Anna Bolena And The Artistic Maturity Of Gaetano Donizetti

Dan H. Marek

Anna Bolena And The Artistic Maturity Of Gaetano Donizetti:

Anna Bolena and the Artistic Maturity of Gaetano Donizetti Philip Gossett, 1985 In this close study of Donizetti's seminal masterpiece Anna Bolena Gossett examines the composer's autograph manuscripts to reveal the arduous procedure of composition as well as his relationship with the Rossinian tradition and his efforts to define a personal style Gossett also develops a general vocabulary and method for the analysis of Italian Opera *Gaetano Donizetti* James P.

Cassaro, 2009-07-15 *Gaetano Donizetti A Research and Information Guide* offers an annotated reference guide to the life and works of this important Italian opera composer The book opens with a complete chronology of Donizetti's life 1797-1848 and career relating it to contemporary events The balance of the book details secondary resources and other works including general sources catalogs correspondence biographical sources critical works production review sources singers and theaters and the individual operas *Gaetano Donizetti (1797-1848)* Norman Lyle Jennings, 1986 *Verdi and the Art of Italian*

Opera Steven Huebner, 2023 Verdi's art emerged from a rich array of dramatic and musical practices operative in the Italy of his day Drawing the reader into his creative world this study translated from the French original by the author himself begins where Verdi began when it came time to set notes to paper the libretto Designed for the non Italophone reader Steven Huebner's *Verdi and the Art of Italian Opera* explains key principles of Italian poetry that shaped his music From there Huebner outlines the various musical textures available to the composer including an exploration of the characteristics of recitative and aria Working outward subsequent chapters explore the syntax of Verdi's melodic writing and the larger level forms that he used A concluding chapter considers ways of conceiving musical unity in his operas Huebner's long needed study provides significant insights into Verdi's musico-dramatic strategies pulling together and making more easily accessible principles and insights that are spread widely across the scholarly literature Verdi remains by far the most performed opera composer on world stages today singers vocal coaches stage directors and opera lovers more generally will welcome this compact perspective on his art

The Musical Language of Italian Opera, 1813-1859 William Nathan Rothstein, 2023 *The Musical Language of Italian Opera 1813-1859* examines operatic music by five Italian composers Rossini Bellini Mercadante Donizetti and Verdi and one non-Italian Meyerbeer showing how certain recurring principles define a distinctively Italian practice that left its mark on the German repertoire more familiar to music theorists *A Short History of Opera* Donald Jay Grout, Hermine Weigel Williams, 2003 The fourth edition incorporates new scholarship that traces the most important developments in the evolution of musical drama After surveying anticipations of the operatic form in the lyric theater of the Greeks medieval dramatic music and other forerunners the book reveals the genre's beginnings in the seventeenth century and follows its progress to the present day Jacket ***Analyzing Opera*** Carolyn Abbate, Roger Parker, 2023-11-15 *Analyzing Opera Verdi and Wagner* explores the latest developments in opera analysis by considering side by side the works of the two greatest opera composers of the nineteenth century Although the juxtaposition is not new

comparative studies have tended to view these masters as radically different both as musicians and as musical dramatists Wagner and his symphonic opera set against Verdi the melodist is one of many familiar antitheses and it serves to highlight the particular terms from which comparisons are often made In this book some of the leading and most innovative music scholars challenge this view suggesting that as we become more distant from the nineteenth century we may see that Verdi and Wagner confronted largely similar problems and even on occasion found similar solutions But more than this Analyzing Opera sets out to demonstrate the richness and variety of modern analytical approaches to the genre As the editors point out in their introduction today's musical scholars increasingly question the usefulness of organicist theories in analytical studies and as they do so opera seems to become an ever more central area of investigation Opera is peculiar its clash of verbal musical and visual systems can produce incongruities and extravagant miscalculations It invites a multiplicity of approaches challenges orthodoxy and embraces ambiguity The sheer variety of essays presented here is witness to this fact and suggests that analyzing opera is one of the liveliest and most polemical areas in modern day musical scholarship Contributors Philip Gossett John Deathridge James A Hepokoski Joseph Kerman Thomas S Grey Matthew Brown Anthony Newcomb Martin Chusid David Lawton and Patrick McCreless Analyzing Opera Verdi and Wagner explores the latest developments in opera analysis by considering side by side the works of the two greatest opera composers of the nineteenth century Although the juxtaposition is not new comparative studies have ten

Giovanni Battista Rubini and the Bel Canto Tenors Dan H. Marek, 2013-06-06 Giovanni Battista Rubini 1794-1854 was a legendary tenor and the first 19th century non castrati male singer to become an international star of opera The previous two centuries had been the era of the castrati with tenors and basses relegated to character and supporting roles in the operas of their time Rubini stood apart because he not only matched the castrati in coloratura and pathos but he also had an extraordinarily high voice With Rubini's rise and in his wake several tenors came to sing roles written specifically for them by Rossini Bellini Donizetti and many other lesser known bel canto composers Signaling the end of the dominance of castrati on stage this period would last some forty years until the advent of grand opera Wagner and Verdi and the appearance of the first so called High C from the chest by Gilbert Louis Duprez in 1837 Since then the accepted tenor sound has followed the tradition epitomized by Enrico Caruso and in our own era Luciano Pavarotti and Plácido Domingo Many composers conductors and performers would come to regard bel canto dramatic operas as decorative and vapid until Maria Callas and Tulio Serafin demonstrated the heights this genre of opera could reach However opera directors and opera performers of late who have expressed an interest in reviving selected masterpieces from the bel canto tradition have found themselves confronted with the problem of locating tenors versed in the vocal techniques necessary to carry the high tessituras In *Giovanni Battista Rubini and the Bel Canto Tenors: History and Technique* Dan H Marek explores the extraordinary life of Rubini in order to frame this special period in the history of opera and connect the technique of the castrati who were among Rubini's instructors Drawing on the work of Berton Coffin Marek

