Arafat From Dictator To Dictator:

Arafat Said K. Aburish, 1999-09-27 A biography of the Palestinian leader **Arafat** Said K. Aburish, 2003-09-01 In this meticulously researched and iconoclastic work Said Aburish the internationally respected Palestinian political analyst and writer turns the popular western perception of Yasser Arafat upside down Far from being the benign heroic freedom fighter who has kept the hopes of his displaced people alive Arafat is revealed as a narrow minded operator out of touch with reality whose personal ambitions and lack of understanding of democratic principles have made him a deterrent to real peace in the Middle East Aburish exposes the unsound foundations of Arafat s leadership and shows that his PLO has never been a revolutionary movement rather Arafat and the PLO have always represented an elite group of Palestinian families who have grown ever more rich Moreover Aburish has discovered from hitherto silent but impeccable sources that since 1963 when Arafat first established contact with the CIA in Beirut the PLO has conducted a secret dialogue with the US amounting to a betrayal of its people in effect an agreement to avoid military or economic confrontation with Israel Aburish goes on to demonstrate that in his current role as President of the Palestinian Authority Arafat has created one of the ugliest expressions of absolute dictatorship even by Middle Eastern standards in the world today He concludes with a stimulating analysis of the likely future for Palestine and of the crucial world implications Arafat - From Defender to Dictator Aburish Said, 1998-08 *Arafat, a Political Biography* Alan Hart, 1989 **Arafat and Abbas** Menachem Klein, 2019 A dual biography of the two leading figures in Palestinian politics looking at what they gained and what they lost **Yasir Arafat** Barry M. Rubin, Barry Rubin, Judith Colp Rubin, 2005-03-03 Chronicles the life of controversial Palestinian political leader Yasir Arafat describing his early years in Egypt and his decades in the Palestinian Liberation Organization assessing whether his work for his people has done them more harm than good **A Short History of the Gaza Strip** Anne Irfan, 2025-08-28 The Gaza Strip is one of the most widely reported on regions in the world yet misinformation about its history and its people abound In this vital book historian Anne Irfan explains Gaza s outsized political significance through six pivotal moments in its modern history beginning with Israel s expulsion of the Palestinian people upon its establishment in 1948 when the Gaza region was truncated to the strip we know today As she takes us through Israel s occupation of Gaza the Palestinian national struggle and formation of the PLO the first intifada the creation of the Palestinian Authority and the rise of Hamas she tackles widespread historical ignorance and untangles contradicting narratives Drawing on a decade of research Irfan weaves in the voices of everyday Palestinians from farmers and teachers to poets and activists Written with remarkable clarity and compassion *A Short History of the Gaza Strip* is an indispensable read for anyone seeking to understand Palestine today **Palestinian Politics After Arafat** As'ad Ganim, 2010 Here the author analyzes the internal and external events that unfolded as the Palestinian national movement became a failed national movement marked by internecine struggle and collapse the failure to secure establishment of a separate state and much more **Israel's Strategic Agenda** Efraim

Inbar,2013-09-13 Divided into two clear parts the first part of this book examines political and economic factors in the global strategic environment including the approach of US and EU foreign policies towards Israel global trends in the field of defence industries and the energy sector and their implications for the Middle East and Israel The second part focuses on Israel s strategic agenda as reflected in its military force design and doctrine the dilemmas the country has faced in the course of fighting its wars of attrition the relations between military and civil sectors in Israel the struggle against Israel on the part of non governmental organizations Israel s main security challenges and national grand strategy This book was previously published as a special issue of Israel Affairs **Arafat's War** Efraim Karsh,2007-12-01 A noted historian analyzes Yasser Arafat s role in destabilizing the Middle East in a book praised as eye opening and exhaustively researched New York Post Offering the first comprehensive account of the collapse of the most promising peace process between Israel and the Palestinians historian Efraim Karsh details Arafat s efforts since the historic Oslo Accords in building an extensive terrorist infrastructure his failure to disarm the extremist groups Hamas and Islamic Jihad and the Palestinian Authority s systematic efforts to indoctrinate hate and contempt for the Israeli people through rumor and religious zealotry Arafat has irrevocably altered the Middle East s political landscape and the ongoing Israeli Palestinian conflict will always be Arafat s war

