Approaches to Ancient Judaism Jacob Neusner, 1990 **A Marginal Jew: Rethinking the Historical Jesus, Volume IV** John P. Meier, 2009-06-02 John Meier's previous volumes in the acclaimed series *A Marginal Jew* are founded upon the notion that while solid historical information about Jesus is quite limited people of different faiths can nevertheless arrive at a consensus on fundamental historical facts of his life In this eagerly anticipated fourth volume in the series Meier approaches a fresh topic the teachings of the historical Jesus concerning Mosaic Law and morality with the same rigor thoroughness accuracy and insightfulness on display in his earlier works *A History of the Mishnaic Law of Purities, Volume 14: Miqvaot. Literary and historical problems* Jacob Neusner, 2023-09-20 The history of Jews from the period of the Second Temple to the rise of Islam **Rewriting Ancient Jewish History** Amram Tropper, 2016-04-20 Half a century ago the primary contours of the history of the Jews in Roman times were not subject to much debate This standard account collapsed however when a handful of insights undermined the traditional historical method the method long enlisted by historians for eliciting facts from sources In response to these insights a new historical method gradually emerged *Rewriting Ancient Jewish History* critiques the traditional historical method and makes a case for the new one illustrating how to write anew ancient Jewish history At the heart of the traditional historical method lie three fundamental presumptions The traditional historical method regularly presumes that multiple versions of a text or tradition are equally authentic it presumes that many ancient Jewish sources are the products of largely immanent forces of cloistered Jewish communities and barring any local grounds for suspicion it presumes that most ancient Jewish texts faithfully reflect their sources and reliably recount events *Rewriting Ancient Jewish History* unfurls the failings of this approach it promotes the new historical method which circumvents the flawed traditional presumptions while plotting anew the limits of rational argumentation in historical inquiry This crucial reappraisal is a must read for students of Jewish and Roman history alike and a fascinating case study in how historians should approach their ancient sources *The Three Questions of Formative Judaism* Jacob Neusner, 2002-01-01 Bringing nearly fifty years of research to bear on these fundamental questions Jacob Neusner challenges his readers to face the difficult often unasked or neglected questions about the nature background and purposes of Rabbinic Judaism and rewards them with an enriched understanding and a stronger foundation for tackling the even more elusive questions concerning the theology of formative Judaism **BOOK JACKET** *Journal of Greco-Roman Christianity and Judaism, Volume 14* Stanley E. Porter, Matthew Brook O'Donnell, Wendy Porter, Hughson T. Ong, 2019-06-25 Volume 14 2018 This is the fourteenth volume of the hard copy edition of a journal that has been published online www.jgrchj.net since 2000 As they appear the hard copy editions replace the online materials The scope of JGRChJ is the texts language and cultures of the Greco Roman world of early Christianity and Judaism The papers published in JGRChJ are designed to pay special attention to the larger picture of politics culture religion and language engaging as well with modern theoretical approaches

Settlement and History in Hellenistic, Roman, and Byzantine Galilee Uzi Leibner, 2009 ENG Uzi Leibner deals with the history and nature of rural settlement in the Galilee during the Hellenistic Roman and Byzantine periods. He bases his research on a systematic archaeological survey and study of literary sources. In addition, he describes the geographical physical background against which rabbinic Judaism and ancient [A Bride Without a Blessing](#) David Brodsky, 2006 David Brodsky uses form and source criticism to date Massekhet Kallah and the first two chapters of Kallah Rabbati which form a commentary on Massekhet Kallah to the mid amoraic period circa late third and early fifth centuries CE respectively and to locate their redaction in Babylonia. This makes these two sources the only known rabbinic texts whose final redaction took place in Babylonia during the amoraic period and establishes them as the closest extant relatives of the Babylonian Talmud. Parallels between these two sources and the Babylonian Talmud elucidate the nature of oral transmission and of the redactional processes of Babylonian rabbinic material during this critical period and thereby of the Babylonian Talmud itself. In addition, the author deciphers Massekhet Kallah's peculiar asceticism, a concern with men's inappropriate use of or interactions with their wives, charity vows, and even with the group's own transmitted traditions. Massekhet Kallah fears the physical and at times cosmic effects of such inappropriate behavior. Brodsky finds that these items were all deemed consecrated, removed from the realm of normal interaction. To have mundane interaction with them was a powerful and dangerous act. Brodsky explores the fascinating gender and theological implications of this unique asceticism. [The Jewish Law Annual](#) Bernard S. Jackson, 2023-08-28 Volume 15 of The Jewish Law Annual adds to the growing list of articles on Jewish law that have been published in volumes 1-14 of this series, providing English-speaking readers with scholarly material meeting the highest academic standards. The volume contains six articles, diverse in their scope and focus, encompassing legal, historical, textual, comparative, and conceptual analysis, as well as a survey of recent literature and a chronicle of cases of interest. Among the topics covered are lying in rabbinical court proceedings, unjust enrichment, can a witness serve as judge in the same case? Caro's Shulham Arukh, volume Maimonides' Mishne Torah in the Yemenite community, the New Jersey eruvs, and wards.

