1921 Tulsa Race Riot:

Tulsa, 1921 Randy Krehbiel, 2019-09-19 In 1921 Tulsa's Greenwood District known then as the nation's Black Wall Street was one of the most prosperous African American communities in the United States But on May 31 of that year a white mob inflamed by rumors that a young Black man had attempted to rape a white teenage girl invaded Greenwood By the end of the following day thousands of homes and businesses lay in ashes and perhaps as many as three hundred people were dead Tulsa 1921 shines new light into the shadows that have long been cast over this extraordinary instance of racial violence With the clarity and descriptive power of a veteran journalist author Randy Krehbiel digs deep into the events and their aftermath and investigates decades old questions about the local culture at the root of what one writer has called a white led pogrom Krehbiel analyzes local newspaper accounts in an unprecedented effort to gain insight into the minds of contemporary Tulsans In the process he considers how the Tulsa World the Tulsa Tribune and other publications contributed to the circumstances that led to the disaster and helped solidify enduring white justifications for it Some historians have dismissed local newspapers as too biased to be of value for an honest account but by contextualizing their reports Krehbiel renders Tulsa's papers an invaluable resource highlighting the influence of news media on our actions in the present and our memories of the past The Tulsa Massacre was a result of racial animosity and mistrust within a culture of political and economic corruption In its wake Black Tulsans were denied redress and even the right to rebuild on their own property yet they ultimately prevailed and even prospered despite systemic racism and the rise during the 1920s of the second Ku Klux Klan As Krehbiel considers the context and consequences of the violence and devastation he asks Has the city indeed the nation exorcised the prejudices that led to this tragedy The 1921 Tulsa Race Massacre Chris M. Messer, 2021-06-12 This book examines the Tulsa Race Massacre of 1921 perhaps the most lethal and financially devastating instance of collective violence in early twentieth century America The Greenwood district a comparably prosperous black community spanning thirty five city blocks was set afire and destroyed by white rioters This work analyzes the massacre from a sociological perspective extending an integrative approach to studying its causes the organizational responses that followed and the complicated legacy that remains The 1921 Tulsa Race Massacre Karlos K. Hill, 2021-03-18 On the evening of May 31 1921 and in the early morning hours of June 1 several thousand white citizens and authorities violently attacked the African American Greenwood District of Tulsa Oklahoma In the course of some twelve hours of mob violence white Tulsans reduced one of the nation's most prosperous black communities to rubble and killed an estimated 300 people mostly African Americans This richly illustrated volume featuring more than 175 photographs along with oral testimonies shines a new spotlight on the race massacre from the vantage point of its victims and survivors Historian and Black Studies professor Karlos K Hill presents a range of photographs taken before during and after the massacre mostly by white photographers Some of the images are published here for the first time Comparing these photographs to those taken elsewhere in the

United States of lynchings the author makes a powerful case for terming the 1921 outbreak not a riot but a massacre White civilians in many cases assisted or condoned by local and state law enforcement perpetuated a systematic and coordinated attack on Black Tulsans and their property Despite all the violence and devastation black Tulsans rebuilt the Greenwood District brick by brick By the mid twentieth century Greenwood had reached a new zenith with nearly 250 Black owned and Black operated businesses Today the citizens of Greenwood with support from the broader community continue to work diligently to revive the neighborhood once known as Black Wall Street As a result Hill asserts the most important legacy of the Tulsa Race Massacre is the grit and resilience of the Black survivors of racist violence The 1921 Tulsa Race Massacre A Photographic History offers a perspective largely missing from other accounts At once captivating and disturbing it will embolden readers to confront the uncomfortable legacy of racial violence in U S history White Riot / Black Massacre Kris Rose,2021-05-25 In highly segregated Tulsa Oklahoma in June 1921 a white mob attacked the mostly Black neighborhood of Greenwood Hundreds of people were killed and thousands injured Homes businesses schools and churches were burned or looted The city government supported the mob insurance companies refused to cover the losses and the KKK touted it as a great success The news media barely mentioned it and it was rarely reported on or taught about in schools For decades it was referred to as a riot and only recently has the more accurate term massacre been applied in official documents This short history creates an evocative account grounded in well researched details that bring the events alive in an urgent and personal way as well as detailing what happened afterwards and the ongoing fight for reparations As we reach the centennial of these atrocities this zine serves as a reminder that we must all take an active role in not repeating the worst of our history