Encyclopedia of the Developing World Thomas M. Leonard,2013-10-18 A RUSA 2007 Outstanding Reference Title The Encyclopedia of the Developing World is a comprehensive work on the historical and current status of developing countries Containing more than 750 entries the Encyclopedia encompasses primarily the years since 1945 and defines development broadly addressing not only economics but also civil society and social progress Entries cover the most important theories and measurements of development relate historical events movements and concepts to development both internationally and regionally where applicable examine the contributions of the most important persons and organizations and detail the progress made within geographic regions and by individual countries *Conspiracy Encyclopedia* Thom Burnett,2006 Conspiracies are everywhere they are the lifeblood of politics business and our daily lives this truly international and all embracing encyclopedia explains the details of the world s major popular conspiracies listing them chronologically under subject matter and cross referencing them continually because so many conspiracy theories interact on some level Conspiracies are often international in their sweep and their impact the brutal stabbing of Julius Caesar the conspiracy which has defined political assassinations ever since plunged the Roman Empire into civil war which then engulfed much of the known western world More recently the Cambridge spies Philby Blunt MacLean and Burgess helped Russia throughout WWII and then re defined the Cold War afterwards Philby s defection casting a 30 year shadow over CIA Anglo American relations though conspiracies define our everyday lives there is no body of serious academic research to understand their role nature or defining characteristics Most historians prefer to adhere to the cock up theory of history in which everything happens by accident or incompetence Although this view is favoured by academics and historians it is rejected by a large part of the

general public who prefer the evidence of their own lives However they consume their media what they see is a mesh of conspiracies that define the texture of their everyday lives often for the worst Most people believe that there is a grain of truth in most theories about conspiracies this book is for them *Yasser Arafat and the Politics of Paranoia* David Bukay, 2005 Primarily penned before his passing this work aims to prove that Palestinian leader Yasser Arafat has been the ultimate arch terrorist for over 50 years Bukay political science U of Haifa Israel asserts many familiar charges against the leader of the terrorist national Palestinian movement frequently arguing that they are the result of essential characteristics of the Arab culture He contends that Arafat's sole political aim has been to destroy Israel and he lays almost the entirety of the Israel Palestine conflict at Arafat's door and the votes he mysteriously attracts in the UN General Assembly While some of Bukay's allegations against Arafat are grounded in truth the uninformed reader will be hard pressed to distinguish facts from what serious students of the conflict will recognize as distortions commonly lobbed by pro occupation Zionists Annotation 2004 Book News Inc Portland OR booknews com

The Nobel Peace Prize and the Laureates Irwin Abrams, 2001 Presents brief biographical portraits of the 106 recipients of the Nobel Peace Prize during its 100 year history

Co-opting the PLO Peter Ezra Weinberger, 2006-01-01 Co-opting the PLO analyzes the Oslo Accords the interim self government agreements signed between the government of Israel and the Palestine Liberation Organization using a theoretical framework based on the work of Gilles Deleuze and Michael Hardt Guided by these theoretical insights Weinberger puts forth an innovative and provocative argument about Israel's simultaneous empowerment and disempowerment of its Palestinian partners in peace

[The Palestinians](#) Cheryl Rubenberg, 2003 A forceful penetrating critique of the Oslo Accords and their devastating aftermath

[Defending Identity](#) Andrew A. Rooney, Natan Sharansky, 2010-10 Who is better prepared to confront challenges and defend principles in a volatile modern world Those with strong national religious ethnic or tribal identities who accept democracy or democrats who renounce identity as a kind of divisive prejudice Natan Sharansky building on his personal experience as a dissident argues that valueless cosmopolitanism even in democracies is dangerous Better to have hostile identities framed by democracy than democrats indifferent to identity In a vigorous insightful challenge to the left and right alike Natan Sharansky as he has proved repeatedly is at the leading edge of the issues that frame our times

The Transformation of Palestinian Politics Barry Rubin, 2009-06-01 This book is a comprehensive overview and analysis of the Palestinians travail as they move from revolutionary movement to state Barry Rubin outlines the difficulties in the transition now under way arising from Palestinian history society and diplomatic agreements He writes about the search for a national identity the choice of an economic system and the structure of government Rubin finds the political system interestingly distinctive it appears to be a pluralist dictatorship There are free elections multiple parties and some latitude in civil liberties Yet there is a relatively unrestrained chief executive and arbitrariness in applying the law because of restraints on freedom The new ruling elite is a complex mixture of veteran

revolutionaries heirs to large and wealthy families professional soldiers technocrats and Islamic clerics Beyond explaining how the executive and legislative branches work Rubin factors in the role of public opinion in the peace process the place of nongovernmental institutions opposition movements and the Palestinian Authority's foreign relations including Palestinian views and interactions with the Arab world Israel and the United States This book is drawn from documents in Arabic Hebrew and English as well as interviews and direct observations Rubin finds that overall the positive aspects of the Palestinian Authority outweigh the negative and he foresees the establishment of a Palestinian state His charting of the triumphs and difficulties of this state in the making helps predict and explain future dramatic developments in the Middle East

The Discourse of Palestinian-Israeli Relations Sean F. McMahon, 2010-04-15 This Foucault inspired analysis of the degeneration of the Oslo Process into direct Palestinian Israeli violence critically examines the ideas and practices that define Palestinian Israeli relations The text offers a radically different peace proposal that moves far beyond exhausted calls for confidence building measures and or an end to settlement construction