Deviancy in Early Rabbinic Literature Simcha Fishbane, 2007 This study of early Rabbinic texts provides fresh and fascinating insights into the attitudes of the Rabbis towards outsiders.

Bridging the Gap Gerald A. Klingbeil, 2007 This volume is intended to introduce university and seminary students and scholars to the neglected field of ritual studies, particularly within the larger context of biblical and theological studies. At the same time, the author hopes to further the discussion by interacting with numerous scholars in the field, providing an extensive bibliography of relevant works. Klingbeil defines the basic terms used in ritual studies and explains the concepts involved in interpreting biblical ritual. He offers a broad history of the study of biblical ritual, beginning with the critiques of ritual found in the Old Testament prophetic books and surveying attitudes toward ritual down to modern times. Drawing on the fields of anthropology and sociology, as well as his decade of work in the field, Klingbeil presents a comprehensive reading strategy for biblical ritual texts. In addition, he

explores connections between ritual studies and theological research This ground breaking study promises to generate discussion about biblical ritual and provides an excellent introduction to this growing field of study for students and scholars

The Creation of Man and Woman Gerard P. Luttikhuisen, 2000-06-01 This volume deals with the three stories about the creation of man and woman in the Hebrew Bible Genesis 1 26 27 2 7 and 2 18 25 and with diverse interpretations of these narratives in Judaism and Christianity particularly in ancient Jewish and Christian texts Old Testament Apocrypha and Pseudepigrapha Philo the apostle Paul Patristic Rabbinic and Gnostic texts Other chapters are devoted to John Milton's recreation of Eve and Adam to a psycho analytical reconsideration of the biblical creation stories and to divine creation as a model for human creation in theatre and other art forms

Sainthood Richard Kieckhefer, George D. Bond, 1990-08-09 Every major religion exalts certain individuals who occupy a dual role On the one hand they serve as exemplars of virtue to be imitated and on the other hand they stand removed from other mortals privileged and unique Christianity knows them as saints and in the study of religion the term has been taken over and applied to similar figures in other traditions The essays in this volume analyze the role of the saint in Judaism Christianity Islam Hinduism Buddhism and Confucianism providing both a comparative and an interpretive view of sainthood The notion of sainthood is problematic in two ways First can the category be usefully applied to individuals in religious traditions other than Christianity How has it manifested itself and what differences are there in the various manifestations of sainthood Second where individuals are considered to have risen above the norms in these different traditions how is it possible to resolve the tension between the saint's imitability and his or her otherness between imitating and venerating the saint The authors consider these questions in relation to a wide range of individuals in all the major traditions

Marriage and Metaphor Gail Susan Labovitz, 2009-01-01 In *Marriage and Metaphor* Gail Labovitz explores gender relations in marriage within rabbinic culture Labovitz shows how rabbis use the concepts of property and ownership to discuss the roles of a husband and wife thereby modeling marriage after a business transaction one in which the wife is seen as an acquisition owned by and subject to the husband This ownership metaphor is clearly present in all strata of rabbinic literature and this book explores how it continues to guide rabbinic thinking serve as a tool for legal reasoning and produce new linguistic applications With a close and careful reading of rabbinic texts Labovitz applies metaphor theory and feminist linguistics to demonstrate the ways in which rabbis regularly use information from the realm of property and commercial transactions to structure their understanding of marriage and gender relations Labovitz examines the qualities deemed masculine and feminine seeking out the methods used by members of rabbinic culture to promote contest legislate and exemplify the ideas and ideals associated with proper normative gender roles What comes of this is a striking work of feminist scholarship that should be read by those interested in gender studies and Jewish culture and history Book jacket
