Annapurna Circuit:

Annapurna Circuit Andrew Stevenson, 2014-12-11 Many disenchanted Westerners have gone to the Himalayas in search of renewal but no one has written about the experience as perceptively and personally as Andrew Stevenson in *Annapurna Circuit*. A traveller all his life Stevenson responds to people and places with an openness unique to the cultural nomad. His portraits of the men, women and children of the Annapurnas and the fellow backpackers from all over the world who intermittently shared his journey are a delight. His descriptions of the landscape and the physical hardships of the trek are enthralling. But like every travel book of real quality this is also the result of a spiritual journey. A richly rewarding read on every level. *Annapurna Circuit* is a modern travel classic in the tradition of Peter Matthiessen's *Snow Leopard* and Andrew Harvey's *Journey to Ladakh*. Annapurna Siân Pritchard-Jones, Bob Gibbons, 2017-02-28 This guidebook describes 14 multi-day treks in Nepal's captivating Annapurna region among the foothills of the mighty Himalaya. Routes range between 24km and 200km (15-124 miles) and between 4 and 23 days with maximum altitudes from 1750m to 5416m. Areas covered include Machhapuchhre Pokhara and Lamjung Himal. The varied treks showcase this inspiring landscape offering stunning vistas of snow-clad peaks and verdant valleys. From the classic Annapurna Circuit and Annapurna Sanctuary to lesser-known routes, this is the definitive guide to exploring Nepal's most popular trekking region. With accommodation options including a mixture of homestay, camping and lodges, trekkers have the opportunity to immerse themselves in their surroundings and experience the warmth and richness of Nepalese hospitality and culture. As well as detailed route description and sketch mapping, the guide presents a wealth of information to help make the most of a trip, including practical advice on transport, visas and permits, when to go, what to take and health and safety. There are notes on different styles of trekking, tips on cultural etiquette and fascinating background information on the region's history, plants and wildlife, culture and religion.

A Nepalese Journey Andrew Stevenson, 2002 **Annapurna** Kev Reynolds, 1993 Seen from the lakeside town of Pokhara in central Nepal, a tremendous wall of snow and ice-capped mountains dominates the northern horizon. The Annapurna Himal, with no less than twelve summits topping 7000 metres (23,000ft) soaring above a foreground of intricately terraced foothills, is one of the most beautiful and ethnically diverse landscapes on earth. Around this island block goes the route of the classic Annapurna Circuit, one of the great walks of the world. Into the heart of these mountains, another trekker's trail leads to the Annapurna Sanctuary. *How to Trek Manaslu Mountains in Nepal* HowExpert, Rebecca Friedberg, 2018-05-16 Have you ever imagined walking from village to village in the majestic and breath-taking mountains of Nepal?
