The Routledge Anthology of Restoration and Eighteenth-Century Drama Kristina Straub, Misty G Anderson, Daniel O'Quinn, 2017-04-07 The Routledge Anthology of Restoration and Eighteenth Century Drama brings together the work of key playwrights from 1660 to 1800 divided into three main sections Restoring the Theatre 1660 1700 Managing Entertainment 1700 1760 Entertainment in an Age of Revolutions 1760 1800 Each of the 20 plays featured is accompanied by an extraordinary wealth of print and online supplementary materials including primary critical sources commentaries illustrations and reviews of productions Taking in the spectrum of this period s dramatic landscape from Restoration tragedy and comedies of manners to ballad opera and gothic spectacle The Routledge Anthology of Restoration and Eighteenth Century Drama is an essential resource for students and teachers alike

Cultural Readings of Restoration and Eighteenth-Century English Theater Deborah Payne Fisk, J. Douglas Canfield, 2010-12-01 Ranging in approach from feminist to historicist the eleven essays in this collection share the culturalist premise that the drama of late Stuart and early Georgian England helped to constitute the dominant ideology of the period The contributors varied approaches allow for the reconsideration of libertinism the politics of sexual desire and other classic issues as well as such newer concerns as the social construction of the first English actresses empiricism as an emergent epistemological discourse cultural anxiety about novelty and repetition and shifting tropes of inherent worth By reading well known works in unexpected ways and focusing on less frequently studied dramatists from Sedley Motteux Pix and Behn to Manley Trotter and Shadwell the contributors also test the limits of the canon In addition they suggest that earlier critical perceptions perhaps even more than the innate worth of the plays determined the shape of the canon These essays present a different image of Restoration and eighteenth century theater one that reveals how the drama was a site as important for the negotiation of cultural meaning as were novels and verse satires

Popular Plays by Women in the Restoration and Eighteenth Century Tanya M. Caldwell, 2011-06-30 This anthology offers a selection of popular dramatic works by female playwrights from Aphra Behn in the 1670s through Hannah Cowley in the later eighteenth century These plays were successful as plays of their time not just as plays by women together providing evidence that women dramatists often managed better than their male counterparts to please diverse audiences who were notoriously fickle as well as predisposed to oppose them Accessible to both graduates and undergraduates Popular Plays by Women shows how these playwrights captured audiences through wit social awareness and dramatic dexterity As well as including the prologues and epilogues of the four plays presented this anthology provides additional materials in which female playwrights discuss the prejudices and special difficulties they face

18th Century Plays, 1738 **The Broadview Anthology of Restoration and Early Eighteenth Century Drama: Concise Edition** J. Douglas Canfield, Maja-Lisa von Sneidern, 2003-04-17 The Broadview Anthology of Restoration and Early Eighteenth Century Drama Concise Edition with twenty one plays is half the length of the full anthology without compromising its breadth

Concentrating on plays from the heyday of 1660-1737 it focuses on Restoration drama proper and Revolution drama with a selection from the early Georgian period and the later Georgian period's laughing comedy. Seven of the nine sub-genres: personal tragedy, tragicomic, romance, social comedy, subversive comedy, corrective satire, menippean satire, and laughing comedy of the full anthology are represented with the preponderance of exposure given to the jewel of this theatre: its comedy. Each play is fully annotated and prefaced with an historical introduction. Also included are a general introduction, a statement of procedures, and a glossary.

English Drama Richard W. Bevis, 1988. What were the causes of Restoration drama's licentiousness? How did the elegantly turned comedy of Congreve become the pointed satire of Fielding? And how did Sheridan and Goldsmith reshape the materials they inherited? In the first account of the entire period for more than a decade, Richard Bevis argues that none of these questions can be answered without an understanding of Augustan and Georgian history. The years between 1660 and 1789 saw considerable political and social upheaval which is reflected in the eclectic array of dramatic forms that is Georgian theatre's essential characteristic.

Reading Drama in Eighteenth-Century France Thomas Wynn, 2024. Thomas Wynn explores how plays were read in eighteenth-century France and relatedly the mode of closet drama plays that were never performed within the playhouse. Drawing on queer theory, Wynn argues that eighteenth-century closet reading fostered disruptive pleasures that imparted another side to the period's *théâtre de salon*.
