storytelling format renowned comics scholar Bart Beaty divides the book into a hundred short chapters each devoted to a different aspect of the Archie comics Fans of the comics will be thrilled to read in depth examinations of their favorite characters and motifs including individual chapters devoted to Jughead's hat and Archie's sweater vest But the book also has plenty to interest newcomers to Riverdale as it recounts the behind the scenes history of the comics and analyzes how Archie helped shape our images of the American teenager As he employs a wide range of theoretical and methodological approaches Beaty reveals that the Archie comics themselves were far more eclectic creative and self aware than most critics recognize Equally comfortable considering everything from the representation of racial diversity to the semiotics of Veronica's haircut Twelve Cent Archie gives a fresh appreciation for America's most endearing group of teenagers
