Arabs Journey Beyond The Mirage:

The Arabs David Lamb, 1988 *The Arabs* is widely considered one of the essential books for understanding the Middle East and the peoples who live there. David Lamb, who spent years as a correspondent in Cairo, explores the Arabs' religious, political, and cultural views, noting the differences and key similarities between the many segments of the Arab world. He explains Arab attitudes and actions toward the West, including the growth of terrorism, and situates current events in a larger historical backdrop that goes back more than a thousand years. Now thoroughly revised and updated, *The Arabs* takes the story up to 2001. Lamb analyzes the developments that led to the attacks on the World Trade Center and the Pentagon and helps the reader to understand how things got to that point. A veteran journalist, Lamb combines his extensive experience in covering international politics with his deeply informed insider's knowledge to provide an intimate portrait of the Arab world today.

Dubai Pranay Gupte, 2011 In just two decades, Dubai has reinvented itself from a small, poor, and quiet fishing village to a dazzling city with a vibrant urban life. How did this happen? Home to more than 200 nationalities, particularly those from the Indian subcontinent, the emirate's choice to welcome expatriates has paid off. Cultivating an open and welcoming culture, Dubai manages to attract people from all over the world, heartily embracing any entrepreneurial contribution they wish to make. The emirate is now also known for its cosmopolitan melting pot culture and its enabling environment to conduct business, and this, along with the tax-free system and hassle-free infrastructure, makes it a much sought-after site for multinational enterprises who want a base in Asia. Unlike the Gulf emirates that can count on petroleum wealth, Dubai has wound its way to prosperity by planning carefully and executing those plans methodically. Its airline and luxury construction have made it a popular destination for luxury tourism. Projects like the Burj al Arab, the Palm Jumeirah, and the Burj Khalifa, along with events like the world's richest horse race, the Dubai World Cup, and the Dubai Shopping Festival, have sustained tourist interest and focused the world's attention on the emirate. *Holy Warriors, Infidels, and Peacemakers in Africa* Y.

Tesfai, 2010-06-21 Out of the many challenges facing Africa today, there is the tendency of some to manipulate religious and ethnic identities for private interests. The book examines how religion has given rise to these conditions in Africa by weaving together issues of poverty, wealth, and violent conflicts. **Negotiating Diasporic Identity in Arab-Canadian Students**

Wisam Kh. Abdul-Jabbar, 2019-05-09 This book, framed through the notion of double consciousness, brings postcolonial constructs to sociopolitical and pedagogical studies of youth that have yet to find serious traction in education. Significantly, this book contributes to a growing interest among educational and curriculum scholars in engaging the pedagogical role of literature in the theorization of an inclusive curriculum. Therefore, this study not only recognizes the potential of immigrant literature in provoking critical conversation on changes young people undergo in diaspora but also explores how the curriculum is informed by the diasporic condition itself, as demonstrated by this negotiation of foreignness between the student and selected texts. **Journeys Into the Heart and Heartland of Islam** Marvin W.
