Bielo, 2011-10-01 The Emerging Church movement developed in the mid 1990s among primarily white urban middle class pastors and laity who were disenchanted with America's conservative Evangelical sub culture It is a response to the increasing divide between conservative Evangelicals and concerned critics who strongly oppose what they consider overly slick corporate and consumerist versions of faith A core feature of their response is a challenge to traditional congregational models often focusing on new church plants and creating networks of related house churches Drawing on three years of ethnographic fieldwork James S Bielo explores the impact of the Emerging Church movement on American Evangelicals He combines ethnographic analysis with discussions of the movement's history discursive contours defining practices cultural logics and contentious interactions with conservative Evangelical critics to rethink the boundaries of Evangelical as a category Ultimately Bielo makes a novel contribution to our understanding of the important changes at work among American Protestants and illuminates how Emerging Evangelicals interact with the cultural conditions of modernity late modernity and visions of postmodern Christianity **You Can Make a Difference** Tony Campolo, 2008-10-21 Graduates are looking for a challenge Filled with superb stories that are inspiring funny even sad this passionate book issues such a challenge Master communicator Tony Campolo wants every young Christian to know You Can Make a Difference In four hard hitting humorous presentations he galvanizes high school and college students to live lives of total commitment to Christ to move beyond warm fuzzies and good intentions and to set a course for a lifetime of spiritual adventure The perfect gift for any Christian who is finishing school *Heart of the Living God* Michael G. Maness, 2004-06-23 Maness asks us to tie up our sneakers for we are going to have some fun as we hike into the Grand Canyon of Love Love is the treasure of life It is Love all the way Nothing else really matters outside of Love Best of all our Love will only get better in heaven The treasured ability to have loving relationships is God's gift to us in our Imago Dei the image of God we all share Likewise what we know of Love this side of heaven is but a dusty image of what God experiences I want to get personally involved says Maness Can we have a free will relationship with anyone even God if all of what we do and think is settled I don't think so Love is greater than that and I shall prove that and that is indeed a Grand Canyon Manes brings some of the brain splitting complexities of this to light with good humor introduces dynamic foreknowledge and challenges Classical Theism's avoidance of Love And he exposes some foul play in the process That's the first half of the book For those wanting to strike out on their own wanting to see more of the depth and diversity of the Grand Canyon the second half contains reviews of about 60 major authors a 4 000

Sports and Christianity Nick J. Watson, Andrew Parker, 2013 This interdisciplinary text examines the sports Christianity interface from Protestant and Catholic perspectives In addition to a systematic review of literature field pioneering contributors such as Michael Novak Shirl Hoffman Joseph Price and Robert Higgs address a wide range of topics from the sporting world including biblical athletic metaphors disability evangelism professionalism and celebrity humility and pride genetic enhancement technologies stereotypes sport as art and British and American historical analyses of sport and Christianity Insightful chapters from Scott Kretchmar one of the world's leading philosophers of sport and Father Kevin Lixey the head of the Vatican's Church and Sport office 2004 add further depth and breadth to this book making it accessible and interesting to academic and practitioner audiences alike Within the context of this relatively new and rapidly expanding area of inquiry this collection provides a unique and important addition to the current literature for both undergraduate and postgraduate students and serves as a point of reference for scholars of theology and religious studies psychology health studies ethics and sports studies The book may also be of interest to physical educators and sports coaches who wish to adopt a more holistic and ethical approach to their work As modern sport is often intertwined with commercial and political agendas this book offers an important corrective to the win at all costs culture of modern sport which cannot be fully understood through secular ethical inquiry

