to get elevated to Queen status in your marriage and relationship this and much much more can be found in **The 10 Laws of Dating Love and Relationships** **Stories of Love from Vikings to Tinder** Mads Larsen, 2024-09-30 Increasing levels of singledom dating dysfunction and sexual inactivity contribute to plummeting fertility rates This book investigates the perhaps most foundational factor behind this uncoupling our present era s ideology of love Throughout human history communities have shared fictional stories infused with various mating moralities that compel people to pair bond and reproduce After taking readers on a 6 million year journey through hominin mating regimes with various extents of promiscuity polygyny and monogamy **Stories of Love from Vikings to Tinder** investigates the past millennium s radical evolution of Western mating beliefs Nordic literary works illuminate the pivotal transitions between the West s First Second and Third Sexual Revolutions which occurred around the years 1200 1750 and 1968 The conclusion chapter points to the Fourth Sexual Revolution symbolically placed in 2029 Artificial intelligence and other technologies seem likely to transform our mating practices more radically than any of the previous revolutions **The New Laws of Love** Marie Bergström, 2021-12-21 Online dating has become a widespread feature of modern social life In less than two decades seeking partners through commercial intermediaries went from being a marginal and stigmatized practice to being a common activity How can we explain this rapid change and what does it tell us about the changing nature of love and sexuality In contrast to those who praise online dating as a democratization of love and those who condemn it as a commodification of intimacy this book tells a different story about how and why online dating became big The key to understanding the growing prevalence of digital dating lies in what Marie Bergström calls the privatization of intimacy Online dating takes courtship from the public to the private sphere and makes it a domestic and individual practice Unlike courtship in traditional settings such as school work and gatherings of family and friends online dating makes a clear distinction between social and sexual sociability and renders dating much more discrete Apparently banal this privatizing feature is fundamental for understanding both the success and the nature of digital matchmaking Bergström also sheds light on the persisting inequalities of intimate life showing that online dating is neither free nor fair it has its winners and losers and it differs significantly according to gender age and social class Drawing on a wide range of empirical material this book challenges what we think we know about online dating and gives us a new understanding of who why and how people go online to seek sex and love **Women, Birth, and Death in Jewish Law and Practice** Rochelle L. Millen, 2004 A sensitive exploration of the development of pivotal life cycle rituals as they touch Jewish women s lives **By Love and Law** Lizzie Alldridge, 1878 *Love, Hate, and the Law in Tudor England* L. R. Poos, 2022 *Love Hate and the Law in Tudor England* reconstructs the life of Ralph Rishton a member of the sixteenth century Lancashire gentry who was a child bridegroom and a serial wife discarder who bribed church officials to obtain a forged annulment defrauded a kinsman out of his inheritance and adroitly manipulated his own and other people s land The dozens of lawsuits in which the Rishtons were involved in many different courts elucidate one family s engagement with law in Tudor

England how they used and misused law how it shaped their perceptions of rights and mutual obligations and how it framed litigants and witnesses language Drawing upon trial and estate records the core of this study is the central narrative of Ralph Rishton s three wives of litigiousness and violence marriage and property and the pursuit of equitable resolutions to disputes along with countless smaller narratives that vividly capture a culture in its time and place Alongside that central narrative L R Poos uses the Rishton stories as a starting point to analyse child marriage the construction of memory and the development of local historical identity through antiquarians and the Victorian and Edwardian local press demonstrating how from the time of the Rishtons into the twentieth century historical narratives were continually reshaped and repurposed

The End of Love Sabrina Strings,2024-01-30 From Playboy to Jay Z the racial origins of toxic masculinity and its impact on women especially Black and insufficiently white women More men than ever are refusing loving partnerships and commitment and instead seeking out situationships When these men deign to articulate what they are looking for in a steady partner they ll often rely on superficial norms of attractiveness rooted in whiteness and anti Blackness Connecting the past to the present sociologist Sabrina Strings argues that following the Civil Rights movement and the integration of women during the Second Wave Feminist movement men aimed to hold on to their power by withholding love and commitment a basic tenet of white supremacy and male domination that served to manipulate all women From pornography to hip hop women especially Black and insufficiently white women were presented as gold diggers props for masturbation and side pieces Using historical research personal stories and critical analysis Strings argues that the result is fuccboism the latest incarnation of toxic masculinity This work shows that men are not innately toxic Nor do they hate love commitment or sex Instead men across race have been working a new code to effectively deny loving partnerships to women who are not pliant slim and white as a new mode of male domination

Looking for Love in the Legal Discourse of Marriage Renata Grossi,2014-09-01 This book

examines the in visibility of romantic love in the legal discourse surrounding modern Australian marriage It looks at how romantic love has become a core part of modernity and a dominant part of the Western marriage discourse and considers how the ideologies of romantic love are or are not replicated in the legal meaning of marriage This examination raises two key issues If love has become central to people s understanding of marriage then it is important for the legitimacy of law that love is reflected in both the content and application of the law More fundamentally it requires us to reconsider how we understand law and to ask whether it is engaged with emotions or separate from them Along the way this book also considers the meaning of love itself in contemporary society and asks whether love is a radical force capable of breaking down conservative meanings embedded in institutions like marriage or whether it simply mirrors them This book will be of interest to everyone working on love marriage and sexuality in the disciplines of law sociology and philosophy
