Real Life Astrology: The Cross of Matter Sara Shipman, 2022-09-19. The Ascendant, The Descendant, The Midheaven, The Nadir. The angles of your birth chart represent the points where the energies of the planets make contact with reality in the most tangible sense and that's because of their associations with the most important things in your life: your family, your partner, and your career, and most of all, yourself. All of those things are the most important factors in determining your sense of who you are. The lines that connect those points form a cross known as the Cross of Matter, and it symbolises the current incarnation of your spirit on this earth. In astrology, the Cross of Matter is important because it provides the foundation for accurate natal chart interpretation. If you want to know how to deal with the realities of your existence and keep things held together, the Cross of Matter will tell you everything you need to know. In this book, Sara Shipman explains what the Cross of Matter represents in everyday terms and she shows you how to interpret your cardinal points: the Ascendant (AC), Descendant (DC), Midheaven (MC), and Nadir (IC) in ways that are relevant to everyday lived experience. This book includes: A full analysis of the Ascendant-Descendant axis by sign. A full analysis of the Midheaven-Nadir axis by sign. A full analysis of planetary aspects to each cardinal point. Take your understanding of astrology to the next level with this, the second book in the Real Life Astrology series of books.

Cancer Ascendant Secrets Saket Shah, 2020-01-05. There are times when people just can't identify with the attributes of their Sun or Moon sign. In fact, they may feel that they are an antithesis of their zodiac sign. You may also have observed it. Your Leo friend may not seek attention, may be because he or she has a Capricorn ascendant. Your Sagittarius friend is very possessive, may be because he or she has a Scorpio Ascendant. It is easy to understand why some people do not correspond to their Sun or Moon signs once you know about what is the rising sign or Ascendant in a horoscope. Ascendant is the degree of the zodiac sign that was highest on the Eastern horizon at the time and place of birth. When seen from Earth, the sky seems to move so the entire zodiac can be observed in a span of 24 hours, day, which means the rising sign changes on the Eastern horizon every 2 hours because there are 12 zodiac signs. People tend to associate their physical, emotional, and spiritual attributes more with rising sign at times.

Let LIGHT descend on Earth Marcella R. Womack, 2010-11-11. A true story, this narrative covers a period of eight years between 1985-1993. It is the story of a group that gathered in the heartland of the U.S. as they listened week after week to channeled Teachings coming from The Realms of Light. It is told by one of the group members who was present throughout the eight years of the group's existence and the one who is responsible for the three previously published volumes that contain the

channeled Teachings of The Aquarius Materials Xlibris The photo on the cover of this book volume four was taken on Friday October 17 1986 and shows a large shaft of LIGHT coming into the room and shining down onto the channel s body The group was told from the beginning that the Earth was moving from the third dimension into the fourth and fifth dimensions and that there was a huge influx of LIGHT coming into Earth during this 200 000 Year World Age Change Much more than a 2 000 or a 26 000 year change this represents the Earth and humanity beginning it s in volution back into the LIGHT Although the LIGHT seen in the photos was not apparent to the naked eye many of the participants said they could feel the higher vibrations often when they came to listen to The Aquarius Teachers These LIGHT Energies propelled many in the group to begin to change their lives and an amazing sense of spiritual community was experienced The content of this book is the backdrop behind the three books of Series I The Aquarius Materials It is the final book of this Series and perhaps the best overview for one beginning to read these Teaching This body of Spiritual Teachings heralds a time of a New Dispensation upon the Earth where the Spiritual Nature of Existence is to become known once more by people all over the world The Teachers said that this is the time prophesied in the Christian Scriptures as the Second Coming and it is NOT to be an end of the world time but rather a time when humanity will awaken to the truth of Christ s Teachings about LOVE Humanity was never meant to disconnect from the spiritual dimension and forget the kinship that is ours as children of God As Jesus attained that level of God Union called the Christ Consciousness during his lifetime we are meant to once again reach for Christ Consciousness as we ourselves go inward to Seek the Kingdom This Soul growth can transform both our individual lives and the Way we Live on Earth The book is divided into two major sections Part I The channeling years 1985 1987 and Part II A Time and a House Called Aquarius 1988 1993 Photos of group activities are included with each chapter The Auarius Materials Series I This is the Overview book three other books make up the Series The Signs of the Zodiac Analysed Isabelle M. Esoteric Astrology for the New Age, Vol 2: Cosmological Astrology Bodo Balsys,2025-01-08 This book will set the stage for the new cosmological understanding for our local universe from the astrological perspective The background for proper comprehension is my The Constitution of Shambhala plus Bailey s A Treatise on Cosmic Fire and Esoteric Astrology The focus is upon the Mother of the World s department and the disastrous events that happened upon the moon in that far distant past when it harboured a human kingdom The key individuals that went aberrant then through

