Arabic Language And National Identity A Study In Ideology:

Arabic Language and National Identity Yasir Suleiman, 2019-08-07 No detailed description available for The Arabic Language and National Identity **The Arabic Language and National Identity** Yasir Suleiman, 2003 The core focus of this study is Arab nationalism in the Middle East an area in which there has been an ever growing interest Yasir Suleiman s approach to this area is unique in his linking of the role of language to the articulation of a nationalist ideology *A War of Words* Yasir Suleiman, 2004-06-10 Suleiman s book considers national identity in relation to language the way in which language can be manipulated to signal political cultural or historical difference As a language with a long recorded heritage and one spoken by the majority of those in the Middle East in various dialects Arabic is a particularly appropriate vehicle for such an investigation It is also a penetrating device for exploring the conflicts of the Middle East This is a well crafted well organized and eloquent book Karin Ryding Georgetown University **Language and National Identity in Africa** Andrew Simpson, 2008-02-07 This book focuses on language culture and identity in nineteen countries in Africa Leading specialists mainly from Africa describe national linguistic and political histories assess the status of majority and minority languages and consider the role of language in ethnic conflict **Arabic, Self and Identity** Yasir Suleiman, 2011-08-10 This book builds on Suleiman s earlier research on the link among the Arabic language identity and conflict which he explored at some length in *The Arabic Language and National Identity* and *A War of Words* The present study builds on his interest in the symbolic realms of signification and Suleiman approaches the Arabic language as a marker of identity and as a factor in sociopolitical conflict in society Language, Society and Ideologies in Multilingual Egypt Valentina Serreli, 2024-03-18 The book explores the change over time in language society relations in a multilingual periphery of Egypt It examines the role of language ideologies in the construction and negotiation of social identities in the processes of contact maintenance and shift typical of multilingualism Based on extensive fieldwork and interviews it is the first of its kind to portray the inventory of linguistic and accompanying non linguistic behaviors observed within and between different ethnolinguistic groups in the Siwa Oasis It provides first hand information about the linguistic habits of Siwan women an aspect which is generally difficult to access in this gender segregated community The book sheds light on Berber Arabic contact at the core of the Arab world and at a critical time when individual linguistic repertoires are expanding and Arabic is emerging as a powerful resource The Politics of Written Language in the Arab World , 2017-07-31 The Politics of Written Language in the Arab World connects the fascinating field of contemporary written Arabic with the central sociolinguistic notions of language ideology and diglossia Focusing on Egypt and Morocco the authors combine large scale survey data on language attitudes with in depth analyses of actual language usage and explicit and implicit language ideology They show that writing practices as well as language attitudes in Egypt and Morocco are far more receptive to vernacular forms than has been assumed The individual chapters cover a wide variety of media from books and magazines to blogs and Tweets A central theme running through the

contributions is the social and political function of doing informality in a changing public sphere steadily more permeated by written Arabic in a number of media

From the Arab Other to the Israeli Self Yonatan Mendel, Ronald Ranta, 2016-04-14 This book examines the role played by Arab Palestinian culture and people in the construction and reproduction of Israeli national identity and culture showing that it is impossible to understand modern Israeli national identity and culture without taking into account its crucial encounter and dialectical relationship with the Arab Palestinian indigenous Other Based on extensive and original primary sources including archival research memoirs advertisements cookbooks and a variety of cultural products from songs to dance steps *From the Arab Other to the Israeli Self* sheds light on an important cultural and ideational diffusion that has occurred between the Zionist settlers and later the Jewish Israeli population and the indigenous Arab Palestinian people in Historical Palestine By examining Israeli food culture national symbols the Modern Hebrew language spoken in Israel and culture the authors trace the journey of Israeli national identity and culture in which Arab Palestinian culture has been imitated adapted and celebrated but strikingly also rejected forgotten and denied Innovative in approach and richly illustrated with empirical material this book will appeal to sociologists anthropologists historians and scholars of cultural and Middle Eastern studies with interests in the development and adaptation of culture national thought and identity

Linguistic Identities in the Arab Gulf States Sarah Hopkyns, Wafa Zoghbor, 2022-06-03 Combining empirical and theoretical approaches from a range of disciplines *Linguistic Identities in the Arab Gulf States* examines current issues surrounding language and identity in the Arab Gulf states Organized in four parts the book addresses the overarching theme of waves of change in relation to language and power linguistic identities in the media identities in transition and language in education The authors of each chapter are renowned experts in their field and contribute to furthering our understanding of the dynamic changeable and socially constructed nature of identities and how identities are often intricately woven into and impacted by local and global developments Although the book geographically covers Gulf region contexts many of the concepts and dilemmas discussed are relevant to other highly diverse nations globally For example debates surrounding tolerance diversity neoliberal ideologies in English medium instruction EMI media representation of language varieties and sociolinguistic inequalities during coronavirus communication are pertinent to regions outside the Gulf too This volume will particularly appeal to students and scholars interested in issues around language and identity gender language policy and planning multilingualism translingual practice language in education and language ideologies

