Appropriating Shakespeare Contemporary Critical Quarrels:

Appropriating Shakespeare Brian Vickers, 1994-01-01 During the last two decades new critical schools of Shakespeare scholarship have emerged each with its own ideology each convinced that all other approaches are deficient This controversial book argues that in attempting to appropriate Shakespeare for their own purposes these schools omit and misrepresent Shakespeare's text and thus distort it Brian Vickers describes the iconoclastic attitudes emerging in French criticism of the 1960s that continue to influence literary theory that language cannot reliably represent reality that literature cannot represent life that since no definitive reading is possible all interpretation is misinterpretation Vickers shows that these positions have been refuted and he brings together work in philosophy linguistics and literary theory to rehabilitate language and literature He then surveys the main conflicting schools in Shakespearean and other current literary criticism deconstructionism feminism new historicism cultural materialism and psychoanalytic Marxist and Christian interpretations describing the theoretical basis of each school both in its own words and in those of its critics Evaluating the resulting interpretations of Shakespeare he shows that each is biased and fragmentary in its own way The epilogue considers two related issues the attempt of current literary theory to present itself as a coherent system while at the same time wishing to evade accountability and the way in which different schools demonize their rivals thus adding an intolerant tone to much recent criticism

Shakespeare Studies J. Leeds Barroll, 1995 Shakespeare Studies is an international volume published every year in hardcover containing more than three hundred pages of essays and studies by critics from both hemispheres

Woke Shakespeare: Rethinking Shakespeare for a New Era Ian McCormick, 2025-06-07 Shakespeare's plays have always been embroiled in political and cultural debates From the Elizabethan Jacobean stage to modern classrooms his works provoke conversation challenge conventions and ignite controversy Nonetheless Shakespeare's central position in the traditional cultural establishment is facing renewed scrutiny as some critics start to question whether his works should still occupy a prime position on the syllabus and the stage Debates about woke ideology emerging in part out of the earlier culture wars have stimulated renewed interest in the role of various schools of critical enquiry ranging from feminism and gender to queer theory postcolonialism and race to cultural materialism global studies to eco criticism social class to social justice The essays in this new collection provide a forum for more diverse voices and debates seeking to explore how to engage with modern social and political issues in transformative ways How can we navigate new thinking about the struggle for social justice while reimagining Shakespeare's role in a rapidly changing political cultural landscape How does Shakespeare's work intersect with modern political anxieties such as the politics of woke and cultural panic In terms of rethinking identity and human agency what do Shakespeare's characters reveal or obscure about today's debates on race gender and social justice With regard to censorship safety and emancipation how should educators approach potentially sensitive content in a way that respects both free speech and inclusivity To what extent does working with Shakespeare

involve global perspectives and postcolonial insights that might contribute to decolonizing the curriculum How do new platforms social media conversations and digital adaptations shape our engagement with Shakespearean texts Featuring feminist reinterpretations queer temporalities global perspectives and postcolonial adaptations appropriations WOKE SHAKESPEARE challenges readers to reconsider Shakespeare's current contribution to twenty first century culture It is an essential resource for educators performers and scholars who wish to grapple with Shakespeare's contested legacy and explore innovative approaches to his works in an era of political struggle and social transformation Whether embracing resisting or reinterpreting woke ideologies this book aims to foster a civilized and critical dialogue about Shakespeare's enduring influence in a world that is constantly redefining itself in line with controversial new ideas about social justice

Mutability and Division on Shakespeare's Stage Yu Jin Ko, 2004 The book is at the same time rooted in the theater and thus relates the theatrical conventions of Shakespeare's time to the thematic matter of the book In particular Ko demonstrates how the divisions explored in the plays are related to stage practices like the use of boy actors and the volatile interplay of illusionistic and non illusionistic modes of acting In this context Ko introduces a new term character that combines the fictional character and the stage actor and enables a new nuanced exploration of stage personae Jacket

Speech Act Theory and Shakespeare Chahra Beloufa, 2024-05-28 Speech Act Theory and Shakespeare delves deeper than linguistic ornamentation to illuminate the complex dynamics of thanking as a significant speech act in Shakespearean plays The word thanks appears nearly 400 times in 37 Shakespearean plays calling for a careful investigation of its veracity as a speech act in the 16th century setting This volume combines linguistic analysis to explore the various uses of thanks focusing on key thanking scenes across a spectrum of plays including All's Well That Ends Well Romeo and Juliet The Merchant of Venice Timon of Athens The Winter's Tale and the Henriad Shakespeare's works indicate the act of thanking to be more than a normal part of dialogue it is an artistic expression fraught with pitfalls similar to those of negative speech acts The study aims to determine what compels the characters in Shakespeare to offer thanks and evaluates Shakespeare's accomplishment in imbuing the word thanks with performance quality in the theatrical sphere This work adds to our comprehension of Shakespearean plays and larger conversations on the challenges of language usage in theatrical and cultural settings by examining the convergence of gratitude with power dynamics political intrigue and interpersonal relationships drawing on a multidisciplinary approach that includes pragmatics philosophy religion and psychology

