Animals And The Afterlife True Stories Of Our Best Friends39 Journey Beyond Death:

Animals and the Afterlife Kim Sheridan,2011-04-25 Kim Sheridan grew up with animals as her constant companions Each time she faced the death of a beloved animal along with the pain came the same questions to which she could find no answers Then mysterious things began to happen that she couldn t explain which led her on an incredible journey to uncover the truth Along with her own extraordinary experiences she compiled heartwarming and meaningful true stories of everyday people around the world and discovered compelling evidence that forever erased her own doubts about an afterlife for animals This book provides enormous comfort and reassurance to anyone who has ever cherished an animal and food for thought for anyone who has ever questioned the place of these beloved creatures in the larger scheme of things both here on Earth and beyond

Coco John Hennessy,2018-10-05 John Hennessy grew up with animals as his constant companions Each time he faced the death of a cherished pet along with the gut wrenching pain and guilt trips came the same questions to which there were no obvious answers Then mysterious things began to happen that he could not explain almost pushing him to question his own mind at times This led him on an incredible journey to uncover the truth about what it is to learn to love to live and to leave a legacy for ourselves and those around us Told in a heartwarming revealing personal but also uncompromising view that one could only expect from a writer of horror stories the author steps out of his comfort zone to deliver a book that is more than a memoir of a cat who is sorely missed it is a discovery of the self and may challenge everything you think you know about the after life The author leaves it up to the reader to decide for themselves what really happened but life and death is a personal journey for each and every one of us and accounts vary from person to person Those who have passed over never come back to tell us what it is like and how we should shape our remaining days accordingly Coco Joy of After Life A Journey Beyond Death and into the Heavens does not deliberately seek to provide explicit comfort and reassurance to anyone who has ever cherished and lost a pet though readers can take some comfort from it of course Instead it sets out to answer some questions of anyone who has ever wondered how these creatures and ourselves fit into the larger scheme of things both here on the Earth and beyond
