The Book of Conviviality in Exile (Kitāb al-īnās bi-l-jalwa) Michael G. Wechsler, 2015-03-20 This volume presents a critical edition of the Judaeo Arabic translation and commentary on the book of Esther by Saadia Gaon 882 942 This edition accompanied by an introduction and extensively annotated English translation affords access to the first known personalized rationalistic Jewish commentary on this biblical book Saadia innovatively organizes the biblical narrative and his commentary thereon according to seven guidelines that provide a practical blueprint by which Israel can live as an abased people under Gentile dominion Saadia's prodigious acumen and sense of communal solicitude find vivid expression throughout his commentary in his carefully defined structural and linguistic analyses his elucidative references to a broad range of contemporary socio religious and vocational realia his anti Karaite polemics and his attention to various issues both psychological and practical attending Jewish Gentile conviviality in a 10th century Islamic milieu

**The Oxford Handbook of Arabic Linguistics** Jonathan Owens, 2013-10-03 Until about 60 years ago linguistic research on the Arabic language in the West was restricted to inquiries on Classical Arabic and the Classical tradition and spoken Arabic dialects with historical studies embedded within the broader field of Semitic languages This situation is changing quickly not only through the continuation of older research traditions but also with the integration of new research fields and perspectives With this expansion comes the danger of specialists in Arabic losing an overview of the field and of leaving non specialists without basic resources for evaluating domains of research which they may be interested in for comparative purposes The Oxford Handbook of Arabic Linguistics will confront this problem by combining state of the art overviews with essays on issues of perspective controversy and point of view In twenty four chapters leading experts from around the world will lay out their own stances on controversial issues The book not only evaluates ways in which questions and theories established in general linguistics and its sub fields elucidate Arabic but also challenges approaches which might result in accommodating Arabic to non Arabic interpretations and brings out the Arabic specificity of individual problems The Handbook in one compact volume gives critical expression to a language which covers large populations and geographical areas has a long written tradition and has been the locus of major intellectual fervor and debate

**A Medieval Critique of Anthropomorphism** Merlin Swartz, 2022-05-16 This study consists of a critical edition of Ibn al Jawz's Kitāb Akhbār as-Sifāt KAS along with an annotated translation and introduction KAS is a critique of anthropomorphic conceptions of God directed in the first instance against Ibn al Jawz's fellow Hanbal but also against Sunn traditionalists more generally As an intra Hanbalite polemic KAS sheds important new light on the intellectual fault lines within medieval Hanbalism and reveals the extent to which kalām had penetrated the Hanbalite school by the 12th century In his work Ibn al Jawz's makes extensive use of kalām drawing on its technical language and crafting his arguments against anthropomorphism on the basis of the

dialectical methods developed within the great theological schools of medieval Islam The study also contains a translation of al Alth s Ris la a pointed response to Ibn al Jawz written by a fellow Hanbal from a traditionalist perspective *Doing Justice to a Wronged Literature: Essays on Arabic Literature and Rhetoric of the 12th-18th Centuries in Honour of Thomas Bauer*, 2022-08-22 Doing Justice to a Wronged Literature is a Festschrift for the Arabist and Islamicist Thomas Bauer It includes 17 essays by established academics on various themes and aspects of Arabic literature and rhetoric of the Ayyubid Mamluk and Ottoman periods 12th 18th centuries Notoriously neglected and maligned by earlier scholarship Arabic literature and rhetoric of the 12th 18th centuries is an understudied area of Arabic studies that Thomas Bauer has over the last two decades succeeded in developing and promoting A tribute to his pioneering work on this field the contributions highlight the wealth complexity and importance of Arabic literature and rhetoric of the said period by offering close readings of paradigmatic texts or examining specific topics and trends in larger corpora **Oral Epics from Africa** John William Johnson, Thomas Albert Hale, Thomas A. Hale, Stephen Paterson Belcher, 1997-04-22 It seems incredible that heretofore there has not been an introductory anthology of African epics presented in English Western literary culture has long emphasized the heritage of such well known epics as the Iliad the Odyssey and Aeneid But it is only recently that scholars have turned their attention toward capturing the rich oral tradition that is still alive in Africa The twenty five excerpts in this volume have been selected and introduced so as to offer English speaking readers a broad sample of the extensive epic traditions in Africa The general introduction and the background on each epic will enable readers to understand the context of each epic and will also provide leads for further inquiry **Indigo in the Arab World** Jenny Balfour-Paul, 2012-10-02 The role indigo has played elsewhere has been fairly well documented but in the case of the Arab world little or no thorough investigation has been previously undertaken Sets out to provide comprehensive coverage of the subject from its earliest history to the present day **The Bible in Arabic** Sidney H. Griffith, 2013-07-21 From the first centuries of Islam to well into the Middle Ages Jews and Christians produced hundreds of manuscripts containing portions of the Bible in Arabic Until recently however these translations remained largely neglected by Biblical scholars and historians In telling the story of the Bible in Arabic this book casts light on a crucial transition in the cultural and religious life of Jews and Christians in Arabic speaking lands In pre Islamic times Jewish and Christian scriptures circulated orally in the Arabic speaking milieu After the rise of Islam and the Qur an s appearance as a scripture in its own right Jews and Christians translated the Hebrew Bible and the Greek New Testament into Arabic for their own use and as a response to the Qur an s retelling of Biblical narratives From the ninth century onward a steady stream of Jewish and Christian translations of the Hebrew Bible and New Testament crossed communal borders to influence the Islamic world The Bible in Arabic offers a new frame of reference for the pivotal place of Arabic Bible translations in the religious and cultural interactions between Jews Christians and Muslims Some images inside the book are unavailable due to digital copyright restrictions **A. *Trials. Vol. II Part I. Trials for Treason (11660-1678) , A Selection of Cases from the State Trials: pt. 1. Trials for treason (1660-1678)* John William Willis Bund,1882 **The Queens of the Arabs During the Neo-Assyrian Period**

Ellie Bennett,2024-05-14 The title Queen of the Arabs is applied in Neo Assyrian texts to five women from the Arabian Peninsula These women led armies offered tribute and held religious roles in their communities from 738 to approximately 651 BCE This book discusses what the title meant to the women who carried it and to the Assyrians who wrote about them Whereas previous scholarship has considered the Queens of the Arabs in relation to the military and economic history of the Neo Assyrian empire Eleanor Bennett focuses on identity using gender theory to locate points of the women s alterity in Assyrian sources and to analyze how Assyrian cultural norms influenced the treatment of the Queens of the Arabs This kind of analysis shows how Assyrian perceptions of the Queens of the Arabs and of Arabian populations more generally changed over time As the Queens of the Arabs were located on the periphery of the Assyrian Empire Bennett incorporates data from the Arabian Peninsula The shift from an Assyrian lens to an Arabian one highlights inaccuracies in the Assyrian material which brings into focus Assyrian misunderstandings of the region The Arabian Peninsula also offers comparative models for the Queens of the Arabs based on Arabian cultures *Forthcoming Books* Rose Arny,1996-06 *Bibliography of Art and Architecture in the Islamic World (2 Vol. Set)* Susan Sinclair,C.