offers long sought answers to the challenges presented by high tessitura of bel canto operas for tenors To further assist working singers Giovanni Battista Rubini and the Bel Canto Tenors includes over sixty pages of exercises written by Rubini himself before 1840 which Marek for the first time ever has adapted to acoustical phonetics Professional singers teachers and their students vocal coaches and opera conductors will find this work indispensable as the only English language work on high tessitura for tenor and soprano singing Vincenzo Bellini Stephen Ace Willier,2002 This comprehensive bibliography and research guide details all the works currently available on Vincenzo Bellini the Italian opera composer best known for his work Norma which is still regularly performed today at Covent Garden and by regional opera companies 2001 the bicentennial anniversary of Bellini s death saw several concerts and recordings of his work raising his academic profile This volume aims to meet the research needs of all students of Bellini in particular *The Cambridge History of Nineteenth-Century Music* Jim Samson,2001-12-03 First published in 2002 this comprehensive overview of music in the nineteenth century draws on extensive scholarship in the field **A History of Opera** Burton D. Fisher,2005 A comprehensive history of opera that traces each milestone in opera history from the 16th century Camerata through the next 400 years and featurrd in depth analysis of all important genres the Baroque Classical and Romantic eras Bel Canto Opera Buffa German Romanticism Wagner and music drama Verismo Impressionism Expressionism Serialism and much more Mendelssohn's 'Italian' Symphony John Michael Cooper,2003 Mendelssohn s posthumously published Symphony in A Major has become one of the staples of the nineteenth century symphonic canon and is often considered emblematic of Mendelssohn s stylistic strengths and weaknesses yet the version by which the work has always been known is the first complete version 1833 which was rejected by the composer and rewritten by him the following year This study documents the Symphony s complicated genesis examines the reception history of that version and explores the far reaching changes incorporated in the 1834 reworking The book concludes with chapters about the validity and implications of the traditional Italian epithet and the ways in which the music of the two principal versions can shape our understanding of Mendelssohn his music and his significance as a cultural figure in the musical culture of the nineteenth century **Oxford History of Western Music** Richard Taruskin,2009-07-27 The universally acclaimed and award winning Oxford History of Western Music by one of the most prominent and provocative musicologists of our time Richard Taruskin Now in paperback the set has been reconstructed to be available for the first time as individual books each one taking on a critical time period in the history of western music *Italian Opera* David R. B. Kimbell,1991 David Kimbell traces the history of Italian opera from the Renaissance to the early twentieth century Journal of the American Musicological Society American Musicological Society,1995 Debussy's Ibéria Matthew Brown,2003 For well over a century musicologists have been fascinated by composers manuscripts and by the insights they might reveal about the nature of musical composition This book suggests ways in which Debussy s sketches and drafts may be used to explain how he composed one of his last great symphonic scores

Ib ria from Images for orchestra 1903 10 Part 1 shows how we might understand the process of musical composition as a form of expert problem solving it describes the compositional history of the work the various intentional goals and historical constraints that guided Debussy s thinking and some of the technical problems Debussy faced while composing this remarkable score Part 2 reconstructs the genesis of each of the three movements in turn **Mahler's Fourth Symphony** James L. Zychowicz,2005-03-31 Following the earlier volumes in the Studies in Musical Genesis and Structure series Mahler s Fourth Symphony is a study of origins of one of Mahler s most popular and accessible works James Zychowicz examines how the composition evolved from the earliest ideas to the finished score and in doing so sheds new light on Mahler s working process Music in the Present Tense Emanuele Senici,2019-11-13 In the early 1800s Rossini s operas permeated Italy from the opera house to myriad arrangements heard in public and private But after Rossini stopped composing a sharp decline in popularity drove most of his works out of the repertory In the past half century they have made a spectacular return to operatic stages worldwide but this recent fame has not been accompanied by a comparable critical reevaluation Emanuele Senici s new book provides a fresh look at the motives behind the Rossinian furore and its aftermath by examining the composer s works in the historical context in which they were conceived performed seen heard and discussed Situating the operas firmly within the social practices cultural formations ideological currents and political events of early nineteenth century Italy Senici reveals Rossini s dramaturgy as a radically new and specifically Italian reaction to the epoch making changes witnessed in Europe at the time The first book length study of Rossini s Italian operas to appear in English Music in the Present Tense exposes new ways to explore nineteenth century music and addresses crucial issues in the history of modernity such as trauma repetition and the healing power of theatricality **Opera** Guy A. Marco,2002-05-03 Opera is the only guide to the research writings on all aspects of opera This second edition presents 2 833 titles over 2 000 more than the first edition of books parts of books articles and dissertations with full bibliographic descriptions and critical annotations Users will find the core literature on the operas of 320 individual composers and details of operatic life in 43 countries All relevant works through to November 1999 have been considered covering more than fifteen years of literature since the first edition was published *The Oxford Dictionary of Music* Michael Kennedy,Joyce Kennedy,2013-08-15 Now available in paperback and with over 10 000 entries the Oxford Dictionary of Music previously the Concise Oxford Dictionary of Music offers broad coverage of a wide range of musical categories spanning many eras including composers librettists singers orchestras important ballets and operas and musical instruments and their history The Oxford Dictionary of Music is the most up to date and accessible dictionary of musical terms available and an essential point of reference for music students teachers lecturers professional musicians as well as music enthusiasts