Telling Our Stories (Based on Events of the 1921 Tulsa Race Riot) - Volume I Rodney Clark,2019-03-23 In Volume One Telling Our Stories Based on the Events of the 1921 Race Riot three plays entitled The Griffins Greenwood and Gurley s Glorious Greenwood Gone dramatizes stories inspired by true events from March 28 1921 until June 15 1921 In The Griffins Alex and Mattie Griffin are successful entrepreneurs in the Negro business section on Greenwood Avenue in Tulsa Oklahoma Black Wallstreet in 1921 The planned lynching of a 19 year old Negro boy Dick Rowland for allegedly raping a young white girl Sarah Page in an elevator sparks the worst race riot in history The Griffin family experiences these events based on true accounts during the hot summer of 1921 The story is told through a fictional account from the eyes of the Griffin family Their experiences epitomize the events from a perspective of an African American family during one of the worst calamities of the United States In Greenwood the riot turns into a massacre as black people run for their lives from gunfire and airplanes dropping bombs Although a few valiant black men fought hard to save the Greenwood community the enormous number of white men overwhelmed them and killed many black families that included innocent women and children This story witnesses the true accounts of families fighting for their survival Characters tell the story of how over thirty four blocks of a once vibrant community was destroyed and personal belongings of black people were taken by white mobs The witnesses share their experiences of seeing people killed loaded on

trucks thrown in the Arkansas river and in buried in mass graves In Gurley s Glorious Greenwood Gone the resilience of the African American community is challenged with rebuilding Greenwood despite the road blocks from the white citizens of Tulsa The different philosophies of Booker T Washington and W E B Dubois lay the theoretical foundation for an argument that focuses on how the community should move forward Passiveness wins out as the African Americans who remain in Tulsa silently rebuild their homes and businesses regardless of the difficult challenges ahead *1921 Tulsa Race Riot and the American Red Cross, "Angels of Mercy"* Bob Hower, Maurice Willows, 1993-01-01 **The Ground Breaking** Scott Ellsworth, 2021-05-20 Chosen by Oprah Daily as one of the Best Books to Pick Up in May 2021 Fast paced but nuanced impeccably researched a much needed book The Guardian So dystopian and apocalyptic that you can hardly believe what you are reading But the story it tells is an essential one with just a glimmer of hope in it Because of the work of Ellsworth and many others America is finally staring this appalling chapter of its history in the face It s not a pretty sight Sunday Times A gripping exploration of the worst single incident of racial violence in American history timed to coincide with its 100th anniversary On 31 May 1921 in the city of Tulsa Oklahoma a mob of white men and women reduced a prosperous African American community known as Black Wall Street to rubble leaving countless dead and unaccounted for and thousands of homes and businesses destroyed But along with the bodies they buried the secrets of the crime Scott Ellsworth a native of Tulsa became determined to unearth the secrets of his home town Now nearly 40 years after his first major historical account of the massacre Ellsworth returns to the city in search of answers Along with a prominent African American forensic archaeologist whose family survived the riots Ellsworth has been tasked with locating and exhuming the mass graves and identifying the victims for the first time But the investigation is not simply to find graves or bodies it is a reckoning with one of the darkest chapters of American history A riveting painful to read account of a mass crime that to our everlasting shame has avoided justice Ellsworth s book presents us with a clear history of the Tulsa massacre and with that rendering a chance for atonement Readers of this book will fervently hope we take that opportunity Washington Post *1921 Tulsa Race Riot* American Inns of Court Foundation. Council Oak Chapter, Greenwood Cultural Center. Pupillage Group 4, 2001 [A Lynched Black Wall Street](#) Jerrolyn S. Eulinberg, 2021-05-13 This book remembers one hundred years since Black Wall Street and it reflects on the 1921 Tulsa Race Massacre Black Wall Street was the most successful Black business district in the United States yet it was isolated from the blooming white oil town of Tulsa Oklahoma because of racism During the early twentieth century African Americans lived in the constant threat of extreme violence by white supremacy lynching and Jim and Jane Crow laws The text explores through a Womanist lens the moral dilemma of Black ontology and the existential crisis of living in America as equal human beings to white Americans This prosperous Black business district and residential community was lynched by white terror hate jealousy and hegemonic power using unjust laws and a legally sanctioned white mob Terrorism operated historically based on the lies of Black inferiority with the support of law and white supremacy Today this same
