#### 1955 Revolucion En Cordoba:

The Labor Wars in Cordoba, 1955-1976 James Brennan, 2009-07-01 Cordoba is Argentina's second largest city a university town that became the center of its automobile industry In the decade following the overthrow of Juan Peron s government in 1955 the city experienced rapid industrial growth The arrival of IKA Renault and Fiat fostered a particular kind of industrial development and created a new industrial worker of predominantly rural origins Former farm boys and small town dwellers were thrust suddenly into the world of the modern factory and the multinational corporation The domination of the local economy by a single industry and the prominent role played by the automobile workers unions brought about the greatest working class protest in postwar Latin American history the 1969 Cordobazo Following the Cordobazo the local labor movement was one characterized by intense militancy and determined opposition to both authoritarian military governments and the Peronist trade union bureaucracy These labor wars have been mythologized as a Latin American equivalent to the French student strikes of May June 1968 and the Italian hot summer of the same period Analyzing these events in the context of recent debates on Latin American working class politics Brennan demonstrates that the pronounced militancy and even political radicalism of the Cordoban working class were due not only to Argentina's changing political culture but also to the dynamic relationship between the factory and society during those years Brennan draws on corporate archives in Argentina France and Italy as well as previously unknown union archives Readers interested in Latin American studies labor history industrial relations political science industrial sociology and international business will all find value in this important analysis of labor politics La libertadora María Sáenz Quesada, 2011-04-01 Una nueva mirada sobre la poca de la revoluci n Libertadora lo m s objetiva posible y enriquecida por fuentes y archivos que no hab an sido explotados La Libertadora propone el relato hist rico del tiempo que va desde la ca da de Per n hasta la presidencia de Frondizi En esos 32 meses dos presidentes militares gobernaron con car cter provisional el general Eduardo Lonardi que intent sin xito llevar a la realidad su divisa revolucionaria Ni vencedores ni vencidos y el general Pedro Eugenio Aramburu que se empe en desperonizar a la sociedad y en preparar la entrega del gobierno a las fuerzas pol ticas partidarias En este per odo de facto se puso nfasis en incorporar a la Argentina al orden mundial de la posquerra dentro del modelo de las naciones democr ticas En ese sentido el proceso de desperonizaci n imitaba lo ocurrido luego de la ca da del fascismo en Europa Pronto las diferencias entre un caso y otro fueron evidentes El peronismo retrocedi aunque sin dejar en ning n momento de constituir una alternativa de poder y esto condicion el regreso al r gimen constitucional y dio lugar a proscripciones La Libertadora ofrece un panorama revelador de la poca y de sus protagonistas individuos y grupos son retratados con fidelidad sobre la base de documentos de primera mano muchos de ellos absolutamente in ditos Mar a S enz Quesada aborda con honestidad intelectual y habilidad narrativa un per odo pol mico cuya memoria est empa ada por los fusilamientos de militares y civiles de junio del 56 raz n por la cual cuando se trata de escribir esta historia parafraseando a
