

Ideal vs. Non-ideal Theory: A Conceptual Map

Laura Valentini
University College London

Published in *Philosophy Compass*, 7 (9) (2012), 654–664.
(This is a pre-copyedited, pre-publication version.)

Abstract: This article provides a conceptual map of the debate on ideal and non-ideal theory. It argues that this debate encompasses a number of different questions, which have not been kept sufficiently separate in the literature. In particular, the article distinguishes between the following three interpretations of the ‘ideal vs. non-ideal theory’ contrast: (i) full compliance vs. partial compliance theory; (ii) utopian vs. realistic theory; (iii) end-state vs. transitional theory. The article advances critical reflections on each of these sub-debates, and highlights areas for future research in the field.

Introduction

In recent years, political philosophers have started to interrogate the methodology they use to develop normative prescriptions. Driving this ‘methodological turn’ in political philosophy has been a frustration with the subject’s perceived lack of influence on real-world politics. Some voiced the concern that the dominant – Rawlsian – paradigm in the discipline was somehow too detached from reality to guide political action. From this perspective, much of the current work in political philosophy is defective because it is of little (possibly no) practical help.

This methodological debate on the proper nature of political philosophy, and its ability to guide action in real-world circumstances, has become known as the debate on ideal and non-ideal theory. A quick glance at what falls under the heading ‘ideal/non-ideal theory’, however, reveals the heterogeneity of this debate. There are at least three distinct meanings given to the adjectives ‘ideal’ and ‘non-ideal’, each corresponding to a different cluster of questions.

First, ‘ideal theory’ may be taken to mean ‘full-compliance theory’, and ‘non-ideal theory’ may be understood as ‘partial compliance’ theory. If this how we think of the ideal/non-ideal distinction, then the debate on ideal and non-ideal theory focuses on the question of what duties and obligations apply to us in situations of partial compliance as opposed to situations of full compliance.

Second, ‘ideal theory’ may be taken to mean ‘utopian or idealistic theory’, and ‘non-ideal theory’ may be understood as ‘realistic’ theory. On this second reading of the ‘ideal/non-ideal’ distinction, the debate on ideal and non-ideal theory focuses on the question of whether feasibility considerations should constrain normative political theorizing and, if so, what sorts of feasibility constraints should matter.

This paper was written while I was a Fellow at the Swedish Collegium for Advanced Study, Uppsala, Sweden. I am grateful to the Collegium for its support, and to the other fellows for discussion. Special thanks go to Constanze Binder, Eva Erman, Pablo Gilabert, Robert Jubb, Anthony Laden, Zofia Stempłowska, Patrick Tomlin, and an anonymous reviewer for their helpful suggestions.

¹ For various attempts to systematize the distinction between ideal and non-ideal theory see Stempłowska (2008), Robeyns (2008), Swift (2008), and Jubb (forthcoming).

Approximate Justice Studies In Non Ideal Theory

Rosemary Nagy

Approximate Justice Studies In Non Ideal Theory:

Approximate Justice George Sher,1997-12-04 In this book distinguished philosopher George Sher explores the normative moral and social problems that arise from living in a decidedly non ideal world a world that contains immorality evil and injustice and in which resources including knowledge are often inadequate Sher confronts difficult issues surrounding preferential treatment and equal opportunity compensatory justice and punishment the allocation of goods by lottery and abortion and moral compromise In each case Sher asks not what an ideal society would involve but how we should deal with failures to live up to individual or social ideals Challenging current academic orthodoxy Sher s work is sure to incite discussion among students and scholars alike *Approximate Justice* is an engaging and provocative book that will excite anyone with interest in social and political philosophy justice and law *Global Justice and Bioethics* Joseph Millum,Ezekiel J. Emanuel,2012-02-29 This text presents a collection of original essays by leading thinkers in political theory philosophy and bioethics on key issues concerning global justice and bioethics The collection addresses theoretical and practical questions about international distributive justice humans rights health care and medical research Approximate Justice George Sher,1997-12-04 In this book distinguished philosopher George Sher explores the normative moral and social problems that arise from living in a decidedly non ideal world a world that contains immorality evil and injustice and in which resources including knowledge are often inadequate Sher confronts difficult issues surrounding preferential treatment and equal opportunity compensatory justice and punishment the allocation of goods by lottery and abortion and moral compromise In each case Sher asks not what an ideal society would involve but how we should deal with failures to live up to individual or social ideals Challenging current academic orthodoxy Sher s work is sure to incite discussion among students and scholars alike *Approximate Justice* is an engaging and provocative book that will excite anyone with interest in social and political philosophy justice and law **Applying Nonideal Theory to Bioethics** Elizabeth Victor,Laura K.