The Arabic Language and National Identity: Roland, ou La chevalerie. 778-1579 Yasir Suleiman, 2003

Autobiographical Identities in Contemporary Arab Culture Valerie Anishchenkova, 2014-07-16 Over the last 40 years autobiography in Arab societies has moved away from exemplary life narratives and toward more unorthodox techniques such as erotic memoir writing postmodernist self fragmentation cinematographic self projection and blogging Valerie Anishchenkova argues that the Arabic autobiographical genre has evolved into a mobile unrestricted

category arming authors with narrative tools to articulate their selfhood Reading works from Arab nations such as Egypt Iraq Morocco Syria and Lebanon Anishchenkova connects the century s rapid political and ideological developments to increasing autobiographical experimentation in Arabic works The immense scope of her study also forces consideration of film and online forms of self representation and offers a novel theoretical framework to these various modes of autobiographical cultural production

The Oxford Handbook of Arabic Linguistics Jonathan Owens,2013-10-03 Until about 60 years ago linguistic research on the Arabic language in the West was restricted to inquiries on Classical Arabic and the Classical tradition and spoken Arabic dialects with historical studies embedded within the broader field of Semitic languages This situation is changing quickly not only through the continuation of older research traditions but also with the integration of new research fields and perspectives With this expansion comes the danger of specialists in Arabic losing an overview of the field and of leaving non specialists without basic resources for evaluating domains of research which they may be interested in for comparative purposes The Oxford Handbook of Arabic Linguistics will confront this problem by combining state of the art overviews with essays on issues of perspective controversy and point of view In twenty four chapters leading experts from around the world will lay out their own stances on controversial issues The book not only evaluates ways in which questions and theories established in general linguistics and its sub fields elucidate Arabic but also challenges approaches which might result in accommodating Arabic to non Arabic interpretations and brings out the Arabic specificity of individual problems The Handbook in one compact volume gives critical expression to a language which covers large populations and geographical areas has a long written tradition and has been the locus of major intellectual fervor and debate

The Sociolinguistics of Identity Tope Omoniyi,Goodith White,2008-07-01 Brand new in paperback this volume looks at the problematic and controversial area of identity re examining the analytical tools employed in sociolinguistic research

The Linguistic Landscape In Israel Through Palestinian Eyes Rawia Hayik,2025-07-24 This book uses a sociolinguistic framework to explore how language serves as a marker of national identity in conflict zones focusing on the dystopian representation of Arabic as a minority language in Israel through the perspectives of Israeli Palestinian students Using a documentary photography research tool PhotoVoice minoritized college students from Northern Israel were invited to document and reflect on the signage in their area Content analysis of students reflections revealed not only a problematic linguistic reality in which the presence of Arabic was limited and inaccurate but also their experience of the space as local inhabitants The book chapters shed light on their profound perceptions and aspirations as passers by toward the mis representation of their native language in the country The contribution of the book lies in demonstrating the potential of the innovative tool PhotoVoice in developing awareness of the explicit and implicit messages delivered through linguistic landscapes It encourages action for achieving utopian more inclusive linguistic realities where

minority languages are appropriately represented

The Intellectual Discourse of Interwar Egypt Giora

Eliraz, 2018-05-16 At a time when the post Arab Spring Middle East is permeated with political turmoil extremism and violence and the voices are not really heard Dr Giora Eliraz invites readers to join a refreshing intellectual journey back in time to the years of interwar Egypt In his book *The Intellectual Discourse of Interwar Egypt Globalization of Ideas Amidst Winds of Change* Dr Eliraz sheds light on a fascinating colourful chapter in the modern intellectual history of Egypt a country that has been commonly known as a center of gravity for the Arab world Indeed interwar Egypt weathered political storms and severe social and economic problems as well Nevertheless between the two World Wars Egypt and Cairo in particular proved to be a vivid hub of creative intellectual discourse and productivity This enriching intellectual discourse was largely sustained by the increase of modernization and Westernization that strongly challenged the entire traditional order beliefs concepts and values of the Egyptian society The exuberant discourse of Egyptian intellectuals of the interwar period is examined in this book through several main themes The first theme examines the challenge of navigating between tradition and change or the old and the new with an emphasis on the imperative of setting up limits for cultural borrowing from the West The second theme explores the debate on Women's status and their rights The debate on this significant subject corresponds with a fast changing political social and economic reality that enabled women of urban upper and middle class some access to education and even triggered the emergence of certain feminist voices The third theme is the debate on linguistic reform sustained by strong winds of change that also challenged the competence of literary Arabic as medium of communication for modern life The book's discussion of these three substantial themes also exposes the reader to the distinctive function played by interwar Egypt as an impressive peripheral actor within the arena of the early Western oriented globalization of ideas Moreover examination of these themes also sheds light upon the function of Egypt of the interwar period as a significant stimulus for a wider Islamic circle of early globalization of ideas which even included far lands within the Islamic world as manifested in the book by the intriguing case of the Malay Indonesian world

