This book sets the notorious European witch trials in the widest and deepest possible perspective and traces the major historiographical developments of witchcraft *The New England Historical & Genealogical Register and Antiquarian Journal*, 1853 **Critical Theories in Dark Tourism** Nitasha Sharma, Annaclaudia Martini, Dallen J. Timothy, 2024-12-02

This book facilitates a critical investigation of gaps in theorizing and framing dark tourism by navigating through some onto-epistemological issues, theoretical entanglements, future possibilities and the application of critical theoretical perspectives related to affect and emotions, human/animal studies, postcolonialism, feminism, trauma studies, posthumanism, power and identity. In doing so, it advances the need to connect critical theory, pragmatism and contemporary issues of social and global relevance. Given the growing body of critical research within tourism studies, dark tourism has somewhat lagged behind. For example, critical tourism researchers have been examining postcolonialism for two decades but dark tourism research has only sporadically engaged with this topic. Similarly, the issue of gender has been curiously neglected within dark tourism. In addition, dark tourism research has tended to shy away from the big challenges facing contemporary societies. Through its engagement with a range of critical theories, this volume not only addresses gaps in the existing dark tourism literature but also moves the debate forward in exciting new directions. This volume is well placed to demonstrate to other disciplines and fields that dark tourism research can be critical, theoretically grounded and transformative. Duncan Light *Fallen Angels* A. Fix, 2013-11-11

Dutch Reformed pastor Balthasar Bekker 1634-1698 has long been recognized as a key figure in the end of the witchcraft persecutions in early modern Europe. With the publication of his monumental four-volume work *The World Bewitched*, Bekker argued against the temporal activity of the devil and evil spirits as well as against the reality of witchcraft, sorcery and spirit possession. Yet Bekker's ideas drew opposition from Dutch Reformed clergymen who charged that his use of Cartesian philosophy to reject the temporal activity of spirits threatened much of traditional religious faith. This book argues that it was Bekker's exegesis of biblical passages in which spirits and spirit activity were mentioned that was a far greater threat than his Cartesian metaphysics to the literal interpretation of the Bible, which was the intellectual cornerstone of Dutch Reformed confessionalism dominant in the church since the Synod of Dordrecht 1618-1619. With an examination of the ideas of Bekker, his opponents and supporters, this book places the controversy around *The World Bewitched* within the

context of the Cartesian debates of the seventeenth century and the growth of confessionalism within the Dutch Reformed church *The Salem Witch Trials* Lori Lee Wilson,1997-01-01 Discusses the witchcraft trials in Salem in 1692 the events leading up to them and how the trials have been viewed by different historians since then *American Women Writers* Taryn Benbow-Pfalzgraf,2000 *The Magical World of the Inklings* Gareth Knight,2010 Because of the combination of information understanding and insight on which it is founded The Magical World of the Inklings is more than outstanding It is not in the same league with anything else I have come across Owen Barfield The works of J R R Tolkien C S Lewis Charles Williams and Owen Barfield have had a profound impact on the contemporary world Together they were The Inklings a small literary group of friends who set out to explore the mythopoeic or myth making element in imaginative fiction The Magical World of the Inklings reveals how each of these writers created a magical world which initiated the reader into hidden and powerful realms of the creative imagination
