Arabian Medicine and Its Influence on the Middle Ages Donald Campbell, 1926 [Arabian Medicine and Its Influence on the Middle Ages](#) Donald Campbell, 1974 **Globalism in the Middle Ages and the Early Modern Age** Albrecht Classen, 2023-09-05 Although it is fashionable among modernists to claim that globalism emerged only since ca 1800 the opposite can well be documented through careful comparative and transdisciplinary studies as this volume demonstrates offering a wide range of innovative perspectives on often neglected literary philosophical historical or medical documents Texts images ideas knowledge and objects migrated throughout the world already in the pre modern world even if the quantitative level compared to the modern world might have been different In fact by means of translations and trade for instance global connections were established and maintained over the centuries Archetypal motifs developed in many literatures indicate how much pre modern people actually shared But we also discover hard core facts of global economic exchange import of exotic medicine and on another level intensive intellectual debates on religious issues Literary evidence serves best to expose the extent to which contacts with people in foreign countries were imaginable often desirable and at times feared of course The pre modern world was much more on the move and reached out to distant lands out of curiosity economic interests and political and military concerns Diplomats crisscrossed the continents and artists poets and craftsmen traveled widely We can identify for instance both the Vikings and the Arabs as global players long before the rise of modern globalism so this volume promises to rewrite many of our traditional notions about pre modern worldviews economic conditions and the literary sharing on a global level as perhaps best expressed by the genre of the fable **Arabian**

Medicine and Its Influence on the Middle Ages; Origins and Development of Arab Medical Science and Its Subsequent Cultivation Among the Arabistae of the Latin West Donald Campbell, 1926 **Handbook of Medieval Studies** Albrecht Classen, 2010-11-29 This interdisciplinary handbook provides extensive information about research in medieval studies and its most important results over the last decades The handbook is a reference work which enables the readers to quickly and purposely gain insight into the important research discussions and to inform themselves about the current status of research in the field The handbook consists of four parts The first large section offers articles on all of the main disciplines and discussions of the field The second section presents articles on the key concepts of modern medieval studies and the debates therein The third section is a lexicon of the most important text genres of the Middle Ages The fourth section provides an international bio bibliographical lexicon of the most prominent medievalists in all disciplines A comprehensive bibliography rounds off the compendium The result is a reference work which exhaustively documents the current status of research in medieval studies and brings the disciplines and experts of the field together **Musik in der Medizin / Music in Medicine** Ralph Spintge, Roland Droh, 2012-12-06 *A History of Medicine* Lois N. Magner, 1992-03-17 A non technical jargon free presentation of the history of medicine from palaeopathology to recent theories and practices of modern medicine It gives a wide ranging overview of Western medicine and an introduction to the rich and varied medical traditions of the Near and Far East This text stresses the major themes in the history of medicine placing the modern experience within the framework of historical issues and it presents medical history as an important part of intellectual and social history supplying students with an examination of the field that encourages them to question modern medical assumptions Areas that are less familiar to students are highlighted and case histories represent broader issues and trends

Medical Prescriptions in the Cambridge Genizah Collections Efraim Lev, Leigh Chipman, 2012-09-14 The manuscripts of the Cairo Genizah are a unique source for medieval medical history In *Medical Prescriptions in the Cambridge Genizah Collections* Lev and Chipman offer an insight into the everyday practical medicine of medieval Egypt which reflects medical practice in the Eastern Mediterranean as a whole by analysing thirty selected prescriptions from the Taylor Schechter Genizah Collection Cambridge University Library The prescriptions which are in Arabic and Judaeo Arabic are transcribed and translated with accompanying commentaries photographs and glossaries Introductory chapters discuss the theoretical background of the prescriptions and the practical medicine of the Cairo Genizah while the conclusion considers their significance for the study of the medieval medical tradition *Early Arabic Pharmacology* Martin Levey, 2023-12-18 *A Short History of Medical Ethics* Albert R. Jonsen, 2000 A physician says I have an ethical obligation never to cause the death of a patient another responds My ethical obligation is to relieve pain even if the patient dies The current argument over the role of physicians in assisting patients to die constantly refers to the ethical duties of the profession References to the Hippocratic Oath are often heard Many modern problems from assisted suicide to accessible health care raise questions

about the traditional ethics of medicine and the medical profession However few know what the traditional ethics are and how they came into being This book provides a brief tour of the complex story of medical ethics evolved over centuries in both Western and Eastern culture It sets this story in the social and cultural contexts in which the work of healing was practiced and suggests that behind the many different perceptions about the ethical duties of physicians certain themes appear constantly and may be relevant to modern debates The book begins with the Hippocratic medicine of ancient Greece moves through the Middle Ages Renaissance and Enlightenment in Europe and the long history of Indian 7nd Chinese medicine ending as the problems raised modern medical science and technology challenge the settled ethics of the long tradition *Studies: Indian and Islamic* S. Khuda Bukish,2013-12-17 First Published in 2000 This is Volume III of six of the Oriental series looking at Arabic History and Culture It was written in 1927 and includes four translated chapter of the second volume of Von Kremer s *Culturgeschichte des Orients*

History of the Arabic Written Tradition Supplement Volume 1 Carl Brockelmann,2017-08-28 The present English translation reproduces the original German of Carl Brockelmann s *Geschichte der Arabischen Litteratur* GAL as accurately as possible In the interest of user friendliness the following emendations have been made in the translation Personal names are written out in full except b for ibn Brockelmann s transliteration of Arabic has been adapted to comply with modern standards for English language publications modern English equivalents are given for place names e g Damascus Cairo Jerusalem etc several erroneous dates have been corrected and the page references to the two German editions have been retained in the margin except in the Supplement volumes where new references to the first two English volumes have been inserted

Medicine, Public Health, and the Qājār State Hormoz Ebrahimnejad,2004-01-01 This volume provides surprising new insights into the interrelation of medical practice public health and politics in 19th century Iran esp the assimilation of Western medicine into indigenous systems