Communities of Cultural Value Philip Goldstein, 2001-01-01 Philip Goldstein is fast establishing himself as the doyen of reception study a discipline that assumes that the reader's interpretive practices explain a text's import In his latest work Communities of Cultural Value Goldstein delves again into the realm of literary criticism painting an absorbing picture of the changing nature of a growing more diversified readership and its challenge to professional literary study Goldstein's PostMarxist approach investigates how interpretive communities govern the reader's practices through lucid case studies

that analyze the reception of texts and authors ranging from Jane Austen to John Le Carré. *Communities of Cultural Values* is an important addition to the continuing debate over art's aesthetic autonomy and the role of literary criticism in the 1990s and it will be most valuable to readers seeking to chart the changing socio-historical condition of literary study. The Shakespearean International Yearbook Professor Alexa Huang, Professor Graham Bradshaw, Professor Sukanta Chaudhuri, Professor Tom Bishop, 2012-12-28 In the twelfth issue of *The Shakespearean International Yearbook* a Special Section in eight essays explores India's intense engagement with Shakespeare the longest of any country outside the Western world. Treating cinema, theater and education in particular contributors examine how Shakespearean traffic has been routed through many languages and cultural contexts across the subcontinent from the early nineteenth to the early twentieth century. Introducing a new Yearbook feature this volume also presents two review essays the essay topics are New Biography Studies Queer Turns in Theory and Shakespearean Utility and Textual Studies Performance Criticism and Digital Humanities. The special section is further supplemented by two additional essays on Hamlet and Shylock respectively. Among the contributors are Shakespearean scholars from India Poland the UK and the US. **Fated Sky** Michael L. Stapleton, 2000 The ensuing chapters extend the idea by explaining the centrality of John Studley's Medea to Shakespeare's conception of Joan la Pucelle 1 Henry V Margaret of Anjou 2 Henry VI 3 Henry VI Richard III and Tamora Titus Andronicus the further transformations of femina furens in *The Taming of the Shrew* and *The Merchant of Venice* the strange parallels between Helena All's Well that Ends Well and John Studley's Phaedra and between Cleopatra and Jasper Heywood's Juno. The last chapter suggests that Imogen and Cymbeline's Queen represent an exorcism of femina furens. Jacket Shakespeare in the Nineteenth Century Gail Marshall, 2012-02-16 An illustrated collection of new essays with valuable reference material on the performance and reception of Shakespeare's plays. The Tempest William Shakespeare, 1994 Shakespeare's valedictory play is also one of his most poetical and magical. The story involves the spirit Ariel the savage Caliban and Prospero the banished Duke of Milan now a wizard living on a remote island who uses his magic to shipwreck a party of ex-compatriots. This extensively annotated version of *The Tempest* makes the play completely accessible to readers in the twenty-first century. Linguist and translator Burton Raffel offers generous help with vocabulary pronunciation and prosody and provides alternative readings of phrases and lines. His on-page annotations give readers all the tools they need to comprehend the play and begin to explore its many possible interpretations. Raffel provides an introductory essay and in a concluding essay Harold Bloom examines the characters Prospero and Caliban. **BOOK JACKET** *Shakespeare in Hate* Peter Kishore Saval, 2015-12-07 Hate malice rage and enmity what would Shakespeare's plays be without these demonic unruly passions. This book studies how the tirades and unrestrained villainy of Shakespeare's art explode the decorum and safety of our sanitized lives and challenge the limits of our selfhood. Everyone knows Shakespeare to be the exemplary poet of love but how many celebrate his clarifying expressions of hatred. How many of us do not at some time feel that we have come away

from his plays transformed by hate and washed clean by savage indignation Saval fills the great gap in the interpretation of Shakespeare's unsocial feelings The book asserts that emotions as Aristotle claims in the Rhetoric are connected to judgments Under such a view hatred and rage in Shakespeare cease to be a blinding of judgment or a loss of reason but become claims upon the world that can be evaluated and interpreted The literary criticism of anger and hate provides an alternative vision of the experience of Shakespeare's theater as an intensification of human experience that takes us far beyond criticism's traditional contexts of character culture and ethics The volume which is alive to the judgmental character of emotions transforms the way we see the rancorous passions and the disorderly and disobedient demands of anger and hatred Above all it reminds us why Shakespeare is the exemplary creator of that rare yet pleasurable thing a good hater