Speaking My Mind Tony Campolo, 2005-03-30 Fifteen years ago Tony Campolo's 20 Hot Potatoes That Christians Are Afraid to Touch pushed pulled and prodded Christians into serious consideration of controversial but critical issues related to the Christian life Campolo challenged his more than 150 000 readers to re think their convictions and prejudices and to do something about them Dubbed by Christianity Today as the positive prophet and a ferocious critic of Christians left and right Campolo lives up to his reputation in this latest book examining some of today's toughest questions and issues Is evangelical Christianity anti feminist Is our affluent lifestyle at odds with our faith Is America really in moral decline Is Islam really an

evil religion Should Christian parents pull their kids out of public schools Was the war with Iraq a just war Speaking My Mind Tony Campolo at his best **Haunts of Violence in the Church** Howard Goeringer,2005 A critique of the just war doctrine first espoused by Saint Augustine and a recounting of the history of violence in the Christian Church The author argues that war and violence are both perversions of the true teachings of Jesus Christ Biblical Counsel ,1993 **FROM APATHY TO ACTIVISM: SOCIAL JUSTICE IN THE BLACK CHURCH** Robert L. DeVaux,2024-07-31 This book is a critique of the black church s response to the injustice within its community it specifically examines the author s own church it s focal points upon his arrival and the changes implemented in addressing the mindset of the churches leaders and lay person **The Other Evangelicals** Isaac B. Sharp,2023-04-18 What s the first thing that comes to mind when you hear evangelical For many the answer is white patriarchal conservative or fundamentalist but as Isaac B Sharp reveals the big tent of evangelicalism has historically been much bigger than we ve been led to believe In The Other Evangelicals Sharp brings to light the stories of those twentieth century evangelicals who didn t fit the mold including Black feminist progressive and gay Christians Though the binary of fundamentalist evangelicals and modernist mainline Protestants is taken for granted today Sharp demonstrates that fundamentalists and modernists battled over the title of evangelical in post World War II America In fact many ideologies characteristic of evangelicalism today such as biblical womanhood and political conservatism arose only in reaction to the popularity of evangelical feminism and progressivism Eventually history was written by the winners the Billy Grahams of American religion while the losers were expelled from the movement via the establishment of institutions such as the National Association of Evangelicals Carefully researched and deftly written The Other Evangelicals offers a breath of fresh air for scholars seeking a more inclusive history of religion in America Q Spirit Top 23 LGBTQ Christian Books List 2023 **The Competitive Mind** Gordon Kainer,2012-02-24 Do you have questions about competition Is anything wrong in having a competitive mind Why is competition like competitive sports so controversial Is competition only about success or failure What s the difference between being competitive and engaging in competition If you d like to explore answers this book is for you Competition is something we take for granted like the ground we walk on the air we breathe and the food we eat While ground air and food are essential can the same be said of competition Can we trust that competition s advocates know its pros and cons Since competition touches everything isn t it an acceptable part of life Maybe it s time to challenge these assumptions Would you be surprised to learn that competition is a common Bible topic Incidents of competition are generously scattered throughout the Bible If you desire a sound authentic perspective on competition one that zeroes in on its origin nature and effects this book is your guide *Creative Styles of Preaching* Mark Barger Elliott,2000-01-01 Elliott describes several different styles of contemporary preaching A discussion about each style such as narrative evangelistic African American and topical is followed by two example sermons from such preachers as Tony Campolo Barbara Brown Taylor Sam Proctor Fred Craddock and William Willimon *Holy MacKerel!*

