## 18th Cent Emigrants Vol 2 Western Palati:

*Missing Relatives and Lost Friends* Robert W. Barnes, 2009-06 Researchers on the trail of elusive ancestors sometimes turn to 18th and early 19th century newspapers after exhausting the first tier of genealogical sources i e census records wills deeds marriages etc Generally speaking early newspapers are not indexed so they require investigators to comb through them looking for the proverbial needle in a haystack With his latest book Robert Barnes has made one aspect of the aforementioned chore much easier This remarkable book contains advertisements for missing relatives and lost friends from scores of newspapers published in Maryland Pennsylvania Delaware and Virginia as well as a few from New York and the District of Columbia The newspaper issues begin in 1719 when the American Weekly Mercury began publication in Philadelphia and run into the early 1800s The author s comprehensive bibliography in the Introduction to the work lists all the newspapers and other sources he examined in preparing the book The volume references 1 325 notices that chronicle the appearance or disappearance of 1 566 persons *Frantz Families -- Kith & Kin* Dore Manford Frantz, Lorraine Frantz Edwards, 1996 Michael and Christian Frantz were born in Switzerland about 1685 They and possibly another brother came to America about 1725 and settled in Pennsylvania with other Mennonites Later descendants became members of the United Brethren Church and moved to Virginia Ohio and Indiana before separating and gradually settling throughout the west and other areas of the United States Several branches live in California and elsewhere *Flying Leaves and One-sheets* Russell D. Earnest, Corinne P. Earnest, Edward L. Rosenberry, 2005 The 134 illustrations in *Flying Leaves and One Sheets* demonstrate the typographical skills of German language printers in North America from the mid 1750s to 1876 Selected for graphic appeal range of subject matter and historic interest these broadsides show the attitudes and literary appetites of Pennsylvania Germans as expressed in printed matter Known for their love of color and decoration Pennsylvania Germans often hand illuminated broadsides so that many are classified as fraktur *Flying Leaves and One Sheets* will appeal to readers in Pennsylvania German visual arts culture and history BOOK JACKET *Passenger and Immigration Lists Bibliography, 1538-1900* Percy William Filby, 1984 *The Palatine Wreck* Jill Farinelli, 2017-09-05 Two days after Christmas in 1738 a British merchant ship traveling from Rotterdam to Philadelphia grounded in a blizzard on the northern tip of Block Island twelve miles off the Rhode Island coast The ship carried emigrants from the Palatinate and its neighboring territories in what is now southwest Germany The 105 passengers and crew on board sick frozen and starving were all that remained of the 340 men women and children who had left their homeland the previous spring They now found themselves castaways on the verge of death and at the mercy of a community of strangers whose language they did not speak Shortly after the wreck rumors began to circulate that the passengers had been mistreated by the ship s crew and by some of the islanders The stories persisted transforming over time as stories do and in less than a hundred years two terrifying versions of the event had emerged In one account the crew murdered the captain extorted money from the passengers by prolonging the voyage

and withholding food then abandoned ship In the other the islanders lured the ship ashore with a false signal light then murdered and robbed all on board Some claimed the ship was set ablaze to hide evidence of these crimes their stories fueled by reports of a fiery ghost ship first seen drifting in Block Island Sound on the one year anniversary of the wreck These tales became known as the legend of the Palatine the name given to the ship in later years when its original name had been long forgotten The flaming apparition was nicknamed the Palatine Light The eerie phenomenon has been witnessed by hundreds of people over the centuries and numerous scientific theories have been offered as to its origin Its continued reappearances along with the attention of some of nineteenth century America s most notable writers among them Richard Henry Dana Sr John Greenleaf Whittier Edward Everett Hale and Thomas Wentworth Higginson has helped keep the legend alive This despite evidence that the vessel whose actual name was the Princess Augusta was never abandoned lured ashore or destroyed by fire So how did the rumors begin What really happened to the Princess Augusta and the passengers she carried on her final fatal voyage Through years of painstaking research Jill Farinelli reconstructs the origins of one of New England s most chilling maritime mysteries

**Trade in Strangers** Marianne S. Wokeck,1999-04-01 American historians have long been fascinated by the peopling of North America in the seventeenth century Who were the immigrants and how and why did they make their way across the ocean Most of the attention however has been devoted to British immigrants who came as free people or as indentured servants primarily to New England and the Chesapeake and to Africans who were forced to come as slaves Trade in Strangers focuses on the eighteenth century when new immigrants began to flood the colonies at an unprecedented rate Most of these immigrants were German and Irish and they were coming primarily to the middle colonies via an increasingly sophisticated form of transport Wokeck shows how first the German system of immigration and then the Irish system evolved from earlier haphazard forms into modern mass transoceanic migration At the center of this development were merchants on both sides of the Atlantic who organized a business that enabled them to make profitable use of underutilized cargo space on ships bound from Europe to the British North American colonies This trade offered German and Irish immigrants transatlantic passage on terms that allowed even people of little and modest means to pursue opportunities that beckoned in the New World Trade in Strangers fills an important gap in our knowledge of America s immigration history The eighteenth century changes established a model for the better known mass migrations of the nineteenth and twentieth centuries which drew wave after wave of Europeans to the New World in the hope of making a better life than the one they left behind a story that is familiar to most modern Americans German Genealogical Digest

,2000 *Quarterly* ,1995 **A Genealogy of Some of the Descendants of Gershom and Miss**
