The Cambridge History of the Age of Atlantic Revolutions: Volume 3, The Iberian Empires Wim Klooster, 2023-11-09
Volume III covers the Iberian Empires and the important ethnic dimension of the Ibero American independence movements revealing the contrasting dynamics created by the Spanish imperial crisis at home and in the colonies It bears out the experimental nature of political changes the shared experiences and contrasts across different areas and the connections to the revolutionary French Caribbean The special nature of the emancipatory processes launched in the European metropolises of Spain and Portugal is explored as are the connections between Spanish America and Brazil as well as between Brazil and Portuguese Africa It ends with an assessment of Brazil and how the survival of slavery is shown to have been essential to the new monarchy although simultaneously enslaved people began pressing their own demands just like the indigenous population

España, 1808 Feliciano Barrios, José Antonio Escudero, 2009 1808 Eduardo Martíre, 2002 *El supuesto memorial del Conde de Aranda sobre la independencia de América* José Antonio Escudero, 2020-11-01

Coedici n con la Universidad Nacional Autónoma de México 26 11 2020 El supuesto Memorial del Conde de Aranda sobre la independencia de América obra de investigación profunda y al mismo tiempo clara y amena de José Antonio Escudero recoge las propuestas al rey Carlos III atribuidas al embajador Aranda sobre el gobierno de América y que trata no sólo de esas propuestas o de su idoneidad sino que cuestiona la autenticidad del documento mismo En su primera edición el libro había sido publicado en México en 2014 por la Universidad Nacional Autónoma y su Instituto de Investigaciones Jurídicas y en esta segunda con el acuerdo de esas prestigiosas instituciones académicas aparece en España ahora en 2020 editado por la Agencia Estatal Boletín Oficial del Estado Existe un consenso dominante sobre el hecho de que el c lebre pol tico aragon s con motivo del apoyo prestado por España a la independencia de Estados Unidos reconocida en el Tratado de Versalles de 3 de septiembre 1783 que l mismo gestion como embajador en París y previendo la imposibilidad de mantener en el futuro los territorios españoles de ultramar había presentado al rey Carlos III un Memorial o Dictamen secreto sugiriendo renunciar al dominio directo sobre América excepto Cuba y Puerto Rico y constituir tres monarquías en México Perú y Costa Rica Firmes asociadas a España cuyo rey se convertiría en emperador Este documento conocido por unas copias fechadas en el mismo año 1783 se refería al citado Tratado de Versalles reconociendo que le había dejado un sentimiento penoso y que la independencia de las colonias inglesas eran para l motivo de dolor y temor Y ello porque daba por seguro el futuro engrandecimiento de los Estados Unidos y la consiguiente amenaza del nuevo Estado a las posesiones españolas en América El Memorial del Conde de Aranda ha sido presentado siempre como un ejemplo paradigmático de perspicacia política y visión de futuro Sin embargo y pese al consenso abrumador algunas t midas cr ticas habían puesto en entredicho a lo largo de años que Aranda pudiera ser autor del texto El primero en negarlo fue en el siglo XIX el español Antonio Ferrer del Río a quien principalmente siguieron en el XX el alemán Richard Konetzke bi grafo de Aranda y el norteamericano Arthur P Whitaker coincidentes ambos en que el Memorial habría

sido fruto de una falsificación hecha u ordenada por Godoy A este apasionante debate la obra arroja luz y propone unas conclusiones basadas en los estudios desarrollados por el autor en los últimos años *Workshop of Revolution* Lyman L. Johnson, 2011-05-05 The plebeians of Buenos Aires were crucial to the success of the revolutionary junta of May 1810 widely considered the start of the Argentine war of independence Workshop of Revolution is a historical account of the economic and political forces that propelled the artisans free laborers and slaves of Buenos Aires into the struggle for independence Drawing on extensive archival research in Argentina and Spain Lyman L. Johnson portrays the daily lives of Buenos Aires plebeians in unprecedented detail In so doing he demonstrates that the world of Spanish colonial plebeians can be recovered in reliable and illuminating ways Johnson analyzes the demographic and social contexts of plebeian political formation and action considering race ethnicity and urban population growth as well as the realms of work and leisure During the two decades prior to 1810 Buenos Aires came to be thoroughly integrated into Atlantic commerce Increased flows of immigrants from Spain and slaves from Africa and Brazil led to a decline in real wages and the collapse of traditional guilds Laborers and artisans joined militias that defended the city against British invasions in 1806 and 1807 and they defeated a Spanish loyalist coup attempt in 1809 A gravely weakened Spanish colonial administration and a militarized urban population led inexorably to the events of 1810 and a political transformation of unforeseen scale and consequence El primer liberalismo español y los procesos de emancipación de América, 1808-1824 Roberto Breña, 2006 El primer liberalismo español 1808 1814 ocupa un lugar cada vez mas importante en los estudios sobre la emancipación americana Sin embargo son pocos los intentos que se han hecho por presentar una visión global de las relaciones entre ambos procesos históricos y de la influencia que ejerció ese primer liberalismo sobre los procesos emancipadores Este influjo que al mismo tiempo fue una confluencia tuvo repercusiones que podríamos considerar paradójicas en cualquier caso en esta coincidencia ideológica esta la matriz de lo que la historiografía reciente denomina el liberalismo hispanico 1808 Eduardo Martiré, 2001 **Curs d'Història del Dret**, 2008-10 Aquest llibre s'un curs que pretén desenvolupar una matèria científica la història de les fonts jurídiques i de les institucions politicoadministratives M'interessa remarcar tots dos aspectes El primer perquè tot el que està escrit aquí s'ha dit ja a les aules on la paraula torna ara encadenada amb la impremta El segon aspecte té a veure amb la idea d'ajustar el llibre al que usualment constitueix l'ensenyament de la disciplina el primer any de la llicenciatura en lleis o s'a les fonts i institucions que per mor de la claredat segmenten la matèria en etapes cronològiques successives El curs es divideix en set parts corresponents a l'Espanya primitiva romana visigoda medieval musulmana i cristiana moderna i del segle XIX Les precedeix una altra relativa a qüestions introductòries i a la historiografia jurídica En cada capítol les parts de text sagnat o de lletra petita corresponen a tres coses D'una banda a explicacions més extenses o detallades del relat principal D'una altra a textos jurídics que s'intercalen Finalment a citacions literals d'autors sobre el tema en qüestió **Latin American Constitutions** M. C. Mirow, 2015-09-15 Latin American Constitutions provides a comprehensive historical study of constitutionalism in Latin

America from the independence period to the present focusing on the Constitution of C diz a foundational document in Latin American constitutionalism Although drafted in Spain it was applied in many regions of Latin America and deputies from America formed a significant part of the drafting body The politicization of constitutionalism reflected in Latin America s first moments proved to be a lasting legacy evident in the legal and constitutional world of the region today many of Latin America s present challenges to establishing effective constitutionalism can be traced to the debates ideas structures and assumptions of this text This book explores the region s attempts to create effective constitutional texts and regimes in light of an established practice of linking constitutions to political goals and places important constitutional thinkers and regional constitutions such as the Mexican Constitution of 1917 into their legal and historical context *ORBIS INCOGNITUS*
