THE GERMAN OFFENSIVES OF 1918

THE LAST DESPERATE GAMBLE

Ian Passingham

Series Editor - Christopher Summerville

1918 The German Offensives

Holger Afflerbach

1918 The German Offensives:

1918 John Sheen, 2008-03-21 Serves to illustrate the carnage of battle throughout the three critical months of 1918 March April and May An amazing archive The Great War Magazine In March 1918 the German Army launched a series of offensives that brought them very close to winning the war Military photographers followed their advance and took many photographs of the operations as they progressed This is the war seen from the German perspective British and French soldiers lie dead on the battlefield and Allied prisoners are escorted to the rear as the German Artillery pound away covering the advance of the Feldgrau These photographs are seldom seen in books dealing with the allied point of view Many scarce and rare photographs show the carnage of battle throughout March April and May 1918 The author has also included group photographs of some of the units involved as well as memorial cards of individuals who fell or died of wounds This book will be a useful reference to anyone with an interest in the German Army during the First World War Provides a good close up look at soldiers guns shells small arms and other points of interest Over the Front It is like watching a well made documentary unfold before your eyes The whole book is a superb piece of work highly recommended Destructive Music Particularly atmospheric This is an unusual and welcome selection of illustrations Military Illustrated The German Offensives of 1918 Martin Kitchen, 2001 A campaign history of the Kaiser's 1918 Western front offensives attacks that very nearly won the first world war for imperial Germany **Kaiserschlacht 1918** Randal Gray, 2004 This title describes how using new Storm Trooper units and high mobility tactics the German Operation Kaiserschlacht shattered the front line broke into open country and came within a hair's breadth of winning the First World War The German Offensives of 1918 Ian Passingham, 2008-09-22 The author of All the Kaiser's Men provides a very helpful reference to the battles which finally led to the German Army's defeat in the field The Western Front Association Few pivotal years in history are less understood than that of 1918 It was a momentous period which began with Germany's desperate gamble to win the Great War through a sequence of offensives on the Western Front Ian Passingham's graphic new study draws on a wide range of original German British and French sources and it features previously unpublished eyewitness accounts and photographs He boldly reassesses German military doctrine the strategic thinking behind the offensives and the effectiveness of the stormtroop tactics used He also considers how the poor state of German military morale and the privations and unrest of the German people contributed to the army's defeat **The German 1918 Offensives** David T. Zabecki, 2006-09-27 This is the first study of the Ludendorff Offensives of 1918 based extensively on key German records presumed to be lost forever after Potsdam was bombed in 1944 In 1997 David T Zabecki discovered translated copies of these files in a collection of old instructional material at the U S Army Command and General Staff College at Fort Leavenworth Kansas He presents his findings here for the first time with a thorough review of the surviving original operational plans and orders to offer a wealth of fresh insights to the German Offensives of 1918 David T Zabecki clearly demonstrates how the German failure to exploit

the vulnerabilities in the BEF's rail system led to the failure of the first two offensives and how inadequacies in the German rail system determined the outcome of the last three offensives This is a window into the mind of the German General Staff of World War I with thorough analysis of the German planning and decision making processes during the execution of battles This is also the first study in English or in German to analyze the specifics of the aborted Operation HAGEN plan This is also the first study of the 1918 Offensives to focus on the operational level of war and on the body of military activity known as the operational art rather than on the conventional tactical or strategic levels This book will be of great interest to all students of World War I the German Army and of strategic studies and military theory in general *The German 1918 Offensives in France & Flanders* John Sheen, 2008 In March 1918 the German Army launched a series of offensives that brought them very close to winning the war Military photographers followed their advance and took many photographs of the operations as they progressed This is the war seen from the German perspective British and French soldiers lie dead on the battlefield and Allied prisoners are escorted to the rear as the German Artillery pound away covering the advance of the Feldgrau These photographs are seldom seen in books dealing with the allied point of view Many scarce and rare photographs show the carnage of battle throughout March April and May 1918 The author has also included group photographs of some of the units involved as well as memorial cards of individuals who fell or died of wounds This book will be a useful reference to anyone with an interest in the German Army during the First World War **1918: the German Offensives** Trevor Nevitt Dupuy, Julia Crick, 1967 Modern Campaigns Christopher Davies Publishers, Limited, Randal Gray, 1997 **German Tactics In The Michael Offensive March 1918** Major Patrick T. Stackpole, 2014-08-15 This study investigates the German spring offensive of 1918 to determine how the Germans achieved tactical success yet failed to reach their strategic objective The study covers the development of new German infantry tactics during limited offensive operations and conduct of the elastic defense on the western front It investigates the development of artillery tactics on the eastern front and the incorporation of these artillery and infantry tactics into larger scale offensives at Caporetto The study describes the preparation of both the infantry and artillery units for the Michael offensive The relationship between the infantry and artillery tactics combined with the British defense is the key to determine the causes for success and failure The German tactical system used in Operation Michael was a brilliant adaptation to the lethality of the World War I battlefield The German techniques were superb tools for conducting a breakthrough of a defensive zone However the lack of German mobility following the breakthrough foiled the German strategic goal to envelop the British Army German techniques and lessons learned in this offensive have direct application to U S Army infiltration doctrine **United States Army in the World War, 1917-1919: Organization of the American Expeditionary Forces**, 1988 A seventeen volume compilation of selected AEF records gathered by Army historians during the interwar years This collection in no way represents an exhaustive record of the Army's months in France but it is certainly worthy of serious consideration and thoughtful review by