Guidry-Grimes,2021-08-03 This book offers new essays exploring concepts and applications of nonideal theory in bioethics Nonideal theory refers to an analytic approach to moral and political philosophy especially in relation to justice according to which we should not assume that there will be perfect compliance with principles that there will be favorable circumstances for just institutions and right action or that reasoners are capable of being impartial Nonideal theory takes the world as it actually is in all of its imperfections Bioethicists have called for greater attention to how nonideal theory can serve as a guide in the messy realities they face daily Although many bioethicists implicitly assume nonideal theory in their work there is the need for more explicit engagement with this theoretical outlook A nonideal approach to bioethics would start by examining the sociopolitical realities of healthcare and the embeddedness of moral actors in those realities How are bioethicists to navigate systemic injustices when completing research giving guidance for patient care and contributing to medical and public health policies When there are no good options and when moral agents are enmeshed in their sociopolitical viewpoints

how should moral theorizing proceed What do bioethical issues and principles look like from the perspective of historically marginalized persons These are just a few of the questions that motivate nonideal theory within bioethics This book begins in Part I with an overview of the foundational tenets of nonideal theory what nonideal theory can offer bioethics and why it may be preferable to ideal theory in addressing moral dilemmas in the clinic and beyond In Part II authors discuss applications of nonideal theory in many areas of bioethics including reflections on environmental harms racism and minority health healthcare injustices during incarceration and detention and other vulnerabilities experienced by patients from clinical and public health perspectives The chapters within each section demonstrate the breadth in scope that nonideal theory encompasses bringing together diverse theorists and approaches into one collection

Social Justice in Practice Juha Räikkä, 2014-07-08 In this book the practical dimension of social justice is explained using the analysis and discussion of a variety of well known topics These include the relation between theory and practice in normative political philosophy the issue of justice under uncertainty the question of whether we can and should unmask social injustices by means of conspiracy theories the issues of privacy and the right to privacy the issue of how certain psychological states may affect our moral obligations in particular the obligation to treat others fairly and finally the concepts of morality fairness and self deception The primary goal of the book is to provide readers with an updated discussion of some important and practical social justice issues These issues are presented from a new perspective based on the author's research It is hoped that bringing these topics together in a single book will promote the emergence of new insights and challenges for future research Juha Räikkä is a professor at the Department of Philosophy at the University of Turku Finland His research focuses on ethics and political philosophy

Transitional Justice Rosemary Nagy, 2012-05-28 Criminal tribunals truth commissions reparations apologies and memorializations are the characteristic instruments in the transitional justice toolkit that can help societies transition from authoritarianism to democracy from civil war to peace and from state sponsored extra legal violence to a rights respecting rule of law Over the last several decades their growing use has established transitional justice as a body of both theory and practice whose guiding norms and structures encompasses the range of institutional mechanisms by which societies address the wrongs committed by past regimes in order to lay the foundation for more legitimate political and legal order In *Transitional Justice* a group of leading scholars in philosophy law and political science settles some of the key theoretical debates over the meaning of transitional justice while opening up new ones By engaging both theorists and empirical social scientists in debates over central categories of analysis in the study of transitional justice it also illuminates the challenges of making strong empirical claims about the impact of transitional institutions Contributors Gary J Bass David Cohen David Dyzenhaus Pablo de Greiff Leigh Ashley Lipscomb Monika Nalepa Eric A Posner Debra Satz Gopal Sreenivasan Adrian Vermeule and Jeremy Webber

, **A Theory of Justice for Animals** Robert Garner, 2013-08-15 At the same time he argues that humans have a greater interest in life and liberty than most species of nonhuman animals

Territorial

Rights Tamar Meisels, 2009-04-15 Liberal defences of nationalism have become prevalent since the mid 1980s. Curiously they have largely neglected the fact that nationalism is primarily about land. Should liberals throw up their hands in despair when confronting conflicting claims stemming from incommensurable national narratives and holy texts? Should they dismiss conflicting demands that stem solely from particular cultures, religions and mythologies in favour of a supposedly neutral set of guidelines? Does history matter? Should ancient injustices interest us today? Should we care who reached the territory first and who were its prior inhabitants? Should principles of utility play a part in resolving territorial disputes? Was John Locke right to argue that the utilisation of land counts in favour of its acquisition? And should Western style settlement projects work in favour or against a nation's territorial demands? When and how should principles of equality and equal distribution come into play? *Territorial Rights* examines the generic types of territorial claims customarily put forward by national groups as justification for their territorial demands within the framework of what has come to be known as liberal nationalism. The final outcome is a multifarious theory on the ethics of territorial boundaries that supplies a workable set of guidelines for evaluating territorial disputes from a liberal national perspective and offers a common ground for discussion including disagreement and for the mediation of claims.

