Anniversaries From The Life Of Gesine Cresspahl:

Anniversaries Uwe Johnson, 2018-10-16 A landmark of 20th Century literature about New York in the late 1960s now in English for the first time Late in 1967 Uwe Johnson set out to write a book that would take the unusual form of a chapter for every day of the ongoing year It would be the tale of Gesine Cresspahl a thirty four year old single mother who is a German migr to Manhattan s Upper West Side and of her ten year old daughter Marie a story of work and school of friends and lovers and the countless small encounters with neighbors and strangers that make up big city life An everyday tale but also a tale of the events of the day as gleaned by Gesine from The New York Times Johnson could hardly foresee the convulsions of 1968 but some of the news the racial unrest roiling America the escalating war in Vietnam was sure to be news for some time yet to come Finally it would be a tale told by Gesine to Marie about Gesine s childhood in a small north German town of her independent and enterprising father of her troubled mother of Nazi Germany Gesine was born the year Hitler came to power and World War II and Soviet retribution and the grimly regulated realities of Communist East Germany An ambitious historical novel as well as a wonderfully observed New York novel Anniversaries would take in the unsettled world of the present along with the twentieth century s disastrous past while vividly depicting the struggle of a loving though hardly uncomplicated mother and a bright indomitably curious girl to understand and care for each other and to shape a human world Gesine and Marie are among the most memorable and engaging characters in literature and Anniversaries at once monumental and intimate sweeping and full of incident stylistically adventurous and endlessly absorbing is quite simply one of the great books of our time

Anniversaries Uwe Johnson, 1975 A landmark of 20th century literature about New York in the late 1960s now in English for the first time As a novel Uwe Johnson s masterpiece Anniversaries is at once daringly simple in conception and wonderfully complex and engaging in effect Late in 1967 Johnson already one of the most celebrated German novelists of his generation set out to write a book that would take the form of an entry for every day of the year that lay ahead The first section was dated August 20 and Johnson had of course no idea what the year would bring that was part of the challenge but he did have his main character Gesine Cresspahl a German emigre living on the Upper West Side of New York City and working as a translator for a bank who is the single mother of a ten year old daughter Marie The book would tell the story of a year in the life of this little family in relation to the unfolding story of the year as winnowed from the pages of the New York Times of which Gesine is a devoted if wary reader These stories would in turn be overlaid by another Gesine is 34 born just as Hitler was coming to power and she has decided to tell Marie the story of her grandparents lives and of her own rural childhood in Nazi Germany It is important that Marie know where and what she comes from The days of the year are also anniversaries of years past The world that was and the world of the 1960s with the struggle for civil rights leading to riots in American cities and abroad the escalating destruction of the Vietnam War are in the end one world Anniversaries was published in four volumes over the more than ten years that it took Johnson to write it

and as the volumes came out it became clear that this was one the great twentieth century novels The book courts comparison to Joyce s Ulysses the book of a day and to Proust s In Search of Lost Time the book of a lifetime but it stands apart in its dense polyphonic interplay of voices and stories Anniversaries is many books the book of a mother and daughter of a family and its generations of the country and the city and of two times and two countries that seem farther apart perhaps than they are It is a novel of private life a political novel and a new kind of historical novel reckoning not only with past history but with history in the making Monumental and intimate sweeping in vision and full of incident richly detailed and endlessly absorbing Anniversaries now for the first time available in English in a brilliant new translation by Damion Searls is nothing short of a revelation [Anniversaries, Volume 1](#) Uwe Johnson,2021-07-27 The first volume of a titanic masterpiece of twentieth century literature named one of the best books of 2018 by The New York Times critics Published to great acclaim as a two part boxed set in 2018 Anniversaries is now available as two individual volumes It is August 1967 and Gesine Cresspahl born in Germany the year that Hitler came to power a survivor of war of Soviet occupation and of East German Communism has been living with her ten year old daughter Marie in New York City for six years Mother and daughter find themselves caught up in the countless stories of the world around them stories of work and school and their neighborhood with its shifting and varied cast of characters as well as the stories that Gesine reads in The New York Times every day about Che Guevara racial violence the war in Vietnam and the US elections to come Now with Marie growing up Gesine has decided to tell her daughter the story of her own childhood in a small north German town in the 1930s and 40s Amid memories of Germany s criminal and disastrous past and the daily barrage of news from a world in disarray Gesine conscientious self scrutinizing with a sharp sense of humor struggles to describe what she has learned over the years and what she hopes to pass on to Marie Marie articulate quizzical with a perspective that is very much her own has plenty of questions too Uwe Johnson s intimate portrait of a mother and daughter is also a panorama of past and present history and the world at large Comparable in richness of invention and depth of feeling to Joyce s Ulysses and Proust s In Search of Lost Time Anniversaries is one of the world s great novels **Anniversaries, Volume 2** Uwe Johnson,2021-07-27 The second volume of a titanic masterpiece of twentieth century literature named one of the best books of 2019 by The New York Times critics Anniversaries Volume 2 begins on April 20 1968 Before long Marie will be devastated by the assassination of Robert F Kennedy even as the news of the Prague Spring has awakened Gesine s long dashed hopes that socialism could be a humanism Meanwhile her boss at the bank has his own ideas about Czechoslovakia and Gesine faces the prospect of having to move there for work Continuing the story of her past from Anniversaries Volume 1 Gesine describes the Soviet occupation of her hometown Jerichow where her father was installed as mayor and ended up in a brutal prison camp Gesine herself charts a rebellious course through school ever more bitterly conscious of the moral ugliness of life behind the Iron Curtain As the year of the novel comes to its end past and present converge and the novel circles back to its beginnings Gesine tells

The Chapter Nicholas Dames, 2025-02-25 Finalist for the National Book Critics Circle Award in Criticism Shortlisted for the Christian Gauss Award Phi Beta Kappa Society A history of the chapter from its origins in antiquity to today Why do books have chapters With this seemingly simple question Nicholas Dames embarks on a literary journey spanning two millennia revealing how an ancient editorial technique became a universally recognized component of narrative art and a means to register the sensation of time Dames begins with the textual compilations of the Roman world where chapters evolved as a tool to organize information He goes on to discuss the earliest divisional systems of the Gospels and the segmentation of medieval romances describing how the chapter took on new purpose when applied to narrative texts and how narrative segmentation gave rise to a host of aesthetic techniques Dames shares engaging and in depth readings of influential figures from Sterne Goethe Tolstoy and Dickens to George Eliot Machado de Assis B S Johnson Agn s Varda Uwe Johnson Jennifer Egan and L szl Krasznahorkai He illuminates the sometimes tacit sometimes dramatic ways in which the chapter became a kind of reckoning with time and a quiet but persistent feature of modernity Ranging from ancient tablets and scrolls to contemporary fiction and film The Chapter provides a compelling elegantly written history of a familiar compositional mode that readers often take for granted and offers a new theory of how this versatile means of dividing narrative sculpts our experience of time
