Bales, 2019-06-07 This is the first book on a crucial issue in human resource management In recent years employers have begun to require as a condition of employment that their nonunion employees agree to arbitrate rather than litigate any employment disputes including claims of discrimination As the number of employers considering such a requirement soars so does the fear that compulsory arbitration may eviscerate the statutory rights of employees Richard A Bales explains that the advantages of arbitration are clear Much faster and less expensive than litigation arbitration provides a forum for the many employees who are shut out of the current litigative system by the cost and by the tremendous backlog of cases On the other hand employers could use arbitration abusively Bales views the current situation as an ongoing experiment As long as the courts continue to enforce agreements that are fundamentally fair to employees the experiment will continue After tracing the history of employment arbitration in the nonunion sector Bales explains how employment arbitration has actually worked in the securities industry and at Brown Root a company with a comprehensive dispute resolution process He concludes by summarizing the advantages disadvantages and policy implications of adopting arbitration as the preeminent method of resolving disputes in the American workforce Formal Opinions - Committee on Professional Ethics, New York State Bar Association New York State Bar Association.