Ethics: Essential Readings in Moral Theory George Sher, 2012-11-27
Annotation: *Ethics: Essential Readings in Moral Theory* is an outstanding anthology of the most important topics, theories and debates in ethics compiled by one of the leading experts in the field. It includes sixty-six extracts covering the central domains of ethics: why be moral? the meaning of moral language; morality and objectivity; consequentialism; deontology; virtue and character; value and well-being; moral psychology; applications including abortion, famine relief and consent. Included are both classical extracts from Plato, Aristotle, Hume, Kant and Mill as well as contemporary classics from philosophers such as Thomas Nagel, Thomas Scanlon, Martha Nussbaum, Derek Parfit and Peter Singer. A key feature of the anthology is that it covers the perennial topics in ethics as well as very recent ones such as moral psychology, responsibility and experimental philosophy. Each section is introduced and placed in context by the editor, making this an ideal anthology for anyone studying ethics or ethical theory.

[Virtue and Vice: Volume 15, Part 1](#) Ellen Frankel Paul, Fred Dycus Miller, Jeffrey Paul, 1998-02-13
The essays in this volume examine the nature of virtue and its role in moral theory.

In the Shadow of Justice Katrina Forrester, 2021-03-09
In the Shadow of Justice tells the story of how liberal political philosophy was transformed in the second half of the twentieth century under the influence of John Rawls. In this first ever history of contemporary liberal theory, Katrina Forrester shows how liberal egalitarianism—a set of ideas about justice, equality, obligation and the state—became dominant and traces its emergence from the political and ideological context of the postwar United States and Britain. In the aftermath of the civil rights movement and the Vietnam War, Rawls's *A Theory of Justice* made a particular kind of liberalism essential to political philosophy. Using archival sources, Forrester explores the ascent and legacy of this form of liberalism by examining its origins in midcentury debates among American antistatists and British egalitarians. She traces the

roots of contemporary theories of justice and inequality civil disobedience just war global and intergenerational justice and population ethics in the 1960s and 70s and beyond In these years political philosophers extended developed and reshaped this liberalism as they responded to challenges and alternatives on the left and right from the New International Economic Order to the rise of the New Right These thinkers remade political philosophy in ways that influenced not only their own trajectory but also that of their critics Recasting the history of late twentieth century political thought and providing novel interpretations and fresh perspectives on major political philosophers In the Shadow of Justice offers a rigorous look at liberalism s ambitions and limits

Dimensions of Dignity Jacob Weinrib,2016-09-15 Offers a public law theory that elaborates the idea of human dignity to illuminate and justify innovations in constitutional practice **The Limits of Nationalism** Chaim Gans,2003-02-13 A radical new perspective on the demands made in the name of cultural nationalism

Limits of Legality Jeffrey Brand-Ballard,2010 Judges sometimes hear cases in which the law as they honestly understand it requires results that they consider morally objectionable Most people assume that nevertheless judges have an ethical obligation to apply the law correctly at least in reasonably just legal systems This is the view of most lawyers legal scholars and private citizens but the arguments for it have received surprisingly little attention from philosophers Combining ethical theory with discussions of caselaw Jeffrey Brand Ballard challenges arguments for the traditional view including arguments from the fact that judges swear oaths to uphold the law and arguments from our duty to obey the law among others He then develops an alternative argument based on ways in which the rule of law promotes the good Patterns of excessive judicial lawlessness even when morally motivated can damage the rule of law Brand Ballard explores the conditions under which individual judges are morally responsible for participating in destructive patterns of lawless judging These arguments build upon recent theories of collective intentionality and presuppose an agent neutral framework rather than the agent relative framework favored by many moral philosophers Defying the conventional wisdom Brand Ballard argues that judges are not always morally obligated to apply the law correctly Although they have an obligation not to participate in patterns of excessive judicial lawlessness an individual departure from the law so as to avoid an unjust result is rarely a moral mistake if the rule of law is otherwise healthy Limits of Legality will interest philosophers legal scholars lawyers and anyone concerned with the ethics of judging

