Aracoeli Romanzo:

Contemporary Women Writers in Italy Santo L. Aricò, 1990 Despite the range and high quality of their work Italian women writers have received scant attention from critics in Italy or elsewhere All too often their contributions have gone unrecognized This collection demonstrates the importance of these writers to the literary world and seeks to bring them the critical attention they deserve Twelve scholars and literary critics examine some of the best prose produced in recent years by Italian women in a variety of genres including fiction journalism and biography Among the writers discussed are Anna Banti Camilla Cederna Fausta Cialente Oriana Fallaci Natalia Ginzburg Armanda Guiducci Gina Lagorio Gianna Manzini Dacia Maraini Elsa Morante Lalla Romano and Francesca Sanvitale The topics they address range from love disillusionment friendship and family life to artistic vision and the journalistic novel to political activism the condition of women in Italy and the impact of feminism on Italian culture Although some of the writers discussed describe themselves as feminists others do not Similarly the contributors to the volume represent a spectrum of critical and political perspectives What emerges is a series of portraits that reflect the variety dynamism and creativity of women writers in modern day Italy *Modern Retellings of Chivalric Texts* Gloria Allaire, 2018-12-21 Published in 1999 the ten essays in this collection identify and examine reworkings of identifiable source texts from the medieval or Renaissance periods The reasons for the modern adaptations depend variously on an individual author's personal perspectives the worldview of his or her society and the individual's place in it The various chapters therefore address issues such as why a particular model was chosen and how its retelling depends on the modern author's misreading or rereading of medieval chivalric conventions This book compliments numerous existing studies of medievalism in the Enlightenment and Victorian eras by examining more recent adaptations of the much studied Arthurian romances but primarily extends the discussion on the nature of revivals to other medieval or Renaissance chivalric texts especially the Carolingian cycle epic The collection includes not only literary retellings of medieval texts but also some in different media such as theatre and cinema **The Tigress in the Snow** Laura Benedetti, 2007-01-01 The Tigress in the Snow explores how literature reacted to influenced and shaped the evolving notion of motherhood in twentieth century Italy From the late nineteenth century rhetorical celebration of the mother as Madonna to the Fascist regime's demographic campaign and feminist revisions of the maternal role Laura Benedetti shows how the mother's social status was a site of constant negotiation in Italy during the last century and how this negotiation came to be represented in literature To illustrate her theme she stresses both similarities and differences among four generations of women writers as well as their complex interaction with their male counterparts and their reactions to changes in Italian society The Tigress in the Snow highlights literature's role in the formation of cultural discourses right up to the dawn of the twenty first century An intriguing look at the changing nature of motherhood in a country that has always valued the maternal institution this volume goes further to show how literature investigates shapes and envisions social models for the

present and future The Theme of Childhood in Elsa Morante Grace Zlobnicki Kalay,1996 *Death Or Deception* Felix Siddell,2006 Examining the key works of Buzzati and Morante Siddell looks at two coexisting and conflicting approaches one which defined place as an outcome of individual perception and another in which place is understood as an arrangement of locations separate from the individual The progression of Buzzati s texts from plausible indications of location to perception bound space is examined as is Morante s use of enclosed spaces as the basis of a conceptualisation of elsewhere paying attention to the contrast and interaction between opposing constructs of place **Oltre la storia Percorso nell'opera di Elsa Morante** Elisa Lizzi,2022-08-18 Un importante analisi della produzione letteraria di Elsa Morante scrittrice poetessa e saggista italiana e del modo in cui le sue opere si inseriscono all'interno del flusso della Storia Personaggi e narrazioni che della Storia sono parte integrante pure sono fuori da essa vincitori e vinti di piccole e grandi battaglie personaggi che superano la brutalità e la banalità del vivere quotidiano e assurgono a mito Nata a Civitella del Tronto Teramo il 21 01 1945 laureata in Lettere Classiche presso l'Università La Sapienza di Roma Ha insegnato letteratura italiana e latina in un Liceo Scientifico di Padova Ha coltivato interessi letterari e filosofici dall'et greca a quella contemporanea Ha scritto saggi su Riviste nazionali come Punto di vista e Lo Scorpione letterario Presenta libri presso l'Associazione Abruzzese Veneta con sede a Padova Ha scritto saggi su Giovanni Giudici Giorgio Caproni Paolo Volponi e testi narrativi non ancora pubblicati Ha pubblicato due saggi di critica letteraria presso l'Editrice Albatros *La celestialità della terra* nell'opera di Anna Maria Ortese nel 2019 *La dimensione notturna* in Antonio Tabucchi nel 2021 Con la festa nel cuore 2022 stato segnalato al premio letterario Il giovane Holden Dissonant Vehicles of Gender Silvia Valisa,2007 The Imagery of Interior Spaces Michael J. Kelly,Dominique Bauer,2019 On the unstable boundaries between interior and exterior private and public and always in some way relating to a beyond the imagery of interior space in literature reveals itself as an often disruptive code of subjectivity and of modernity The wide variety of interior spaces elicited in literature from the odd room over the womb secluded parks and train compartments to the city as a world under a cloth reveal a common defining feature these interiors can all be analyzed as codes of a paradoxical both assertive and fragile subjectivity in its own unique time and history They function as subtexts that define subjectivity time and history as profoundly ambiguous realities on interchangeable existential socio political and epistemological levels This volume addresses the imagery of interior spaces in a number of iconic and also lesser known yet significant authors of European North American and Latin American literature of the nineteenth twentieth and twenty first centuries Djuna Barnes Edmond de Goncourt William Faulkner Gabriel García Márquez Benito Pérez Galdós Elsa Morante Robert Musil Jules Romains Peter Waterhouse and mile Zola **Non dimenticarsi di Proust** Anna Dolfi,2014 On the one hand le c t de Guermantes and on the other that of chez Swann Few places like Illiers Combray offer the tangible measure of a myth that has involved not only readers and writers but also those who have reflected on the meaning and structures of modern fiction As the great criticism of the 20th century and the most innovative reflections on the method

would not be conceivable without the Recherche Auerbach Curtius Spitzer Poulet Jauss Deleuze Richard Genette Barthes as well as Solmi Debenedetti Contini and Macchia in Italy measured themselves with essays and or memorable books while Caproni Fortini Ginzsburg Raboni tried themselves with translation In short the seduction of a work with a very dense intertextuality and variety of registers still resides not only in the ability to talk about the history and culture of the West offering the grandiose fresco of a universe in decline but in the possibility of inserting itself on many levels including that of meta literature non fiction as an obligatory point of passage Thus contributing to create a world parallel to the real one which is now populated by its doubles cities cathedrals feelings emotions words intermittences From the field of fiction to that induced of narratology no doubt that Proust has changed our life the perception of the world and the way of looking at objects and of reading books and things The collection that is proposed here designed and curated by Anna Dolfi gives a broad and evocative testimony offering itself as an essential object of study on the traces of the unforgettable unseizable Marcel Lineamenti di letteratura italiana.
