Arcanum Ab Ovo Volume 1:

Arcanum Ab Ovo Viktoria Wealth,2004-10 ARCANUM AB OVO is Book 1 of a phenomenal series that leads modern day science fiction up to a higher level in terms of events and scope The novel takes us all the way from the deepest pre geological eras of the Solar System to our near future when the elite of the human kind will have to face an ancient and powerful foe That mighty hostis hungers for one thing absolute devastation With its scope and impressiveness this never ending saga about people and their place in the Universe reveals some of the most magnificent aspects of Viktoria Wealth s artistry *The Poetics of Perspective* James Elkins,2018-10-18

Perspective has been a divided subject orphaned among various disciplines from philosophy to gardening In the first book to bring together recent thinking on perspective from such fields as art history literary theory aesthetics psychology and the history of mathematics James Elkins leads us to a new understanding of how we talk about pictures Elkins provides an abundantly illustrated history of the theory and practice of perspective Looking at key texts from the Renaissance to the present he traces a fundamental historical change that took place in the way in which perspective was conceptualized first a technique for constructing pictures it slowly became a metaphor for subjectivity That gradual transformation he observes has led to the rifts that today separate those who understand perspective as a historical or formal property of pictures from those who see it as a linguistic cognitive or epistemological metaphor Elkins considers how the principal concepts of perspective have been rewritten in work by Erwin Panofsky Hubert Damisch Martin Jay Paul Ricoeur Jacques Lacan Maurice Merleau Ponty and E H Gombrich *The Poetics of Perspective* illustrates that perspective is an unusual kind of subject it exists as a coherent idea but no one discipline offers an adequate exposition of it Rather than presenting perspective as a resonant metaphor for subjectivity a painter s tool without meaning a disused historical practice or a model for vision and representation Elkins proposes a comprehensive revaluation The perspective he describes is at once a series of specific pictorial decisions and a powerful figure for our knowledge of the world **The Hospitallers in the Medieval Kingdom of Hungary, C. 1150-1387** Zsolt
