the Smithsonian s National Museum of American History Steven Lubar and Kathleen M Kendrick tell the stories behind more
than 250 of the museum s treasures many of them never before photographed for publication These stories not only reveal
what America as a nation has decided to save and why but also speak to changing visions of national identity As the authors
demonstrate views of history change over time methods of historical investigation evolve and improve and America s
understanding of the past matures Shifts in focus and attitude lie at the hearth of Legacies which is organized around four
concepts of what a national museum of history can be a treasure house a shrine to the famous a palace of progress and a
mirror of the nation Thus the museum collects cherished or precious objects houses celebrity memorabilia documents

Smithsonian and shed new light on what is important and who is included in American history Throughout its history Lubar
and Kendrick conclude the museum has played a vital role in both shaping and reflecting America s sense of itself as a nation
