1901 The Forgotten Election:

1901 Marian Simms, 2001 From the John Holmes Library collection **Neither Power Nor Glory** Paul Strangio, 2012

When Frank Hardy published *Power Without Glory* his notorious novel about corruption and venality in the Victorian Labor Party it quickly came to be seen as a true account of the party. Until now there has been no authoritative chronicle of the struggles of political Labor in Victoria from its origins in the mid nineteenth century through to the calamitous split of the 1950s. By conventional measures these were fallow years. Ensnared by the colony's powerful liberal protectionist tradition in the late nineteenth century Victorian Labor then found itself hindered by a grossly unfair electoral system and the lack of a constituency outside Melbourne's industrial suburbs. But exile from government also meant that the party developed its own distinctive traditions and culture. It was a unique and intriguing species among the state Labor parties. Meticulously researched and elegantly written *Neither Power Nor Glory* fills an important gap in Australian political history and our understanding of the Labor Party. It is also a timely antidote to nostalgia about Labor's past. In Victoria at least that past was anything but golden.

From the Hustings to Harbour Views Marian Simms, 2006 Easy to enrol easy to vote was the slogan devised by the New South Wales electoral office in the 1980s. How did this system evolve from a British based model to a distinctively Australian one?

Islam and the Australian News Media Halim Rane, Mohamad Abdalla, Jacqui Ewart, 2010

Few issues have captured media headlines over the past two decades like Islam and Muslims and much of what the Australian public knows about Islam and its followers is gleaned from the mass media. *Islam and the Australian News Media* tackles head on the Australian news media's treatment of Islam and Muslims. This incisive collection brings together the research and insights of academics, editors and journalists on the representation of Islam and its impact on social relations, the newsworthiness of Muslim issues and the complexities of covering Islam. Importantly *Islam and the Australian News Media* also explores how Muslim communities in Australia are responding to their image in the Australian news media. This book is a must read for all those interested in the relationship between media and society. Publisher description 2001

Australia's Forgotten Soldiers in the Empire, 1939-1947 Lee Rippon, 2024-08-02 This book explores how Australia managed the prisoner of war issue throughout the Second World War and the immediate post war period. It examines how the Australian government responded to the captivity of thousands of Australians in Italy and the detention of an even greater number of Italians in Australia. The war it finds

created a series of diplomatic and political challenges for belligerent governments including Australia The author contends that Australia s response was guided not only by other pragmatic considerations such as reciprocity the practicalities of war and importantly national interest The Australian government was not the only one to manage its prisoner of war policy in this way By exploring the Australian government s relationship with Britain as part of the British Empire this book clarifies under what circumstances and to what extent Australia sought to assert a level of independence in pursuing its national interest even when that approach did not align with British policy An Immigrant Nation Seeks Cohesion James Jupp,2018-04-10

An Immigrant Nation Seeks Cohesion presents Australian traditions myths and legends in an understanding but often critical light in the belief that such devices have often been used by interested parties and even governments to maintain social solidarity and to mould a very complex people into a coherent and obedient whole Australia is not and never has been an equal society It has not always been a peaceful and tolerant society but it is more so than most other states and especially many of those sending immigrants It is not a perfect democracy Many have been mistreated and even persecuted but that most of those suffering at present are either indigenous or refugees should not be a cause of indifference Australians may be suspicious of foreigners and social and political deviants But they have passed a whole series of reforming laws since the Federation in 1901 not all of which have been as racist as the White Australia policy An Immigrant Nation Seeks Cohesion attempts to get a little bit closer to the truth of two hundred years of creating a liveable society in what was a remote and unknown part of the world So Many Firsts Margaret FitzHerbert,2009 Inspiring and informative So Many Firsts examines the political lives of women in the Liberal Party from Enid Lyons to today Annabelle Rankin Margaret Guilfoyle Helen Coonan and Julie Bishop are among the pioneering women who achieved so many firsts in their achievements as women and for women They had many hurdles to overcome including the long fight to extend child endowment the battle to remove the legislative barriers to married women working in the public service equal work equal opportunity and equal pay along with the notion that they could do more than only represent women s issues In 1948 The Mail helpfully declared of Senator Annabelle Rankin She tackles men s problem s too In the Turnbull era women are occupying many of Party s key positions and continue to applying their spirit and talent to achieving even more firsts for the nation Sir William Rooke Creswell and the Foundation of the Australian Navy Sheila Dwyer,2014-03-26 The six Australian colonies united on 1st January 1901 to become the Commonwealth of Australia One of the reasons given for this federation was that the Commonwealth could provide a common defence William Rooke Creswell argued that as an island continent Australia could not defend itself without a navy He saw no point in having a 70 000 strong army if only one enemy battleship could destroy port cities and disrupt maritime trade and sea communications Creswell was not alone in his campaign to establish a navy for Australia but he was the one constant advocate throughout the years from his first proposals on a navy for Australia in 1886 to when the first ships of the Australian Fleet sailed into Sydney Harbour in October 1913 **Christianity, Modernity and Culture**