Big-Time Shakespeare Michael D. Bristol, 2005-08-12 Shakespeare has made the big time No less than the Beatles or Liberace Elvis Presley or Mick Jagger Shakespeare is big time in the idiomatic sense of cultural success and widespread notoriety Not only has he achieved canonical status Shakespeare is a contemporary celebrity His artistic distinction and aptitude for controversy constantly keeps his name in the public eye Bristol debates Shakespeare's cultural authority and clarifies the semantics of his name in our culture Big Time Shakespeare suggests his plays represent the pathos of our civilisation with extraordinary force and clarity Shakespeare's contradictory understanding of the social and cultural past is also examined with close analysis of The Winter's Tale Othello and Hamlet

Christian Humanism in Shakespeare Lee Oser, 2022-05-06 Shakespeare Lee Oser argues is a Christian literary artist who criticizes and challenges Christians but who does so on Christian grounds Stressing Shakespeare's theological sensitivity Oser places Shakespeare's work in the radical middle the dialectical opening between the sacred and the secular where great writing can flourish According to Oser the radical middle was and remains a site of cultural originality as expressed through mimetic works of art intended for a catholic small c audience It describes the conceptual space where Shakespeare was free to engage theological questions and where his Christian skepticism could serve his literary purposes Oser reviews the rival cases for a Protestant Shakespeare and for a Catholic Shakespeare but leaves the issue open focusing instead on how Shakespeare exploits artistic resources that are specific to Christianity including the classical Christian rhetorical tradition The scope of the book ranges from an introductory survey of the critical field as it now stands to individual chapters on A Midsummer Night's Dream The Merchant of Venice the Henriad Hamlet and King Lear Writing with a deep sense of literary history Oser holds that mainstream literary criticism has created a false picture of Shakespeare by secularizing him and misconstruing the nature of his art Through careful study of the plays Oser recovers a Shakespeare who is less vulnerable to the winds of academic and political fashion and who is a friend to the enduring project of humanistic education Christian Humanism in Shakespeare A Study in Religion and Literature is both eminently readable and a work of consequence

Reader's Guide to Literature in English Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast

number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study

Richard II Charles Forker,1998-01-01 Before 1790 the criticism of Richard II is fragmentary and this volume takes up the major tradition of criticism including Malone Lamb Coleridge Hazlitt Chambers Boas Brandes Yeats Schelling Swinburne A C Bradley Saintsbury and Masefield

A Dictionary of Shakespeare Stanley Wells,James Shaw,2005 Compiled by the general editor of The Oxford Shakespeare and one of the best known authorities on the playwright s works this dictionary offers information on all aspects of Shakespeare both in his own time and in later ages The wide ranging entries cover Shakespeare s plays as well as everything from famous actors writers and directors connected with Shakespeare to theatres historical figures and places of particular interest relating to his life and work The dictionary also includes box features of passages on Shakespeare by other famous authors from Dr Johnson and Jane Austin to Bernard Levin and Virginia Woolf Ideal reference for the student actor or director and fascinating browsing for the general reader interested in Shakespeare s life and work

The Bible in Shakespeare Hannibal Hamlin,2013-08-29 The Bible in Shakespeare is a critical study of the links between the two great pillars of English culture the Bible and the works of Shakespeare

The Masks of Anthony and Cleopatra Marvin Rosenberg,Mary Rosenberg,2006 In his analysis Marvin Rosenberg sets out to steer a path between the extremes of Rome and Egypt and all they stand for and to explore the relentless to and back confrontation of their different sets of values which leads ultimately to destruction

The Development of Shakespeare's Rhetoric Stefan Daniel Keller,2009

Renaissance Drama in Action Martin White,2013-05-13 Renaissance Drama in Action is a fascinating exploration of Renaissance theatre practice and staging Covering questions of contemporary playhouse design verse and language staging and rehearsal practices and acting styles Martin White relates the characteristics of Renaissance theatre to the issues involved in staging the plays today This refreshingly accessible volume examines the history of the plays on the English stage from the seventeenth century to the present day explores questions arising from reconstructions with particular reference to the new Globe Theatre includes interviews with and draws on the work and experience of modern theatre practitioners including Harriet Walter Matthew Warchus Trevor Nunn Stephen Jeffreys Adrian Noble and Helen Mirren includes discussions of familiar plays such as The Duchess of Malfi and Tis Pity She s A Whore as well as many lesser known play texts Renaissance Drama in Action offers undergraduates and A level students an invaluable guide to the characteristics of Elizabethan and Jacobean drama and its relationship to contemporary theatre and staging
