previous editions the traditional doctrines are analyzed in the context of current issues and the book's progressive approach intersperses discussion of the core ideas with clear examples. This fourth edition has been extensively rewritten and includes new chapters on understanding the trust, certainty in the creation of express trusts, the rights of beneficiaries and the beneficiary principle, formalities in the creation of express trusts, constructive trusts, breach of trust, miscellaneous equitable remedies. Individual essays on the nature of express trusts, the law on fiduciaries, family law, human rights law, and equity draw together the main principles while examining related questions of restitution and social justice. This book is essential reading for all those seeking a modern approach to this crucial area of law. Western Aviation, Missiles, and Space, 1941

The Darién Gap Belén Fernández, 2025-08-12 The narrow Darién Gap, the only land bridge connecting South and Central America, encompasses a spectacularly hostile jungle covered in steep mountains, dense rainforests, and flood-prone marshes. Known in Spanish as *el infierno verde* or the green hell, it is one of the most inhospitable places in the world. Its terrain is too treacherous for roads; yet hundreds of thousands of refugees contend with its horrors every year in the hopes of reaching the United States, still some three thousand miles away. And of the countless who set out for the border, an untold number never arrive. In this book, journalist Belén Fernández visits the Darién Gap to report on the dehumanizing and deadly stretch of land that has become a mass graveyard for migrants. Fernández's travels bring her into contact with refugees, people smugglers, law enforcement officials, and many more whose stories bring life to a place overwhelmingly associated with death. Combining history on the ground, reporting, travelogue, memoir, and searing politico-economic analysis, she shines light on a largely made-in-the-USA crisis that has come to define our modern era. Engrossing and heartrending, *The Darién Gap* is a poignant and compassionate indictment of structural inequality and institutionalized inhumanity in a world where the have-nots must risk death for a chance at a better life or any life at all. *ORR v. HODGSON, et ux., et al.*, 17 U.S. 453 (1819), 1819 File No. 924 Islamic Legends, Volume 1 Knappert, 2023-09-20 Collection of texts in English translation illuminating the religions of the world for students

The Fallacious Confession P.S. Garbol, 2009-08-17 Doesn't radical Islamic terrorism deserve a worthy Christian opponent? What will a Russian call girl demand from the director of the Topkapı Museum as compensation for a night of ultimate pleasure? Is her lucrative fee the control of a sacrilegious ancient document or something infinitely more sinister? Can two retired WW II veterans retain their cool and spoil her devilish plans, or will they succumb to her treacherous charms and become the latest innocent tourist casualties of the war on terror? If an interest in similar questions exists or if a trip to Istanbul is contemplated in the near future, this book serves well both as a travel guide and as a warning of what might happen to a tourist in the City of the World's Desires. P.S. Garbol **Spokesperson Milton** Charles W.
