1931-1963 Stephen D. Crocco, Kenneth P. Minkema, 2005-06-30 **American Religious History** Amanda Porterfield, 2008-04-15 In this outstanding historical reader the editor has gathered nine essays and over thirty primary documents to present a coherent picture of the history of American religion **Approaching Jonathan Edwards** Dr Carol Ball, 2015-02-28 Approaching Jonathan Edwards offers a new theoretical approach to the study of Edwards with an emphasis on his writing activity as the key strategy in shaping his legacy This book analyses the ways in which Jonathan Edwards intense personal piety and deep experience of divine sovereignty drove an introverted intellectual along a course that would eventually develop into a mature and respected public intellectual **Approaching Jonathan Edwards** Carol Ball, 2015-03-28 Exploring the inner motivations of one of America s greatest religious thinkers this book analyses the ways in which Jonathan Edwards intense personal piety and deep experience of divine sovereignty drove an introverted intellectual along a course that would eventually develop into a mature and respected public intellectual Throughout his life the tension between his innately contemplative nature and the active demands of public office was a constant source of internal and public strife for Edwards Approaching Jonathan Edwards offers a new theoretical approach to the study of Edwards with an emphasis on his writing activity as the key strategy in shaping his legacy Tracing Edwards strategic self fashioning of his persona through the many conflicts in which he was engaged the critical turning points in his life and his strategies for managing conflicts and crises Carol Ball concludes that Edwards found his place as a superlative contemplative apologist and theorist of experiential spirituality **Theism in the Discourse of Jonathan Edwards** R. C. De Prospe, 1985 This book proposes that a new semiotic category called theism can more intelligibly classify the discursive pattern that precedes modern humanism in American literature than such standard historicist categories as Puritanism or Calvinism or medievalism and that the writings of Jonathan Edwards exemplify this theist discursive pattern **Jonathan Edwards** Harold P. Simonson, 2009-05-20 The vast corpus of Jonathan Edwards includes sermons treatises dissertations Miscellanies Diary and Resolves and his Personal Narrative Underlying all his writing is his Calvinist God whose anger justice matched his love glory Equally important is the human condition its darkness and its regenerative light sin and salvation For these reasons Simonson aptly calls Edwards a theologian of the heart one not satisfied with only theological abstractions but also a necessary heartfelt sense of them Penetrating to these levels where literary artists do their work he shares company with the likes of Herman Melville Nathaniel Hawthorne Emily Dickinson and William Faulkner Since the resurgence of interest starting in the 1950s Edwards is now recognized as America s foremost religious thinker Simonson emphasizes Edwards language its imagery metaphors grand sweeps of cadences along with Edwards intensity of both thought and feeling Throughout Simonson s book provides an incisive and carefully documented introduction to Edwards magisterial range of mind and style [The Thought of Jonathan Edwards](#) Miklos Veto, 2021-01-25 Jonathan Edwards is the greatest theologian of

colonial America as well as its first important philosopher As a theologian he represents without any concession Calvinistic Orthodoxy re thought and re lived through the experience of the Great Awakening The large majority of his writings are of a theological character yet this theology is articulated and expressed through a systematic philosophical reflection Edwardsian thought covers three major areas First being grace and glory then the doctrine of the will extending to the study of the original sin and evil finally an entirely original theory of knowledge synthesizing spirituality aesthetics and epistemology The present book the first edition of which appeared in French almost thirty years ago is a uniquely comprehensive study of the work of Jonathan Edwards It discusses all the aspects of his thought over against the background of classical Protestant theology and of seventeenth and eighteenth century Western philosophy Our time witnesses a significant renewal of interest in Jonathan Edwards Professor Veto s book should prove to be a major contribution to assist and to guide the readers of America s Theologian      American Philosophy Barbara MacKinnon,1985-01-01 This anthology demonstrates the richness and diversity of the American intellectual heritage In it we see how Jonathan Edwards grapples with the problem of how to reconcile freedom and responsibility with Calvinist religious beliefs how Franklin and Jefferson exemplified American enlightenment thought and how the Transcendentalists Ralph Waldo Emerson and Henry David Thoreau formulated their particular romantic idealist beliefs A second and significant portion of the anthology is devoted to Pragmatism Substantive excerpts from Peirce James and Dewey as well as Royce are collected here A third part is devoted to other Twentieth Century American philosophies No other collection of writings in this field includes the breadth of coverage that this one does Among the chapters in this third part of the book are those on early Process Philosophy Phenomenology Positivism and Language Philosophies Selections from such philosophers as Whitehead Weiss Buchler Gurwitsch Sellars Quine Davidson and Rawls along with many others are included in this part A final chapter is devoted to twentieth century American Moral Philosophy The book is specifically designed to be used as a text for courses in American philosophy A substantive introduction that emphasizes the historical setting as well as major interests and ideas of the philosophers accompanies each chapter Extensive bibliographies and study guide questions follow each chapter The selections include more than any one course will cover but in their completeness also allow individual teachers and readers to select what they want      **To Understand Things as Well as Words** John R. Van Wyk,2025-06-17 One significant way that the influential Puritan minister Jonathan Edwards 1703 58 remains relevant today is through his approach to teaching His holistic pedagogical approach addressed the total person mind intentions and actions Crucial to Edwards also was mentoring students to assist their spiritual development and to encourage and to help enable their leadership potential This volume fills a significant gap in the academic study of Jonathan Edwards his work as a teacher and educational theorist      **Jonathan Edwards and the Bible** Robert E.
