Levi, 2007-11-17 Kiruba Jeyaseeli Benjamin Levi highlights why the Indian telecom market is so attractive to foreign investors She describes the rules and regulations for telecoms in India and examines the reasons for success and failure of the foreign telecom companies in India She identifies the prime sectors of the Indian telecom market for investment and provides recommendations to foreign companies intending to enter the Indian telecom market

Experiencing the Gospel Thomas W. Seckler, 2020-05-18 In recent years increasing numbers of people from Muslim backgrounds have become followers of Jesus Some of these conversions have occurred in Cambodia This book explores the experiences and reflections of forty Cambodians from a Muslim background who have chosen to believe in and follow Jesus It is based on doctoral research utilizing in depth interviews which sought to answer the following questions 1 What role did contextualizing the Christian message play in making it more understandable and compelling 2 What core themes or factors did those interviewed report as central in their own conversions 3 How was the gospel message itself experienced as personally meaningful This book probes the answers to those questions revealing the manner in which forty Cambodians experienced God and the gospel message The stories and reflections found here not only provide a glimpse into their lives but also give insight into the way in which Muslim background individuals come to believe in and embrace Jesus

School Social Work

Michael S. Kelly, 2010-02-08 School Social Work An Evidence Informed Framework for Practice offers school social work students and veteran practitioners a new framework for choosing their interventions based on the best available evidence It is the first work that synthesizes the evidence based practice EBP process with recent conceptual frameworks of school social work clinical practice offered by leading scholars and policymakers Many other books on EBP try to fit empirically validated treatments into practice contexts without considering the multiple barriers to implementing evidence based practices in places as complicated and multi faceted as schools Additionally there are vital questions in the literature about what the best levels for intervention are in school social work Responding to the complexity of applying EBP in schools this volume offers a conceptual framework that addresses the real world concerns of practitioners as they work to provide the best services to their school clients For each domain of school social work practice the authors critically review interventions presenting the current research with guidelines for addressing such implementation issues as cost school culture adaptations for special populations and negotiating multiple arenas of practice In addition the chapters are grounded in the process of evidence based practice illustrating how school practitioners can pose useful questions search for relevant evidence appraise the evidence apply it in keeping with client values and monitor the results Written by four school social work scholars with over four decades of theoretical research and practice experience this volume will be relevant to both research faculty studying school social work interventions and students learning about school social work practice

Autism Regina

Varin-Mignano Lcsw-R,2008-01-12 Much of the recent research in autism comes from a scientific viewpoint The mission of this book however is to look at the whole picture in order to capture the meaning of Autism and its effects on the family In order to capture the impact of autism one needs to look at the different aspects that make up the culture of autism its history the biological and environmental aspects past and present governmental and educational policies the social impact of autism and its impact on the family unit The book is written primarily for social work professionals in the field of autism and developmental disabilities Students individuals affected with Autism Spectrum Disorders and their families alike and anyone who has a special interest in autism spectrum disorders

Improving Writing and Thinking Through Assessment

Teresa L. Flateby,2010-06-01 Improving Writing and Thinking through Assessment is designed to help individual faculty and administrators select assessment approaches and measures to maximize their students writing and thinking The book offers useful guidance through presentation of recommended assessment guidelines and measurement principles in Part 1 and applications from a variety of contributors in Part 2 It addresses a wide range of audiences including instructors who want to assess and thus foster writing and thinking in their courses administrators and instructors planning to assess writing and thinking at the program or institutional level and graduate students interested in improving students writing and critical thinking This book is more guide than a cookbook By providing comprehensive standards and criteria that help individuals or teams develop plans and measures to improve writing and thinking the book should be helpful for academic and Student Affairs administrators and faculty as the principles apply equally to all engaged in assessment Contributors representing a wide range of educators illustrate many of the approaches and methods described in the theoretical section of the book using a variety of assessment strategies at both classroom and program levels Readers will see how different types of institutions both private and public as well as undergraduate and graduate have designed assessment strategies and plans to gauge and enhance writing and thinking growth in the classroom and across programs They candidly describe challenges encountered and solutions they adopted or suggest These chapters reflect approaches and perspectives from various discourse communities including writing program administrators composition faculty assessment professionals and individual faculty representing several disciplines The author argues the urgent need to develop strong writers and thinkers She discusses challenges and obstacles but underscores the necessity for more faculty involvement and institutional commitment This book will help institutions and individual faculty design and implement sound meaningful assessment strategies to foster effective writing and thinking that will both advance the goals of the institutional mission and meet faculty s disciplinary objectives and scholarly concerns

Blackness and Disability Christopher M. Bell,2012-02-01 Disability Studies diverge from the medical model of disability which argues that disabled subjects can and should be fixed to view disability as socially constructed much in the same way other identities are The work of reading black and disabled bodies is not only recovery work but work that requires a willingness to deconstruct the systems that would keep those bodies in separate spheres This

pivotal volume uncovers the misrepresentations of black disabled bodies and demonstrates how those bodies transform systems and culture Drawing on key themes in Disability Studies and African American Studies these collected essays complement one another in interesting and dynamic ways to forge connections across genres and chronotopes an invitation to keep blackness and disability in conversation With an analysis of disability as a result of war studies of cognitive impairment and slavery in fiction representations of slavery and violence in photography deconstructions of illness cancer and AIDS narratives comparative analyses of black and Latina o and black and African subjects analysis of treatments of disability in hip hop and commentary on disability blackness and war this volume shows that the historical lines of demarcation in this field are permeable and should be challenged

Planning for Life Liam Concannon,2005 Based on original research and interviews with service users carers and service providers this book traces the development of services for people with disabilities and discusses how much things have really changed for today s service users since the days of asylums

Social Work Research and Evaluation Richard M. Grinnell,Yvonne A. Unrau,2008 Refined with input from students and instructors who used the previous seven editions the authors have updated rearranged and added to the latest edition of this popular textbook It contains six new chapters four on evidence based practice emphasizing how important it is for students to master that concept and it lays the foundation for their understanding of it by providing a comprehensive explanation of both qualitative and quantitative research methods This edition is more current useful and aesthetically pleasing than ever before and is sure to hold its place as one of the premier textbooks for research methods courses appreciated by students and professors alike for its user friendliness and renowned for the way it helps social work programs produce professional capable social workers

Research Methodology: A Guide for Researchers In Agricultural Science, Social Science and Other Related Fields Pradip Kumar Sahu,2013-04-04 This book is the outcome of more than 20 years of experience of the author in teaching and research field The wider scope and coverage of the book will help not only the students researchers professionals in the field of agriculture and allied disciplines but also the researchers and practitioners in other fields Written in simple and lucid language the book would appeal to all those who are meant to be benefitted out of it All efforts have been made to present RESEARCH its meaning intention and usefulness The book reflects current methodological techniques used in interdisciplinary research as illustrated with many relevant worked out examples Designing of research programme selection of variables collection of data and their analysis to interpret the data are discussed extensively Statistical tools are complemented with real life examples making the otherwise complicated subject like statistics seem simpler Attempts have been made to demonstrate how a user can solve the problems using simple computer oriented programme Emphasis is placed not only on solving the problems in various fields but also on drawing inferences from the problems The importance of instruments and computers in research processes and statistical analyses along with their misuse incorrect use is also discussed to make the user aware about the correct use of specific technique In

all the chapters theories are combined with examples and steps are enumerated to follow the correct use of the available packages like MSEXCELL SPSS SPAR1 SAS etc Utmost care has been taken to present varied range of research problems along with their solutions in agriculture and allied fields which would be of immense use to readers
