1900 20 The Birth Of Modernism:

1900-20 Jackie Gaff, 2000 Surveys the major trends and movements of twentieth century art and highlights leading artists and works The School Librarian, 1999 *The Oxford Critical and Cultural History of Modernist Magazines* Peter Brooker, Andrew Thacker, 2009 The first full study of the role of little magazines and their contribution to the making of artistic modernism and the avant garde across Europe this volume is a major scholarly achievement of immense value to those interested in material culture of the twentieth century *Book Review Index*, 2003 Vols 8 10 of the 1965 1984 master cumulation constitute a title index Yeats, Revival, and the Temporalities of Irish Modernism Gregory Castle, 2024-04-11 Yeats Revival and the Temporalities of Irish Modernism offers a new understanding of a writer whose revivalist commitments are often regarded in terms of nostalgic yearning and dreamy romanticism It counters such conventions by arguing that Yeats's revivalism is an inextricable part of his modernism Gregory Castle provides a new reading of Yeats that is informed by the latest research on the Irish Revival and guided by the phenomenological idea of worldmaking a way of looking at literature as an aesthetic space with its own temporal and spatial norms its own atmosphere generated by language narrative and literary form The dialectical relation between the various worlds created in the work of art generate new ways of accounting for time beyond the limits of historical thinking It is just this worldmaking power that links Yeats's revivalism to his modernism and constructs new grounds for recognizing his life and work **Performing Modernism** Alexandra Chiriac, 2022-07-18 Der Band befasst sich mit der Moderne in Design und darstellender Kunst im Rum nien der Zwischenkriegszeit Er folgt den transnationalen Wegen bemerkenswerter j idischer K nstler innen Schauspieler innen und Regisseur innen der Avantgarde die in den 1920er und 30er Jahren in Bukarest t tig waren Das Buch deckt einerseits die Geschichte von Bukarests erster moderner Designinstitution auf und untersucht die Verbindungen zu deutschem Design und Bauhaus Der Fokus liegt andererseits auf innovativen Kollaborationen im Bereich des jiddischen Theaters darunter der Aufenthalt der weltbekannten Wilnaer Truppe in Rum nien Die Autorin zeigt auf wie Bukarest mit Berlin Riga und Chicago in Verbindung stand und beleuchtet den Beitrag j idischen Kulturschaffens zur Avantgardebewegung in Europa und dar ber hinaus **Pop Modernism** Juan A. Suárez, 2022-08-15 Pop Modernism examines the popular roots of modernism in the United States Drawing on a wide range of materials including experimental movies pop songs photographs and well known poems and paintings Juan A Su rez reveals that experimental art in the early twentieth century was centrally concerned with the reinvention of everyday life Su rez demonstrates how modernist writers and artists reworked pop images and sounds old fashioned and factory made objects city spaces and the languages and styles of queer and ethnic others Along the way he reinterprets many of modernism's major figures and argues for the centrality of relatively marginal ones such as Vachel Lindsay Charles Henri Ford Helen Levitt and James Agee As Su rez shows what's at stake is not just an antiquarian impulse to rescue forgotten past moments and works but a desire to establish an archaeology of our present art culture and activism

Children's Book Review Index Gary C. Tarbert, 2001

The Modernity of English Art, 1914-30 David Peters

Corbett, 1997 The modernity of English art reconceptualises the history of English painting from 1914 to the end of the 1920s Whereas most accounts have tended to see the period as marked by a tension between the native tradition and Modernism this ground breaking book rethinks the 1920s by situating both Modernist and non Modernist painters within a wider cultural history Established figures such as Paul Nash Edward Wadsworth and Wyndham Lewis as well as lesser known artists like Charles Sims John Armstrong and Ethelbert White are discussed and illustrated in a series of innovative readings within this context The modernity of English art offers a new account of painting in England after 1914 and argues for a strongly revisionist view of the significance of the modern during this important but neglected period in English art **Modernism**

Lawrence Rainey, 2005-07-15 **Modernism** An Anthology is the most comprehensive anthology of Anglo American modernism ever to be published Amply represents the giants of modernism James Joyce Gertrude Stein Virginia Woolf T S Eliot Ezra Pound Wallace Stevens Marianne Moore Samuel Beckett Includes a generous selection of Continental texts enabling readers to trace modernism's dialogue with the Futurists the Dadaists the Surrealists and the Frankfurt School Supported by helpful annotations and an extensive bibliography Allows readers to encounter anew the extraordinary revolution in language that transformed the aesthetics of the modern world *Acrobatic Modernism from the Avant-garde to Prehistory* Jed

