complicated cinemagoing throughout this formative transitional era Growing female patronage and increased emphasis on women s subject matter did not necessarily bolster cinema s cultural legitimacy as many in the industry had hoped for women were not always enticed to the cinema by dignified uplifting material and once there they were not always seamlessly integrated in the social space of theaters nor the new optical pleasures of film viewing In fact Stamp argues that much about women s films and filmgoing in the postnickelodeon years challenged rather than served the industry s drive for greater respectability White slave films action adventure serial dramas and women s suffrage photoplays all drew female audiences to the cinema with stories aimed directly at women s interests and with advertising campaigns that specifically targeted female moviegoers Yet these examples suggest that women s patronage was built with stories focused on sexuality sensational thrill seeking and feminist agitation topics not normally associated with ladylike gentility And in each case concerns were raised about women s conduct at cinemas and the viewing habits they enjoyed demonstrating that women s integration into motion picture culture was not as smooth as many have thought

Too Much of a Good Thing Ramona Curry, 1996 Before Madonna before Marilyn there was Mae The impact of Mae West through her films attitude and aphorisms Too much of a good thing can be wonderful Is that a gun in your pocket or are you just glad to see me continues to reverberate through American popular culture more than fifteen years after her death In *Too Much of a Good Thing* Ramona Curry examines the interplay between West s bawdy worldly persona and twentieth century gender and media politics Although West has remained an important figure her image has fulfilled varied cultural functions In the thirties she was a lightning rod for debates over morality and censorship In the seventies the complexity of her portrayal of gender made her a controversial figure for both the gay rights and feminist movements Curry not only analyzes the symbolic roles West has occupied arguing that the entertainer represents a carefully orchestrated transgression of race class and gender expectations she also illustrates how icons of pop culture often distill contested social issues serving diverse and even contradictory political functions A pithy and innovative look at what Mae West means *Too Much of a Good Thing* is must reading for fans film buffs and anyone interested in how popular culture evolves and circulates in the United States

The

Dame in the Kimono Leonard J. Leff, Jerold L. Simmons, 2013-07-24 This excellent lively study examines the raucous debate sparked by the Code over the morals and ideals of American movies Publishers Weekly The new edition of this seminal work takes the story of the Production Code and motion picture censorship into the present including the creation of the PG 13 and NC 17 ratings in the 1990s Starting in the early 1930s the Production Code Director Joe Breen and his successor Geoff Shurlock understood that American motion pictures needed enough rope enough sex and violence and tang to lasso an audience and not enough to strangle the industry To explore the history and implementation of the Motion Picture Production Code this book uses 11 movies *Dead End* *Gone With the Wind* *The Outlaw* *The Postman Always Rings Twice* *The Bicycle Thief* *Detective Story* *A Streetcar Named Desire* *The Moon Is Blue* *The French Line* *Lolita* and *Who's Afraid of Virginia Woolf* The authors combine a lively style with provocative insights and a wealth of anecdotes to show how the code helped shape American screen content for nearly 50 years A readable intimate account of the rise to near tyrannical power and the fall to well deserved ignominy of the old Production Code Administration *Atlantic Monthly* A valuable insight into our own innocence and naiveté *The New York Times Book Review* The triumph of Leff and Simmons's fine work is that they have reminded us of how fatuous and inimical a code of conduct can be how tempting it is as a theoretical answer and how intrinsically flawed it is as a working solution *The Times of London*

Motion Picture Biographies John Cones, 2015-04-01 Hollywood movies are famous for promoting negative stereotypes of all kinds especially against minorities women Southerners and Christians To what extent are biographical films selected for production according to certain biases conscious or unconscious among the Hollywood elite An expert on the U S film industry gives readers brief synopses of Hollywood biopics produced and or released from 1912 through 1994 This survey provides the basis for discussion and analysis Tracking these one sided depictions over a longer period of time the patterns of bias and the source of the problem become more clear The problem appears to be that most of the people who have green light authority in the U S film industry for either the production and or distribution of a motion picture share a common ethnic religious cultural background Thus the stories of their own cohort and those of all other ethnic religious and or cultural groups whose members seldom achieve positions of power in Hollywood are being filtered through the cultural sensibilities of a single group John Cones suggests that the solution could lie in increasing diversity at the highest levels in the U S film industry