John Stenhouse, G. A. Wood, 2005 For much of the twentieth century New Zealand historians like most Western scholars largely took it for granted that as modernity waxed religion would wane Secularization the fading into insignificance of religion would distinguish the modern era from previous ages Until the 1980s only a handful of scholars around the world raised serious empirical and theoretical questions about a Grand Theory that had become central to the self understanding of the social sciences and of the modern world Heated debates since then and the unmistakable resurgence of world religions have raised fundamental questions about the empirical and theoretical adequacy of secularization theory and especially about how far it applies outside Europe This volume revisits New Zealand history when secularization is no longer taken for granted as the Only Big Story that illuminates the country's social and cultural history Contributors explore how New Zealanders diverse religious and spiritual traditions have shaped practical everyday concerns in politics racial and ethnic relations science the environment family life gender relations and other domains **Australian Citizenship** Brian Galligan, Winsome Roberts, 2004 Australians have much to celebrate in the hundred years of their citizenship but also a good deal to be ashamed of The authors argue that good citizenship depends on moral citizens able to discern between what is worthy of respect and pride and what is shameful in national life Galligan and Roberts from Uni of Melbourne Colony Reg Hamilton, 2010 Until 1832 the small towns of England were ruled by a curious set of institutions These included the local Church of England and its vestry and the unelected and self appointing local government They also had vigorous campaigns for election to the House of Commons and public voting characterised by virulent free speech and the occasional riot How would these institutions transfer to Britain's colonies In 1856 the remote colony of South Australia had the secret ballot votes for all adult men and religious freedom and in 1857 self government by an elected parliament The basic framework of a modern democracy was suddenly established How did South Australia become so modern so early How were British institutions radically transformed by British colonists and why did the Colonial Office allow it Reg Hamilton answers these questions with an amusing history of the curious institutions of unreconstructed Dover before modern democracy in the period 1780 1835 and of the spirited and occasionally shameful conduct of colonists far from home but determined to make their fortune in the distant colony of South Australia **The English in Australia** James Jupp, 2004-05-11 This 2004 book looks at Australia in terms of English immigration and settlement over two centuries *Confusion* Nicholas Dyrenfurth, 2009 CONFUSION revisits the seminal moment when liberals threw in their lot with the conservatives In CONFUSION some of Australia's foremost political historians including Marian Quartly and Stuart Macintyre revisit the seminal moment when liberals threw in their lot with the conservatives In May 1909 Alfred Deakin the radical liberal doyen struck an agreement for a controversial fusion with the anti Labor factions with the new grouping later adopting the name Liberal Party After a heated campaign Labor won the 1910 election forming the first majority government in the history of the Commonwealth How had this occurred For most of the previous decade Labor and Deakin had been allies Was the anti Labor alliance the

inevitable outcome of middle class men rallying against the growing electoral might of the workers party What were the long term consequences for both sides of politics With Labor in power federally and in all but one state the non Labor side of politics has been plunged into a period of introspection about its coalition arrangements and about the legitimate traditions of Australian liberalism Can the current Liberals learn from the events of a century ago *Liberal Women* Margaret FitzHerbert,2004 In 2004 Liberal Women was shortlisted for the NSW Premier s History Awards When Menzies formed the modern Liberal Party out of the squabbling rabble of the UAP in 1944 he had to cede to the women s organisations formal representation and real power Liberal Women is the story of why It is a tale of strong vocal persistent women who carried the liberal flame across Australia in the first half of the 20th century while the men split and merged and talked and merged and split again It is the story of women who grasped the implications of the female suffrage that followed Federation in a way that no others did winning elections meant winning the female vote and delivering the female vote gave political power The Liberal women formed some of the most effective political organisations in the country Liberal Women is the first detailed account of these women as political pioneers as power brokers and factional warriors as candidates for office and as members of parliament Relying on extensive primary research much of it previously unpublished Margaret Fitzherbert describes their political organisations and activity amidst a wealth of biographical detail on women such as Enid Lyons Elizabeth Couchman Ivy Deakin Lady Margaret Forrest and Irene Longman **Politics, Media and Campaign Language** Stephanie Brookes,2017-04-03 Span Acknowledgements Epigraph 1 Introduction 2 Storytelling 3 Belonging 4 Values 5 Community 6 Security 7 Vision 8 Hearts and Minds Appendices References Index span Electoral Democracy Joo-Cheong Tham,Brian Costar,Graeme Orr,2011-06-15 A healthy democracy relies on a healthy electoral system Are the ways we run elections and political parties adapting to contemporary challenges and learning from international experience Drawing together leading political scientists and legal scholars Electoral Democracy examines pressing debates about the regulation of political finance parties and representation in Australia It does so by testing the system and reform proposals against three fundamental and sometimes conflicting values political equality liberty and integrity This book will inform and provoke all who take part in and care about Australia s electoral democracy **From Secret Ballot to Democracy Sausage** Judith Brett,2019-03-05 It s compulsory to vote in Australia We are one of a handful of countries in the world that enforce this rule at election time and the only English speaking country that makes its citizens vote Not only that we embrace it We celebrate compulsory voting with barbeques and cake stalls at polling stations and election parties that spill over into Sunday morning But how did this come to be when and why was voting in Australia made compulsory How has this affected our politics And how else is the way we vote different from other democracies Lively and inspiring From Secret Ballot to Democracy Sausage is a landmark account of the character of Australian democracy by the celebrated historian Judith Brett the prize winning biographer of Alfred Deakin Judith Brett is the author of Robert Menzies Forgotten People and emeritus professor of politics