Mutual Linguistic Borrowing between English and Arabic Ahmed Abdullah Alhussami, 2020-07-06

This book focuses on the lexical borrowing between English and Arabic and offers historical background regarding the contact between these two languages It sheds light on why and how both languages have come in contact showing how the hegemony of the English language can be clearly seen in its impact on Arabic Simultaneously the text describes the role that Arabic played in shaping and enriching English in its early phase

Arabic between State and Nation Camelia Suleiman, 2022-11-17

In order to better understand the political conditions of the Arabic language in Israel a comparison with the political conditions of Arabic in the Levant as well as the Diaspora is necessary Comparison consists of macro factors such as nation state building and at the micro level the daily public usage of Arabic While the relationship between language and nationhood is well documented study of the unique socio political situation of the use of Arabic in the Jewish state and in particular language usage in East

Jerusalem has hitherto not been addressed The removal of Arabic as an official language in Israel in 2018 has major implications for IsraeliPalestinian accommodation Research for the book relied on ethnographic fieldwork as well as sociolinguistic literature Investigation is wide ranging distinguishing the different public presences of language the state of literacy publishing education and formal and informal interviews with students teachers and journalists Linguists often consider the Levant to belong to one dialect group but post 1918 people in the Levant have had to deal with separate political realities and language differences reflect their unique political and social circumstances The history of European colonialism is but one influencing factor Diaspora comparison engages with the US city of Dearborn Michigan home to the largest Arab American community in one locality How does this community find meaning in both being American and a threat to national security This dilemma is mirrored in the life of Palestinians in Israel Security and securitisation are relational concepts Rampton and Charalambous 2019 and language plays a large part in personal sense of belonging Analytical tools such as the concept of seamline Eyal 2006 and indexicality Silverstein 1979 assist in coming to terms with the metapragmatic meanings of language This important book reaches far beyond linguistic difference it goes to the heart of political social and economic despair faced by multiple communities

Arabic Sociolinguistics Reem Bassiouney, 2009-08-27 The first introduction to the field of Arabic sociolinguistics this book discusses major trends in research on diglossia code switching gendered discourse language variation and change and language policies in relation to Arabic In doing so it introduces and evaluates the various theoretical approaches and illustrates the usefulness and the limitations of these approaches with empirical data The book shows how sociolinguistic theories can be applied to Arabic and conversely what the study of Arabic can contribute to our understanding of the function of language in society Key features Introduces current theories and methods of sociolinguistics with a special focus on Arabic Topics include language variation and change gender religion and politics Aimed at students and scholars of Arabic with an interest in linguistics and students and scholars of linguistics with an interest in Arabic

Nationalism, Language, and Muslim Exceptionalism Tristan James Mabry, 2015-02-06 In an era of ethno-political conflict and constitutional change worldwide nationalist and Islamist movements are two of the most powerful forces in global politics However the respective roles played by nationalism and Islamism in Muslim separatist movements have until recently been poorly understood The conventional view foregrounds Muslim exceptionalism which suggests that allegiance to the nation of Islam trumps ethnic or national identity But as Tristan James Mabry shows language can be a far more reliable indicator of a Muslim community's commitment to nationalist or Islamist struggles Drawing on fieldwork in Iraq Pakistan India Indonesia and the Philippines Nationalism Language and Muslim Exceptionalism examines and compares the ethno-political identity of six Muslim separatist movements There are variations in secularism and ethnonationalism among the cases but the key factor is the presence or absence of a vernacular print culture a social cement that binds a literate population together as a national group Mabry shows that a strong print culture correlates with a strong

ethnonational identity and a strong ethnonational identity correlates with a conspicuous absence of Islamism Thus Islamism functions less as an incitement more as an opportunistic pull with greater influence when citizens do not have a strong ethnonational bond An innovative perspective firmly grounded in empirical research Nationalism Language and Muslim Exceptionalism has important implications for scholars and policymakers alike
