- 1) Establish an authentic relationship with your student.
- 2) Get the student to evaluate present behavior and decide how well it is working for them in meeting their needs and values.
- 3) Students must lay out positive plans of action with easily achievable steps.
- 4) Students must commit by documenting and signing their plan.
- 5) If it doesn't work, revise the plan, rather than make excuses. Never give up!
- 6) Students must see, feel, and hear the consequences of their actions.
- 7) Reward successes.