grievous sex magical practices have either since been converted upon the earth to become the Hierarchy of Enlightened Being or else are the forces of evil the dark brotherhood that have presently taken over planetary affairs That ancient history is traced to the next globe in our earth Scheme in the fifth Round that will bear a human kingdom The astrological conditions that set the stage for this is first established viewed from above down rather than from the normal earth centred astrology The focus is upon the activities of the former Logos of the moon Chain which was a Taurean dispensation ruled by the Mother s department Explained is His subsequent fall and incarnation upon the earth coupled with a similar though lesser fall of Sanat Kum ra He did so to properly monitor the consequent dangerous situation upon the earth because of the vast number of evil entities from the moon that subsequently incarnated to admix with the earth s indigenous humanity The events producing the great flood that sank the Atlantean continent have their true genesis here Your Sun Sign as a Spiritual Guide Swami Kriyananda,2013-10-07 What sets this book apart from other astrology titles is Kriyananda s focus on the spiritual potential of each sun sign rather than focusing mainly on the karmic limitations It is so common to hear generalizations such as Leo is proud and Taurus is stubborn In his book Kriyananda shows how with awareness attention and will one can cultivate the higher potential of his sign leading to greater fulfillment and success Leo can shine as a channel of light and creativity without pride if he remembers that Spirit not ego is the doer Taurus can be the essence of loyalty and perseverance without being stubborn if he develops an inner fixity of purpose while practicing an outward flexibility In other words the horoscope shows karmic patterns of energy We can learn to work with these energies and develop their more refined higher octaves which will then magnetize new possibilities into our lives The fundamental point is that the horoscope shows one s karmic energy situation but not who he really is the spiritual Self within Kriyananda s approach is to encourage and inspire one s Self to awaken and to express itself through the sun sign Within each of us is vast potential to be awakened Your Sun Sign as a Spiritual Guide is a beautifully inspiring book that will open doors and encourage one in this direction This book also guides the seeker to an understanding of the subtle aspects of the spiritual path as it manifests for him through his particular sun sign Yogic understanding is rich and often runs counter to prevailing thought So too with astrology the reader will find vistas of understanding opening as he takes the words and guidance of this yogic view of astrology to heart This book reassures the reader that sun sign weaknesses can be spiritual strengths if pursued rightly It also warns one not to rest on the laurels of sun sign strengths but to go much deeper Concentrated deep wisdom is available to the seeker in this brief easy to digest book that helps the reader to understand himself and others from a higher perspective *Trump's Stars* Holly Stockus,2022-05-04 Our elected President Donald J Trump has become one of the most polarized human beings in our lifetime We watch as the media browbeats this man while simultaneously urging the people of this great nation to rise up and pull the rug out from under him Many do not understand how he continues to plow through the media unscathed and intact His larger than life personality and blunt tongue will not attract everyone however he is who

he is by design Would it not be in our best interest to get to know our president before swallowing the dictations of the press and late night jesters We can make some sense of it all by releasing wisdom from our ancient ancestors When we study the movements of the celestial beings a narrative can be told The human psyche is an inner zodiac expressing its identity As a holistic astrologer I felt the urge to divulge some insight on our president and our current times We re finding ourselves in the midst of a showdown between two energetic forces Our country has become totally divided partly because of the relentless media Politicians will be politicians but the outlandish attempts to discredit this administration is diabolical Power and control is the new norm by manipulation while our freedom is slowly being taken away We are at a pivotal time in our country s history How can we rise above the noise and become aware of what s right in front of us Journey with me for insights to a man that has captured us all whether by embracement or revolt but either way intrigued **Uncharted**
