Annelies Strba Shades Of Time:

Annelies Štrba Annelies Štrba, Bernhard Schobinger, Douglas Hyde Gallery, 1999 *Annelies Strba* Douglas Hyde Gallery (Dublin), 1998 GER/ENG-ANNELIES STRBA SHADES Annelies Štrba, 1997 This publication of 290 photographs by European photographer Annelies Strba confronts the intimacy of her private life through places of catastrophe Kobe Hiroshima Chernobyl as well as through the melancholy mysterious landscapes and impressionistic pictures of pure beauty Ilma Rakusa's essay finds poetic expression for Strba's exceptional work *Provocation and Negotiation*. Gesche Ipsen, Timothy Mathews, Dragana Obradovic, 2013 This collection of essays takes on two of the most pressing questions that face the discipline of Comparative Literature today Why compare and Where do we go from here At a difficult economic time when universities all over the world once again have to justify the social as well as academic value of their work it is crucial that we consider the function of comparison itself in reaching across disciplinary and cultural boundaries The essays written for this book are by researchers from all over the world and range in topic from the problem of translating biblical Hebrew to modern atheism from Freud to Marlene van Niekerk from the formation of one person's identity to experiences of globalisation and the relation of history to fiction Together they display the ground breaking ideas which lie at the heart of an act as deceptively simple as comparing one piece of writing to another Lost Garden Annelies Strba, 2000-09 Annelies Strba has won international acclaim for her book *Shades of Time* as well as for her solo exhibitions in the United States Europe Her photographs of her family with their extraordinary mixture of intimacy detachment recall the work of Nan Goldin in their frank portrayal of daily life The video stills photographs in her latest publication *Lost Garden* embody a longing for paradise through deeply moving images of entrancing beauty **Noonday** Annelies Štrba, 2015 The photo book *Noonday* can be regarded as a sequel to Annelies Strba's *Shades of Time* published almost twenty years ago by Lars Muller Publishers The photographs show intimate moments in the life of the artist's family everyday situations and seemingly insignificant moments captured on film They confront the viewer with the human urge to remember and inability to forget as they evoke in his mind's eye similar images and memories from his own past While *Shades of Time* focused on Strba's own children *Noonday* shows photographs of her grandchildren The images display the children sleeping in the forest or other places and thus preserve graceful moments of life With a subjective and yet documentary gaze Strba halts the passing of time oscillating between closeness and distance relishing the moment recorded while cognisant of its ineluctable transience **AUTHOR** Annelies Strba born 1947 in Zug in one of the most renowned Swiss photographers Her work is discussed and shown worldwide 300 illustrations **Context and Narrative in Photography** Maria Short, Sri-Kartini Leet, Elisavet Kalpaxi, 2020-08-15 However beautiful or technically dazzling your photographs might be if they don't tell a story convey an idea or make your viewer stop and think they are unlikely to make a lasting impression *Context and Narrative in Photography* introduces practical methods to help you plan develop and present meaningful communicative images With dozens of

examples from some of the world's most thought provoking photographers this is a beautiful introduction to a fascinating aspect of photography Beginning with an exploration of different narrative techniques you'll be guided through selecting and developing a compelling concept for your project and how it might be conveyed either through a single image or a series of photographs You'll also learn ways to incorporate signs symbols and text into your work and how to present the finished piece to best reach your audience New to this edition are extended projects additional exercises and discussion questions expanded case studies around 25% of the images and an expanded Chapter 6 on integrating text into photographic projects

Home Trevor Smith, Gary Dufour, Thomas Mulcaire, 2000 Realising that dialogue can only emerge out of shared interests and concerns home expands upon the uncertainties of belonging precisely at a time when these concepts are being reformulated by the persistent pressures of ethnicity race nationalism and globalism The exhibition develops from the social artistic and historical particularities of South Africa and Western Australia It attempts to destroy the disjunctions of distance and open up a trans regional conversation between artists Particular artists works and practices are woven into dialogues conversations and exchanges sustained beyond notions of territories and borders *Masquerade* Kate Newton, Christine Rolph, 2003 **Art and Photography** David Company, 2003-08-12 This volume provides an authoritative overview of photography's place in recent art history contextualised by artists statements and interviews and texts by leading critics writers and theorists of the late 20th century 250 photos **Passagen**, 2004 Liverpool and Manchester Photographic Journal, 1999 **Art Now Gallery Guide**, 1999-05 **Art in America** Frank Jewett Mather, Frederic Fairchild Sherman, 1999 **The British Journal of Photography**, 1999 **The State of the Real** Damian Sutton, Susan Brind, Ray McKenzie, 2007-01-24 New media virtual reality artificial intelligence biotechnology cybernetics are the latest technologies push back the very limits of reality The nature of the real in the digital age is ever more hotly debated and the place of these debates in visual culture can hardly be overstated Innovative and provocative this book brings together the latest research on the state of the real by practitioners and commentators across the disciplines of photography film media studies critical theory and fine art Engaging with the work of critics and thinkers as varied as Linda Nochlin Lev Manovich and Donna Harroway Lyotard Baudrillard and Barthes The State of the Real looks first at the different ways in which realism and reality have been understood in recent art history with a particular focus on debates about the real within photography Emphasising the role of art in shaping as well as reflecting notions of the real the book features contributions from a number of contemporary artists and showcases a new photoessay by artist Andrew Lee The collection looks finally towards advanced technologies and the virtual world in a section which concludes with a specially commissioned contribution by acclaimed thinker Slavoj Žižek This is an indispensable volume for students of the digital age across the fields of art and photography film media studies and critical and visual theory **International Books in Print**, 1986 *Sichtbare Religion* Natalie Fritz, Anna-Katharina Höpflinger, Stefanie Knauß, Marie-Therese Mäder, Daria Pezzoli-Olgati, 2018-08-21 Dieses Buch bietet

eine Einführung in die Religionswissenschaft aus kommunikationstheoretischer Perspektive mit besonderer Berücksichtigung visueller Medien und ihrer Rolle in der Gestaltung und Tradierung von religiösen Symbolsystemen.
