Women and Political Violence Miranda Alison, 2009-01-21 This book directly challenges the stereotype that women are inherently peaceable by examining female combatants involvement in ethno national conflicts Drawing upon empirical case studies of Sri Lanka and Northern Ireland this study explores the ways in which women have traditionally been depicted Whereas women have predominantly been seen as victims of conflict this book acknowledges the reality of women as active combatants Indeed female soldiers irregulars are features of most modern conflicts and particularly in ethno nationalist violence until now largely ignored by mainstream scholarship Original interview material from the author s extensive fieldwork addresses why and how some women choose to become violently engaged in nationalist conflicts It also highlights the personal political costs and benefits incurred by such women This book provides a valuable insight into female combatants and is a significant contribution to the literature This book will be of great interest to students of political violence ethnic conflict gender studies and international relations in general

The Routledge Companion to the Study of Religion John R. Hinnells, 2005 The Routledge Companion to the Study of Religion contains everything a student needs for a full understanding of theory and methods in religious studies It begins by explaining the most important methodological approaches to religion including psychology philosophy anthropology and comparative study before moving on to explore a wide variety of critical issues Written entirely by renowned international specialists and using clear and accessible language throughout it is the perfect guide to the problems and questions found in courses and exams

Governing Women Anne Marie Goetz, 2009-01-13 Though the proportion of women in national assemblies still barely scrapes 16% on average the striking outliers Rwanda with 49% of its assembly female Argentina with 35% Liberia and Chile with new women presidents this year have raised expectations that there is an upward trend in women s representation from which we may expect big changes in the quality of governance But getting women into public office is just the first step in the challenge of creating governance and accountability systems that respond to women s needs and protect their rights Using case studies from around the world the essays in this volume consider the conditions for effective connections between women in civil society and women in politics for the evolution of political party platforms responsive to women s interests for local government arrangements that enable women to engage effectively and for accountability mechanisms that answer to women The book s argument is that good governance from a

gender perspective requires more than more women in politics It requires fundamental incentive changes to orient public action and policy to support gender equality

Negotiating Democracy and Religious Pluralism Karen Barkey, Sudipta Kaviraj, Vatsal Naresh, 2021 A collection of essays that situates and furthers contemporary debates around the prospects of democracy in diverse societies within and beyond the West *Negotiating Democracy and Religious Pluralism* examines the relationship between the functioning of democracy and the prior existence of religious plurality in three societies outside the West India Pakistan and Turkey All three societies had on one hand deep religious diversity and on the other long histories as imperial states that responded to religious diversity through their specific pre modern imperial institutions Each country has followed a unique historical trajectory with regard to crafting democratic institutions to deal with such extreme diversity The volume focuses on three core themes historical trends before the modern state s emergence that had lasting effects the genealogies of both the state and religion in politics and law and the problem of violence toward and domination over religious out groups Volume editors Karen Barkey Sudipta Kaviraj and Vatsal Naresh have gathered a group of leading scholars across political science sociology history and law to examine this multifaceted topic Together they illuminate various trajectories of political thought state policy and the exercise of social power during and following a transition to democracy Just as importantly they ask us to reflexively examine the political categories and models that shape our understanding of what has unfolded in South Asia and Turkey

Divorce and Democracy Saumya Saxena, 2022-08-25 This book captures the Indian state s difficult dialogue with divorce mediated largely through religion By mapping the trajectories of marriage and divorce laws of Hindu Muslim and Christian communities in post colonial India it explores the dynamic interplay between

law religion family minority rights and gender in Indian politics It demonstrates that the binary frameworks of the private public divide individuals versus group rights and universal rights versus legal pluralism collapse before the peculiarities of religious personal law Historicizing the legislative and judicial response to decades of public debates and activism on the question of personal law it suggests that the sustained negotiations over family life within and across the legal landscape provoked a unique and deeply contextual evolution of both secularism and religion in India s constitutional order Personal law therefore played a key role in defining the place of religion and determining the content of secularism in India s democracy *Feminist Futures* Kum-Kum Bhavnani, John Foran, Priya A. Kurian, Debashish Munshi, 2016-10-15 Straddling disciplines and continents *Feminist Futures* interweaves scholarship and social activism to explore the evolving position of women in the South Working at the intersection of cultural studies critical development studies and feminist theory the book s contributors articulate a radical and innovative framework for understanding the linkages between women culture and development applying it to issues ranging from sexuality and the gendered body to the environment technology and the cultural politics of representation This revised and updated edition brings together leading academics as well as a new generation of activists and scholars to provide a fresh perspective on the ways in which women in the South are transforming our understanding of development

Marginalized, Mobilized, Incorporated Rina Verma Williams, 2023 How has the participation of women in Hindu nationalist politics in India changed over time More broadly what has their changing participation meant for women Hindu nationalism and Indian democracy In *Marginalized Mobilized Incorporated* Rina Verma Williams places women s participation in religious politics in India into historical and comparative perspective through a focus on the most important Hindu nationalist political parties in modern Indian history the All India Hindu Mahasabha HMS and the Bharatiya Janata Party BJP She compares three critical periods to show the increasing involvement of women in Hindu nationalist politics over time In its formative years in the early 1900s the HMS marginalized women in the 1980s the BJP began to mobilize them and in the contemporary period as the BJP returned to power in 2014 it has incorporated women into its structures and activities Williams contends that the incorporation of women into Hindu nationalist politics has significantly advanced the BJP s electoral success compared to prior periods when women were either marginalized or mobilized in more limited ways For the BJP women s incorporation works to normalize religious nationalism in Indian democracy however incorporation has not been emancipatory for women whose participation in BJP politics is still predicated on traditional gender ideologies that tether women to their social roles in the home and family Drawing on significant new data sources Williams includes interviews with key BJP leaders visual campaign materials and an examination of major campaign events to construct an unmatched before and after view of India s watershed 2014 elections Given that the BJP is one of the most dynamic religious ethno nationalist parties in the world at present Williams account of how it incorporated masses of women into its coalition is essential reading for scholars and students interested not just in India but in the

