Approaches to the Oriental Classics William Theodore De Bary, 1959 This work discusses the Oriental classics and compares them with Western classical thought *Finding Wisdom in East Asian Classics* Wm. Theodore De Bary, William Theodore De Bary, 2011 *Finding Wisdom in East Asian Classics* is an essential all access guide to the core texts of East Asian civilization and culture Essays address frequently read foundational texts in Chinese Japanese Korean and Vietnamese as well as early modern fictional classics and nonfiction works of the seventeenth century Building strong links between these writings and the critical traditions of Confucianism Buddhism and Daoism this volume shows the vital role of the classics in the shaping of Asian history and in the development of the humanities at large Wm Theodore de Bary focuses on texts that have survived for centuries if not millennia through avid questioning and contestation Recognized as perennial reflections on life and society these works represent diverse historical periods and cultures and include the Analects of Confucius Mencius Laozi Xunxi the Lotus Sutra Tang poetry the Pillow Book The Tale of Genji and the writings of Chikamatsu and Kaibara Ekken Contributors explain the core and most commonly understood aspects of these works and how they operate within their traditions They trace their reach and reinvention throughout history and their ongoing relevance in modern life With fresh interpretations of familiar readings these essays inspire renewed appreciation and examination In the case of some classics open to multiple interpretations de Bary chooses two complementary essays from different contributors Expanding on debates concerning the challenges of teaching classics in the twenty first century several pieces speak to the value of Asia in the core curriculum Indispensable for early scholarship on Asia and the evolution of global civilization *Finding Wisdom in East Asian Classics* helps one master the major texts of human thought The Chinese Classic Novels (Routledge Revivals) Margaret Berry, 2010-10-18 First published in 1988 this reissue is an important work in the field of national literary exchange Declared by American Library Association in its Choice publication one of the ten best reference works of 1988 the volume has survived global change politically socially economically religiously aesthetically to promote cultural dialogue between China and the West Besides the scores of annotated sources the introductory essays remain as authentic and moving as the day of their appearance Equally to be observed is accelerating demand especially in academic institutions for global cultural

exchange through national literatures How can we of the English speaking world for example adequately understand and converse with our Chinese counterparts without some appreciation of their culture notably of Confucian and Taoist roles in their history as reflected in their literature Overall a pioneering work whose reissue will be welcomed by both scholars and general readers alike Po Ch i Juyi Bai,2000 The T ang dynasty was the great age of Chinese poetry and Po Ch i 772 846 was one of that era s most prolific major poets His appealing style marked by deliberate simplicity won him wide popularity among the Chinese public at large and made him a favorite with readers in Korea and Japan as well From Po Ch i s well preserved corpus personally compiled and arranged by the poet himself in an edition of seventy five chapters the esteemed translator Burton Watson has chosen 128 poems and one short prose piece that exemplify the earthy grace and deceptive simplicity of this master poet For Po Ch i writing poetry was a way to expose the ills of society and an autobiographical medium to record daily activities as well as a source of deep personal delight and satisfaction constituting along with wine and song one of the chief joys of existence Whether exposing the gluttony of arrogant palace attendants during a famine describing the delights of drunkenly chanting new poems under the autumn moon depicting the peaceful equanimity that comes with old age or marveling at cool Zen repose during a heat wave these masterfully translated poems shine with a precisely crafted artlessness that conveys the subtle delights of Chinese poetry The Columbia Anthology of Modern Chinese Literature Joseph S. M. Lau,2007 An anthology of Chinese fiction poetry and essays written during the twentieth and twenty first centuries **International Education: Past, Present, Problems and Prospects** United States. Congress. House. Committee on Education and Labor. [The Columbia Anthology of Modern Japanese Literature](#) J. Thomas Rimer, 2007-04-24 In Volume 2 of Columbia's comprehensive anthology of modern Japanese literature thoughtfully selected and carefully translated readings portray the vast changes that have transformed Japanese culture since the end of the Pacific War Beginning with the Allied Occupation in 1945 and concluding with the early twenty first century these stories poems plays and essays reflect Japan's heady transition from poverty to prosperity its struggle with

conflicting ideologies and political beliefs and the growing influence of popular culture on the country's artistic and intellectual traditions. Organized chronologically and by genre within each period, readings include fiction by Hayashi Fumiko and Oe Kenzaburo, poems by Ayukawa Nobuo, Katsura Nobuko, and Saito Fumi, plays by Mishima Yukio and Shimizu Kunio, and a number of essays among them Eto Jun on Natsume Soseki and his brilliant novel *Kokoro* *The Heart of Things* and Kawabata Yasunari on the shape of his literary career and the enduring influence of classical Japanese literature. Some authors train a keen eye on the contemporary world while others address the historical past and its relationship to modern culture. Some adopt an even broader scope and turn to European models for inspiration while others look inward, exploring psychological and sexual terrain in new, often daring ways. Spanning almost six decades, this anthology provides a thorough introduction to a profound period of creative activity.
