*Malay North* Michael John Montesano, Patrick Jory, 2008 The portion of the Malay Peninsula where the Thai Buddhist civilization of Thailand gives way to the Malay Muslim civilization of Malaysia is characterized by multiple forms of pluralism This book examines a broad range of issues relating to the turmoil afflicting the region     *Studies in Borneo Societies* George N. Appell, 1976     *From Grassroots Activism to Disinformation* Aim Sinpeng, Ross Tapsell, 2020-10-21 This book reflects on the role of social media in the past two decades in Southeast Asia It traces the emergence of social media discourse in Southeast Asia and its potential as a liberation technology in both democratizing and authoritarian states It explains the growing decline in internet freedom and increasingly repressive and manipulative use of social media tools by governments and argues that social media is now an essential platform for control The contributors detail the increasing role of disinformation and fake news production in Southeast Asia and how national governments are creating laws which attempt to address this trend but which often exacerbate the situation of state control From Grassroots Activism to Disinformation explores three main questions How did social media begin as a vibrant space for grassroots activism to becoming a tool for disinformation Who were the main actors in this transition governments citizens or the platforms themselves Can reformists reclaim the digital public sphere And if so how     *Malaysia Official Year Book* Malaysia, 1968     *Praetorian Kingdom: A History of Military Ascendancy in Thailand* Paul Chambers, 2024-08-28 This is one of the most comprehensive studies of contemporary Thai politics seen through the careers of Thai military leaders since 1932 up until now It is of vital importance if one is to understand present day Thai politics Kullada Kesboonchoo Mead Chulalongkorn University retired author of *The Rise and Decline of Thai Absolutism* Paul Chambers has written arguably the most comprehensive and detailed book on the evolution of Thailand's military power from the post World War II era to the present day This lucid book is a compelling read for anyone seeking to gain insight into the transformation of the country into a praetorian kingdom where the monarchy and the military are the most powerful institutions His delicate exploration of the various plots methods strategies twists and betrayals provides readers with valuable perspectives on the inner workings and dynamics of Thailand's praetorian system One of the book's strengths lies in its use of declassified and leaked documents from the US administrations adding a sense of excitement and credibility to the analysis Puangthong Pawakapan Chulalongkorn University author of *Infiltrating Society The Thai Military's Internal Security Affairs* This study on the Thai military does not merely add to the existing critical understandings about its role in the country's politics it tackles the subject in a new light and challenges us to reexamine our appraisal of each military regime Dr Chaiyan Rajchagool University of Phayao author of *The Rise and Fall of the Thai Absolute Monarchy* This book does two significant things first cultivating large amounts of primary resources and second providing a sophisticated interpretation of Thai military ascendancy until 2023 Based on these reasons the book is important for insightful and untold stories about the Thai military Ukrist Pathmanand Institute of Asian Studies Chulalongkorn University Thailand Monumental in scope and wondrously researched *Praetorian Kingdom* is much more than the systematic