relationship between gender and right wing populist politics globally The Routledge Companion to the Study of Religion John Hinnells, 2009-09-10 The Routledge Companion to the Study of Religion is a major resource for courses in Religious Studies It begins by explaining the most important methodological approaches to religion including psychology philosophy anthropology and comparative study before moving on to explore a wide variety of critical issues such as gender science fundamentalism ritual and new religious movements Written by renowned international specialists this new edition includes eight new chapters including post structuralism religion and economics religion and the environment religion and popular culture and sacred space surveys the history of religious studies and the key disciplinary approaches explains why the study of religion is relevant in today's world highlights contemporary issues such as globalization diaspora and politics includes annotated reading lists a glossary and summaries of key points to assist student learning *Women, Leadership, and Mosques* Masooda Bano, Hilary E. Kalmbach, 2011-11-25 The acceptance of female leadership in mosques and madrassas is a significant change from much historical practice signalling the mainstream acceptance of some form of female Islamic authority in many places This volume investigates the diverse range of female religious leadership present in contemporary Muslim communities in South East and Central Asia the Middle East Africa Europe and North America with chapters discussing its emergence the limitations placed upon it and its wider impact as well as the physical and virtual spaces used by women to establish and consolidate their authority It will be invaluable as a reference text as it is the first to bring together analysis of female Islamic leadership in geographically and ideologically diverse Muslim communities worldwide

Mareike Winkelmann, 2025-10-01 In the aftermath of 9/11 Islamic seminaries or madrasas received much media attention in India mostly owing to the alleged link between madrasa education and forms of violence Yet while ample information on madrasas for boys is available similar institutions of Islamic learning for girls have for the greater part escaped public attention so far This study investigates how madrasas for girls emerged in India how they differ from madrasas for boys and how female students come to interpret Islam through the teachings they receive in these schools Observations suggest that next to the official curriculum the informal curriculum plays an equally important role It serves the madrasa's broader aim of bringing about a complete reform of the students' morality and to determine their actions accordingly *Multicultural*

Jurisdictions Ayelet Shachar, 2001-09-06 Is it possible for the state simultaneously to respect deep cultural differences and to protect the hard won citizenship rights of vulnerable group members particularly women This 2001 book argues that it is not only theoretically needed but also institutionally feasible Rejecting prevalent normative and legal solutions to this paradox of multicultural vulnerability *Multicultural Jurisdictions* develops a powerful argument for enhancement of the jurisdictional autonomy of religious and cultural minorities while at the same time providing viable legal institutional solutions to the problem of sanctioned intra group rights violation This new joint governance approach is guided by an innovative principle that strives for the reduction of injustice between minority groups and the wider society together with the enhancement of justice within them This book will interest students of political and social theory law religion institutional design as well as cultural and gender studies *The Mauritian Paradox* Ramtohol, Ramola, Eriksen, Thomas Hylland, 2018-04-12 Speaking of

Mauritius as an economic miracle has become a cliché and with good reason Its development since Independence in 1968 can easily be narrated as a rags to riches story In addition it is a stable democracy capable of containing the conflict potential inherent in its complex ethnic and religious demography This book brings together some of the finest scholarship domestic as well as foreign on contemporary Mauritius offering perspectives from constitutional law cultural studies sociology archaeology economics social anthropology and more While celebrating the indisputable and impressive achievements of the Mauritian nation on its fiftieth birthday this book is far from toothless Looking back inevitably implies looking ahead and in order to do so critical self scrutiny is essential to be able to learn from the mistakes of the past The contributors raise fundamental questions concerning a broad range of issues from the dilemmas of multiculturalism to the marginal role of women in public life from the question of constitutional reform and the continued problem of corruption to the slow destruction of Mauritius' joy and pride namely the beauty and purity of its natural scenery Taking stock of the first fifty years

this book also looks ahead to the next fifty years giving some cues as to where Mauritius can and should aim in the next decades Teaching Islam Brannon M. Wheeler,2003 The critical role of Islam in global affairs makes it an increasingly valuable part of the undergraduate curriculum Despite this very little consideration has been given to methods of teaching Islam This book brings together leading scholars to offer perspectives on teaching Islam to undergraduates

Contemporary Indian Society Jyoti Prasad Saikia,Shweta Prasad,2017-01-01 This volume has addressed a wide array of current social issues and problems relevant to women in India from a sociological standpoint and a gendered perspective Depicting a mix of qualitative and quantitative empirical and theoretical in their nature the twelve studies incorporated in this volume cover issues such as Significance of Gender Studies Muslim Women s Activism Women in Conflict Situation Women s Individuality and Development Witch Hunting Women s Representation in the Media Gender Equality and Family Planning Status of Working Women Discriminations against Dalit Women Female Sex Workers Work and Economic Empowerment of Women and Feminist Thought and Indian Feminism The heterogeneity of the issues covered in this book itself makes a strong argument for further such studies on gender issue in sociological discourse
