Conkle,2019-03-13 So you are suggesting what That men do not tailgate an observer asked No He's not suggesting any such thing another observer interjected But let's be clear at least in my opinion tailgating is failing to have an assured clear stopping distance from the vehicle in front of you Another observer a woman stated that she almost always tailgates in late evenings because it is dark and is often the only one of only two or three vehicles on that dark lonely roadway For her it is

about a real need to tailgate to be close So why do women tailgate The simple reason for their tailgating behavior is that they are selfish The not so simple reason for their tailgating behavior is that they are egoistic The tailgater's desire flowing from her volitional behavior is egoistic if and only if it is something that interests her because it is important or affects her and it reasonably benefits her to the exclusion of everyone else However the philosopher Spinoza suggested that ethical egoism is a behavior in which everyone ought to seek their own advantage Why do women tailgate The philosopher Epicurus suggested that ethics is a form of egoistic hedonism in that the only thing that is intrinsically valuable is one's own pleasure anything else that has value is valuable merely to securing pleasure for oneself Another observer said Perhaps because something within her is sending bad or confusing signals I am suggesting that those tailgating drivers may be getting mixed or confusing cellular signals That is in relation to their extracellular matrix which is a collection of sugars proteins as well as other molecules which is a place where signals affecting cell progression and mental process resurge
