David O.,2004-02 The Twelve Step Program was introduced in the mid nineteen thirties as a method for people plagued by the need to drink to overcome their addiction to alcohol The program was introduced through the organization known as Alcoholics Anonymous commonly referred to as AA Since then the Twelve Step Program has been adopted by many other organizations seeking to help relieve various addictions The use of the Twelve Step Program has grown to the extent that Twelve Step Program is almost a household phrase and most individuals are at least aware of the purpose behind it The Aquarian Alcoholic is about the Twelve Step Program but it is not directed at the average individual suffering from an addiction Instead it is directed at the individual in harmony with 21st century thinking the individual who desires to leave older philosophies behind and who s thinking is beyond the scope of the average person The Aquarian Alcoholic takes us on a journey through the recovering alcoholic s twelve step program from the perspective of 21st century acquired knowledge The twelve steps are discussed at a higher level of understanding than popularized by the early 1900 s organization of Alcoholics Anonymous This book was written from the perspective of alcoholism the addiction to alcohol However the same principles presented within apply to many other addictions This book was written by an alcoholic in recovery whose only desire is to help relieve some of the struggles faced by new members starting out on the Twelve Step Program who find it difficult or impossible to retain or to accept dogmatic beliefs in conjunction with their recovery *Symposium on Satanism (JCR Vol. 1 No. 2)* R. J. Rushdoony,Gary North,David Ketchen,Thomas Molnar,Mark Wyndham,Diana Lynn Walzel,F. Seth Dyrness,Jean C. Blasdale,Greg Bahnsen,2019-03-22 Witchcraft occultism paranormal science and mysticism are growing like plagues in the Western world These phenomena have baffled modern educators and conventional rationalists since such activities seem to be completely opposed to everything that the public schools have taught for over a hundred years Worst of all in the minds of conventional secularists all this discussion of demonic forces may lead to an even more appalling conclusion the idea that God also a supernatural force may reappear in the modern post Christian world At all costs a God who can make himself felt in time and on earth must be avoided Mysticism is one thing totally internalized but supernatural forces are not supposed to have any impact on external so called phenomenal affairs Occultism is another form of humanism It is the product of the quest for power apart from God and His law order It was not a major force in the so called Dark Ages Not until the fifteenth century did witchcraft become a serious problem in Europe and it was the Renaissance not medievalism which sparked the great explosion of demonism and magic in the sixteenth century During the period of the early Middle Ages A D 500 1000 there were practically no signs of witchcraft in Europe Only with the revival of ancient Gnosticism and the invasion of Middle Eastern dualism did signs of widespread witchcraft reappear Occultism and humanism are not sworn enemies they are first cousins It was only the influence of Christian principles which laid such stress on the orderliness of God s universe that made possible the confidence of modern rationalists in denying the influence of supernatural forces As the confidence in creation

law has waned in this century rational humanism has become increasingly unsuccessful in retarding the expansion of occult humanism This Journal of Christian Reconstruction offers readers the necessary evidence for a refutation of the familiar charge that occultism and religion necessarily go together and that only a hard headed rationalism can restrain the forces of spiritual anarchy Far from retarding occultism modern rationalism s blindness to the reality of occult forces is now creating a perverse inquisitiveness on the part of modernism s children who have learned to be critical of everything including old fashioned rationalism The philosophy of the open universe closed to God has produced the new occult experimentalism If anything except Christian orthodoxy might be true why not find out through personal observation and experiment Since 1965 the Western world has faced the greatest explosion of occultism that it has seen in three hundred years This time no one can blame orthodox Christianity it has been the secularists who have wielded the power
