Arab Predicament Arab Political Thought And Practice Since 1967:

The Arab Predicament Fouad Ajami, 1991 **The Arab Predicament** F. Ajami, 1981-05-29 Examines the Arab response to the defeat of 1967 looks at Egypt as a model of Arab problems and possibilities and considers the impact of the revival of Islamic fundamentalism **Arab Political Thought** Georges Corm, 2020 Explores the many facets of Arab political thought from the nineteenth century to the present day Poetics, Politics and Protest in Arab Theatre Masud Hamdan, 2006-01-01 Highlights the merit of the Syrian playwrights Durayd Lahham and Muhammad al Maghout whose plays are representative of the Arab theatrical realisation in general and Syrian protest plays in particular This book portrays their works that combine art with politics lower class consciousness and identity with Pan Arab nationalism **Conspiracy Theories in the Arab World** Matthew Gray, 2010-07-12 Conspiracism while not unique to the Middle East is a salient feature of the political discourses of the region This book discounts the common pathological explanation for conspiricism and instead investigates the political structures and dynamics that have created and shaped the phenomenon of conspiricism in the contemporary Middle East **Republic of Fear** Kanan Makiya, 1998-06-15 First published in 1989 just before the Gulf War broke out Republic of Fear was the only book that explained the motives of the Saddam Hussein regime in invading and annexing Kuwait This edition updated in 1998 has a substantial introduction focusing on the changes in Hussein's regime since the Gulf War In 1968 a coup d'état brought into power an extraordinary regime in Iraq one that stood apart from other regimes in the Middle East Between 1968 and 1980 this new regime headed by the Arab Ba'ath Socialist party used ruthless repression and relentless organization to transform the way Iraqis think and react to political questions In just twelve years a party of a few thousand people grew to include nearly ten percent of the Iraqi population This book describes the experience of Ba'athism from 1968 to 1980 and analyzes the kind of political authority it engendered culminating in the personality cult around Saddam Hussein Fear the author argues is at the heart of Ba'ath politics and has become the cement for a genuine authority however bizarre Examining Iraqi history in a search for clues to understanding contemporary political affairs the author illustrates how the quality of Ba'ath pan Arabism as an ideology the centrality of the first experience of pan Arabism in Iraq and the interaction between the Ba'ath and communist parties in Iraq from 1958 to 1968 were crucial in shaping the current regime Saddam Hussein's decision to launch all out war against Iran in September 1980 marks the end of the first phase of this re-shaping of modern Iraqi politics The Iraq Iran war is a momentous event in its own right but for Iraq the author argues the war diverts dissent against the Ba'ath regime by focusing attention on the specter of an enemy beyond Iraq's borders thus masking a hidden potential for even greater violence inside Iraq The Search for Arab Democracy Larbi Sadiki, 2004 How to be a democrat and a Muslim at the same time is the subject of ongoing controversy This book maps out the variety of voices contesting Islam and democracy in the Arab world insisting that neither category can be taken as unitary or fixed In the Arab Middle East the contest over which democracy whose democracy and how much democracy takes

place within an existing contest over the degree of preeminence that which Islam and how much Islam should be given in the political and cultural sphere There is a Democracy and there are democracies There is an Islam and there are Islams Larbi Sadiki deploys the conceptual tools of contemporary Western political philosophy and theory to articulate and defend some provocative theses

Handbook of Political Islam in Europe Thomas Jäger, Ralph Thiele, 2024-03-31 This book approaches the field of Political Islam from a European security perspective Featuring various case studies and country surveys written by respected experts in the field it offers a comparative perspective and comprehensive overview of the ideology and prevalence of Political Islam and its actors in more than 20 European states The respective contributions identify key actors of Political Islam and reveal the activities means and strategies they pursue and employ across the continent They also discuss if and how Political Islam could undermine the Western liberal democratic order and its associated values By doing so the volume offers approaches to analyzing Political Islam and thereby strengthening the resilience of liberal democratic societies while also protecting Muslims from the radical ideology and agenda of Political Islam Chapter Hybridizing Islam in the Balkans The Rise of Salafi Hanafism in Bulgaria is licensed under the terms of the Creative Commons Attribution 4 0 International License <http://creativecommons.org/licenses/by/4.0/> For further details see license information in the chapter div

A History of Social Justice and Political Power in the Middle East Linda T. Darling, 2013-05-02 From ancient Mesopotamia into the 20th century the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East The Circle of Justice depicts graphically how a government's justice toward the population generates political power military strength prosperity and good administration This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture It explores how people conceptualized and acted upon this powerful insight how they portrayed it in symbol painting and story and how they transmitted it from one regime to the next Moving towards the modern day the author shows how although the Circle of Justice was largely dropped from political discourse it did not disappear from people's political culture and expectations of government The book demonstrates the Circle's relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the concept remains relevant in an age of capitalism A must read for students policymakers and ordinary citizens this book will be an important contribution to the areas of political history political theory Middle East studies and Orientalism