Democratic Theory and Mass Incarceration Albert W. Dzur,Ian Loader,Richard Sparks,2016 Despite its increasing visibility as a social issue mass incarceration and its inconsistency with core democratic ideals rarely surfaces in contemporary political theory Democratic Theory and Mass Incarceration seeks to overcome this puzzling disconnect by deepening the dialogue between democratic theory and punishment policy The

Affirmative Action Debate Steven M. Cahn,2013-12-19 This book is an essential guide to the full range of arguments surrounding affirmative action Following the debate as no other collection does from all the early foundational articles to up to date selections the book presents the strongest contributions from both sides of this highly charged issue For students and

general readers seeking to understand the controversy this book offers a unique guide to the main lines of argument in the discussion. The contributors include most of the major contributors to the debate: Anita L. Allen, Robert Amdur, Michael D. Bayles, Tom L. Beauchamp, Barbara R. Bergmann, Derek Bok, William G. Bowen, Carl Cohen, J. L. Cowan, Ronald Dworkin, Robert K. Fullinwider, Alan H. Goldman, Sidney Hook, James W. Nickel, William A. Nunn III, George Sher, Robert Simon, Paul W. Taylor, Abigail Thernstrom, Stephen Thernstrom, Judith Jarvis Thomson, Celia Wolf Devine, and Paul Woodruff. *Promoting Peace Through International Law* Cecilia Bailliet, Kjetil Mujezinović Larsen, 2015. This book considers the liberal conception of peace within Western philosophy and the principle of peaceful coexistence supported in the East. It investigates there is a right to peace by tracing the evolution of the international law of peace through its historical and philosophical origins.

Neuroethics and Nonhuman Animals L. Syd M. Johnson, Andrew Fenton, Adam Shriver, 2020-03-06. This edited volume represents a unique addition to the available literature on animal ethics, animal studies, and neuroethics. Its goal is to expand discussions on animal ethics and neuroethics by weaving together different threads: philosophy of mind and animal minds, neuroscientific study of animal minds and animal ethics, neuroethical questions concerning animals' moral status, animal minds and consciousness, animal pain, and the adequacy of animal models for neuropsychiatric disease. These have long been topics of debate in philosophy and ethics, and more recently also in neuroscientific research. The book presents a transdisciplinary blend of voices underscoring different perspectives on the broad questions of how neuroscience can contribute to our understanding of nonhuman minds and on debates over the moral status of nonhuman animals. All chapters were written by outstanding scholars in philosophy, neuroscience, animal behavior, biology, neuroethics, and bioethics, and cover a range of issues and species taxa. Given its scope, the book will appeal to scientists and students interested in the debate on animal ethics, while also offering an important resource for future researchers. Chapter 13 is available open access under a CC BY 4.0 license at link.springer.com. **Transitional Justice in Established Democracies** S. Winter, 2014-03-21. Truth commissions, apologies, and reparations are just some of the transitional justice mechanisms embraced by established democracies. This groundbreaking exploration of political theory explains how these forms of state redress repair the damage state wrongdoing inflicts upon political legitimacy.

Getting the books **Approximate Justice Studies In Non Ideal Theory** now is not type of inspiring means. Approximate Justice Studies In Non Ideal Theory Introduction

Approximate Justice Studies In Non Ideal Theory Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Approximate Justice Studies In Non Ideal Theory Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Approximate Justice Studies In Non Ideal Theory : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Approximate Justice Studies In Non Ideal Theory : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Approximate Justice Studies In Non Ideal Theory Offers a diverse range of free eBooks across various genres. Approximate Justice Studies In Non Ideal Theory Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Approximate Justice Studies In Non Ideal Theory Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Approximate Justice Studies In Non Ideal Theory, especially related to Approximate Justice Studies In Non Ideal Theory, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Approximate Justice Studies In Non Ideal Theory, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Approximate Justice Studies In Non Ideal Theory books or magazines might include. Look for these in online stores or libraries. Remember that while Approximate Justice Studies In Non Ideal Theory, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Approximate Justice Studies In Non Ideal Theory eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors

provide excerpts or short stories for free on their websites. While this might not be the Approximate Justice Studies In Non Ideal Theory full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Approximate Justice Studies In Non Ideal Theory eBooks, including some popular titles.

FAQs About Approximate Justice Studies In Non Ideal Theory Books

What is a Approximate Justice Studies In Non Ideal Theory PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Approximate Justice Studies In Non Ideal Theory PDF?**

There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Approximate Justice Studies In Non Ideal Theory PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a**

Approximate Justice Studies In Non Ideal Theory PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Approximate Justice Studies In Non Ideal Theory PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific

software or tools, which may or may not be legal depending on the circumstances and local laws.
