New Insights into the Prevention and Treatment of Bulimia Nervosa Phillipa Hay, 2011-10-05 Bulimia nervosa and eating disorders are common cause of distress and health related burden for young women and men Despite major advances over the past three decades many patients come late to treatment and find that the therapy is incompletely addressed to the complex psychopathology and co morbidities of the illness The present book brings timely and contemporary understandings of bulimia nervosa to aid in current thinking regarding prevention and treatment It will be read by therapists interested in enhancing their current approaches and those interested in earlier and more effective prevention and closing the gap between illness onset and accessing treatment They will find practical guidance but also new ideas and ways of thinking about bulimia nervosa and the illness experience in this book

Improving the Effectiveness of the Helping Professions Morley D. Glick, 2004-08-28 The current practice of counseling psychotherapy and most helping professions often relies on clinical wisdom with little evidence of what actually works Clinical wisdom is often a justification for beliefs and values that bond people together as professionals but often fails to serve clients since many of those beliefs and values may be comforting but they may also be inherently incorrect Improving the Effectiveness of the Helping Professions An Evidence Based Approach to Practice covers the use of research and critical thinking to assist helping professionals make the most effective choices in treating clients with social and emotional problems The use of evidence based practice EBP comes at a time when managed care and concerns over health care costs coincide with growing concerns that psychotherapy case management and counseling may not be sufficiently effective ways of helping people in social and emotional difficulty Improving the Effectiveness of the Helping Professions provides an easy to read inclusive approach covering EBP with posttraumatic stress disorder PTSD and terrorism bereavement substance abuse mental illness and problems experienced by older adults among others This text critically reviews the literature on self help groups religious involvement and spirituality It also includes sources to find best evidence a simple overview of research concepts a chapter on critical thinking and numerous relevant case studies showing the application of EBP Improving the Effectiveness of the Helping Professions is ideally suited for undergraduate and graduate students in social work psychology counseling criminal justice psychiatric nursing and psychiatry This book should also prove beneficial to all practitioners and specialists in the helping professions

The Human Biome and Human Behaviour Jorge A. Colombo, 2024-08-26 The book represents a critical update on interactions between the host and its gut microbiome that conditions the socio biology of the mind and behaviour Evidence has been scientifically approached and reveals that our conscious behaviour involves a complex interplay of multiple non conscious domains including complex host gut microbiome relationships The book describes trends and issues on which there is increasing evidence of the impact of host gut microbiome interactions on behaviour and cultural

Not Trauma Alone Steven Gold,2013-08-21 How is an individual to lead a comfortable productive existence when he or she was never taught the skills necessary for effective living Adult survivors of

child abuse often face this dilemma Instead of being nurtured as children and taught life skills by their caregivers child abuse survivors were subjected to a daily regimen of coercive control contempt rejection and emotional unresponsiveness It is not surprising therefore that many survivors encounter difficulty adjusting from this type of damaging childhood atmosphere to one in which they have autonomy This book addresses the particular problems associated with treating adult survivors of child abuse Until now psychotherapy for child abuse survivors often centered on the trauma of their abuse experiences However survivors frequently reveal a history suggesting it was not abuse trauma alone that created their difficulties but growing up essentially alone without the consistent emotional support and guidance needed for development of effective functioning This book presents an alternative to trauma focused treatment that though effective for treatment of other forms of trauma can induce deteriorated rather than improved functioning in survivors of prolonged childhood maltreatment The contextual therapy presented in Not Trauma Alone delineates a psychotherapeutic approach that emphasizes helping survivors develop the capacities for effective functioning that were never transmitted to them during their formative years Detailed descriptions of the methods and interventions comprising contextual therapy are included in this critical book for all mental health professionals clinicians academics and students in the field