George W. Friesen, 2013-07 Holy Mackerel is a quiz book about the Christianity that surrounds us in our people our places our music our books and our beliefs past and present It is a book that illustrates the vastness and endurance of the work of the Church in increasingly secular societies and consequently the profound impact that Christianity continues to have in the evolution of Western culture Its questions and answers reach into every aspect of the work and mission of the church and how its practice and theology continues to be reflected in the culture of the Western world Televangelism and American Culture Quentin J. Schultze, 2003-09-15 Not just another trashing of televangelism Schultze's sensitive critique of present patterns of religious programming is meant to promote a more responsible Christian use of the television medium His book deserves to be read by all who care deeply about the obedient proclamation of the gospel in contemporary culture Richard Mouw The problems Schultze addresses are more profound than sexual or financial scandals They are rather problems of idolatry substituting a charismatic image on the screen of God heresy defining the faith by what it will do for me and ecclesiastical suicide transforming churches into audiences Amazingly after such an indictment Schultze holds out hope for the Christian use of television Mark Noll The most intelligent report on televangelism that I have read and I suspect the best ever Clearly the work of a smart student a discerning watcher and fair critic of the media but best of all a careful Christian mind Lewis Smedes Schultze's concluding chapter should be required reading for every Christian It provides solid biblical guidelines for calling religious broadcasters to accountability challenges individual Christians as well as the Christian media to be more critical and selective in their support of religious broadcasters and calls Christian educators to address the implications of living in the television age Steve Rabey Christianity Today A disturbing book useful both for the author's cultural and Christian critique and for his citation of a wide range of evidence Lloyd Averill The Christian Century **God's Works Revealed** Albano, Sam, 2022 God's Works Revealed presents a compelling challenging and joyful vision for living as a lesbian gay or bisexual Catholic today by accepting the divine gift of our sexuality and seeking to live the promises of our baptism It draws from the deep well of traditional theology Catholic teaching and Sacred Scripture while also challenging assumptions that exclude LGB Catholics from the possibility of sexual expression married life and participation in the life of the Church Informed by theology and formed by the worship of the Church Albano engages in serious study and draws on some of the best thought on scripture and natural law theology that has formed his Church's teaching on homosexuality and homosexual actions He presents not so much a dismissal of what the Church teaches as a critical engagement with that teaching that will point out its insufficiencies and calls for further refinement and reflection He insists that his experience and that of other gay and lesbian Catholics be taken seriously from the foreword After more than fifty years of ministry on behalf of LGBT Catholics I have seen considerable developments in Christian understandings about sexuality and gender which are challenging topics for politicians and Catholics alike Written from the heart of a faith-filled Catholic gay man who is not a politician these pages push sexual politics aside and speak to our heads and hearts in a sensible and compelling way

We'll see with new eyes the gifts that persons of various sexual orientations bring to the Church I recommend this book for all the people of God who are walking the path of synodality with Pope Francis Jeannine Gramick SL author and cofounder of New Ways Ministry for LGBT Catholics *God's Works Revealed* offers a respectful well argued critique of official teachings on homosexuality and the impact on the physical and spiritual lives of LGBTQI people It is a deeply loving thoughtful and ultimately hopeful dialogue between a gay Catholic and the Church that could open pathways to needed change Here you will find truths that speak to your soul Marianne Duddy Burke executive director of DignityUSA **Readings in Christian**

Ethics David K. Clark, Robert V. Rakestraw, 1994 Ethical interpretations meet real life Case studies and readings explore divergent views on morals in action *Sport and Spirituality* Jim Parry, Simon Robinson, Nick Watson, Mark Nesti, 2007-09-12 Sport science can quantify many aspects of human performance but the spiritual dimensions of sports experience cannot be fully understood through measurement However the spiritual experience of sport be it described as flow transcendence or the discovery of meaning and value is central both to our basic motivation to take part in sports and to achieving success *Sport and Spirituality* An Introduction explores these human aspects of sports experience through the perspectives of sport psychology philosophy ethics theology and religious studies It includes discussions of Spirituality in the postmodern era Spirituality health and well being Theistic and atheistic perspectives on sport and the spiritual Nature and transcendence the mystical and sublime in outdoor sport Applied sport psychology and the existential Spiritual perspectives on pain suffering and destiny Sport the virtues ethical development and the spirit of the game The Olympic Games and de Coubertin's ideas of the *religio athletae* This groundbreaking text will be a valuable resource for students of sport and exercise studies sports coaching physical education and sport and health psychology This book should be read by all those interested in the preparation performance and well being of athletes **The Future of Faith in American Politics** David P. Gushee, 2008

David Gushee argues convincingly that there is in U S politics an evangelical center of voters who do not identify with the politics and religion of either the right or the left Although evangelical Christians are portrayed by the media as conservatives Gushee claims that the evangelical movement includes nearly even numbers of voters on the right in the center and on the left of the political spectrum He provides portraits of the major figures in each of the three camps outlines the core convictions of the adherents and analyzes the strengths and weaknesses of each group's positions He suggests that the evangelical center is poised for growth this book could be its manifesto
