Rossi Don Harrán,1999 Salamone Rossi c 1570 c 1628 occupies a unique place in Renaissance music culture he was the
earliest outstanding Jewish composer to work in the European art music tradition In the field of instrumental music he
established the trio sonata as a standard combination of voices for 17th century chamber music and developed the sonata
into a vehicle of virtuoso display In his vocal works he wrote music to texts of some of the most fashionable poets of his day
including Battista Guarini Gabriello Chiabrera and Ottavio Rinuccini The mannerist poet Giovan Battista Marino particularly
captured his attention with 33 settings of Marino s verses among them the remarkable Canzone de baci in eight strophes
Rossi stands in the vanguard of contemporary literary developments Rossi composed a book of duets and trios Madrigaletti
that paved the way for similar chamber works by Agostino Steffani and others from the late 17th and early 18th centuries
Last but not least Rossi carved out his own niche in the history of sacred music by composing the first and only collection of
polyphonic settings of Hebrew texts his Songs of Solomon before the mid nineteenth century As a Jewish composer working
for the Gonzaga dukes in Mantua yet remaining faithful to his own religious community Rossi has a biography fraught with
difficult and often exciting questions of a socio cultural order How Rossi solved or appears to have solved the problem of
conflicting interests is a subject worthy of inquiry not only because we want to know more about Rossi but also because Rossi