students of military history and strategy and will serve as a useful jumping off point for any earnest scholarship on the war from Foreword by William A Stofft *1918* Matthias Strohn, 2018-03-09 This wide ranging collection of articles by some of the most renowned names in the subject explores the tumultuous events of the final year of the First World War In 2018 the world commemorated the centenary of the end of the First World War In many ways 1918 was the most dramatic year of the conflict After the defeat of Russia in 1917 the Germans were able to concentrate their forces on the Western Front for the first time in the war and the German offensives launched from March 1918 onward brought the Western Allies close to defeat Having stopped the German offensives the Entente started its counter attacks on all fronts with the assistance of fresh US troops driving the Germans back and by November 1918 the Central Powers had been defeated This study is a multi author work containing ten chapters by some of the best historians of the First World War from around the world writing today It provides an overview and analysis of the different levels of war for each of the main armies involved within the changing context of the reality of warfare in 1918 It also looks in detail at the war at sea and in the air and considers the aftermath and legacy of the First World War **United States Army in the World War, 1917-1919** United States. Department of the Army. Office of Military History, 1948 **The Paris Gun** Henry Willard Miller, 1930 **The United States Army in the World War, 1917-1919** United States Historical Division (Army)., 1948 **United States Army in the World War, 1917-1919: Organization of the American Expeditionary Forces** United States. Department of the Army. Office of Military History, 1948 *Violence Against Prisoners of War in the First World War* Heather Jones, 2011-06-02 First in depth comparative study of the treatment of prisoners of war during the First World War [The Military History of World War One](#) Trevor Nevitt Dupuy, 1967 *European Powers in the First World War* Spencer Tucker, 2018-12-07 First published in 1996 The First World War was the single most important event of the twentieth century This volume concentrates on non U S aspects of the conflict Organized alphabetically its more than 600 detailed entries offer information and insight on such subjects as the causes of the conflict major battles and campaigns weapons systems including military aviation chemical warfare the submarine and the tank and the terms of the peace Some 350 biographies provide information on the roles played in the conflict by generals admirals and civilian leaders There are also biographies of individuals who were shaped by the war such as Charles De Gaulle Adolf Hitler Benito Mussolini and Joseph Stalin essays on each of the countries involved in the conflict new appraisals of such subjects as military medicine and artillery tactics and essays on such diverse subjects as art literature and music in the war Each entry has references for additional reading and a subject index provides easy access The volume is an excellent reference source for scholar and neophyte alike *On a Knife Edge* Holger Afflerbach, 2022-10-20 A fundamental reassessment of German politics and strategy during the First World War and why it was that Germany lost [The Roots of Blitzkrieg](#) James S. Corum, 1992 Following Germany s defeat in World War I the Germans signed the Versailles Treaty theoretically agreeing to limit their war powers The Allies envisioned the future

German army as a lightly armed border guard and international security force The Germans had other plans

Uncover the mysteries within Explore with is enigmatic creation, Discover the Intrigue in **1918 The German Offensives** .
