrew would have been a fine eighteenth-century poet.

The Poetry of Anne Killigrew Anne Killigrew, 2014 Anne Killigrew was born in early 1660. Two of her uncles were playwrights and one built the famous Drury Lane Theatre. The leading writer of the time, John Dryden, wrote a famed elegy, *To The Pious Memory of the Accomplish'd Young Lady Mrs Anne Killigrew* in 1686. Yet the equally famous Alexander Pope found her work crude and unsophisticated. However, what can be gleaned from the little that we know is that in her twenties she was made a personal attendant to Mary of Modena, Duchess of York. It was there she met and became friends with poets Katherine Phillips and Anne Finch, also a maid to Mary of Modena at the time. Mary of Modena encouraged the French tradition of patrician women intellectuals immersing themselves in theatre, literature, and music. With this motivation came a number of paintings and a short book of poems published soon after her death by her father. In such male-dominated times, it was not unusual for female poets never to see their work published whilst alive. Anne Killigrew died of smallpox on 16 June 1685 at only 25 years. She is buried in the Chancel of the Savoy Chapel.

writers ranging from the Restoration to the end of the eighteenth century The essays show men and women working together praising and criticizing each other s work borrowing and changing each other s plots and characters recording their different perceptions of their common world From Dryden s praise of Anne Killigrew through Gay s and Lady Mary Wortley Montagu s collaboration on a town eclogue Thomas Southerne s dramatizations of novels by Aphra Behn and Eliza Haywood s version of the Spectator to Cornelia Knight s sequel to Rasselas these relationships demonstrate that men and women writers inhabited the same literary world shared the traditions of the mainstream of English literature Most of the women have since faded from view But Messenger suggests the time has come to rediscover them to reassess their work and to revise the commonly accepted canon of literature accordingly Although most of the studies deal with the way women s writing responds to writing by men the Afterword combats the charge that the women s work is derivative Free of critical jargon and ideological strait jacketing His and Hers makes some little known writers available and interesting to specialists and nonspecialists feminists and traditionalists alike while it sheds new light on some of the most familiar figures of the period The Appendix reprints some of the shorter works which have been analyzed in detail and summaries in the text help to compensate for the unavailability of some of the women s books The comparative approach suggests a wide and rich field for further research