Rasula, 2020 Moving through a vast geographical cultural and artistic terrain and juxtaposing numerous modernist works this volume explores the multiplicity of modernism and provides in depth case studies including of James Joyce's *Finnegans Wake* the reception of jazz music in Europe and the Cubist movement in the visual arts *Confession* Patrick W. Carey, 2018-09-05

Confession is a history of penance as a virtue and a sacrament in the United States from about 1634 when Catholicism arrived in Maryland to 2015 fifty years after the major theological and disciplinary changes initiated by the Second Vatican Council Patrick W Carey argues that the Catholic theology and practice of penance so much opposed by the inheritors of the Protestant Reformation kept alive the biblical penitential language in the United States at least until the mid 1960s when Catholic penitential discipline changed During the nineteenth and early twentieth centuries American Catholics created institutions that emphasized in opposition to Protestant culture confession to a priest as the normal and almost exclusive means of obtaining forgiveness Preaching teaching catechesis and parish revival type missions stressed sacramental confession and the practice became a widespread routine in American Catholic life After the Second Vatican Council the practice of sacramental confession declined suddenly The post Vatican II history of penance influenced by the Council's reforms and by changing American moral and cultural values reveals a major shift in penitential theology moving from an emphasis on confession to emphasis on reconciliation Catholics make up about a quarter of the American population and thus changes in the practice of penance had an impact on the wider society In the fifty years since the Council penitential language has been overshadowed increasingly by the language of conflict and controversy In today's social and political

climate Confession may help Americans understand how far their society has departed from the penitential language of the earlier American tradition and consider the advantages and disadvantages of such a departure *Postmodern Representations* Richard Harvey Brown,1995 Birth of Modernism (1900-1920). Jackie Gaff,1999 Between Tradition and Modernity Mark A. Russell,2007 List of illustrations Preface Acknowledgments Introduction The life and work of Aby Warburg in its Hamburg context Aby Warburg s Hamburg Comedy the personal concerns and professional ambitions of a young scholar Political symbolism and cultural monumentalism Hamburg s Bismarck memorial 1898 1906 Collective memory failure the mural decoration of Hamburg s city hall 1898 1909 A moment of calm in the chaos of war Willy von Beckerath s Eternal Wave 1913 1918 Conclusion Bibliography Index *20th Century* Richard Overly,2012-09-03 From global wars to the digital revolution explore the world changing events of the 20th century decade by decade with 20th Century This is history as you ve never seen it before the events the people and the political and cultural milestones that have shaped our world using a fresh new approach All the significant happenings of the last century are featured in a unique graphic style with photographic timelines eyewitness photographs and storyboards capturing key historical moments as they unfolded A fascinating read for the whole family 20th Century is an ideal one stop reference American Dreams Williams College. Museum of Art,2005 The seven essays included in this volume move beyond the famed Ashcan School to recover the lesser known work of Robert Henri s women students The contributors who include well known scholars of art history American studies and cultural studies demonstrate how these women

participated in the modernizing of women's roles during this era *The Ambiguous Legacy of Socialist Modernist Architecture in Central and Eastern Europe* Mariusz Sokołowicz, Aleksandra Nowakowska, Błażej Ciarkowski, 2023-04-28 This book examines the unique socialist modernist architecture built in the twentieth century in Central and Eastern Europe as a source of heritage and of existing and potential value for the present and future generations Due to the historical context in which it was created such architecture remains ambiguous On the one hand the wider public associates it with the legacy of the unpleasant period of the real socialist economic regime Yet on the other hand it is also a manifestation of social modernization and the promotion of a significant proportion of the population This book focuses particularly on concrete heritage a legacy of modernist architecture in Central and Eastern Europe and it was this material that enabled their rebuilding after World War II and modernization during the following decades The authors search for the value of modernist architecture and using case studies from Poland Bulgaria Northern Macedonia Lithuania and Slovenia verify to what extent this heritage is embedded in the local socio economic milieu and becomes a basis for creating new values They argue that the challenge is to change the ways we think about heritage from looking at it from the point of view of a single monument to thinking in terms of a place with its own character and identity that builds its relation to history and its embeddedness in the local space Furthermore they propose that the preservation of existing concrete structures and adapting them to modern needs is of great importance for sustainability With increasing awareness of the issue of preserving post war architectural heritage and the strategies of dissonant heritage management this multidisciplinary study will be of interest to architecture historians conservators heritage economists urban planners and architects
