The Cambridge History of Renaissance Philosophy C. B. Schmitt, Quentin Skinner, Eckhard Kessler, Jill Kraye, 1988 This 1988 Companion offers an account of philosophical thought from the middle of the fourteenth century to the emergence of modern philosophy

Police Research Mollie Weatheritt, 2023-03-31 In marked contrast to the decade before the 1980s saw an enormous growth of sociological research on the police and on policing Originally published in 1989 the chapters in this book stand as evidence both of the growth of police research in those years and its variety Contributors were asked to take stock of research in their respective fields and to assess where policing research had got to and how it had arrived there The resulting contributions range from broad conceptual reviews chapters 1 5 and 9 to concentration on specific pieces of empirical work some of which was being reported for the first time chapters 7 and 8 Other papers were concerned with the relationship actual and potential between research and policy chapters 2 3 and 4 yet others on charting and accounting for developments in policing policy and speculating about their likely effects chapters 10 and 11 Today it can be read and enjoyed in its historical context

History and the Enlightenment Hugh Trevor-Roper, John Robertson, 2010-06-29 The historical philosophy of the Enlightenment The Scottish Enlightenment Pietro Giannone and Great Britain Dimitrie Cantemir s Ottoman history and its reception in England From deism to history Conyers Middleton David Hume historian The idea of the decline and fall of the Roman Empire Gibbon and the publication of the *Decline and fall of the Roman Empire* 1776 1976 Gibbon s last project The romantic movement and the study of history Lord Macaulay the history of England Thomas Carlyle s historical philosophy Jacob Burckhardt

Joseph Robert E. Longacre, 2003 In this fully revised second edition of *Joseph A Story of Divine Providence* Robert Longacre approaches the Joseph story as a paradigm for an approach incorporating the interests of the Old Testament scholar and critic with the interests of the contemporary textlinguist His study seeks to explore several questions How does one approach an ancient text What does one hope to gain from its study How do we orient ourselves in regard to this story Does our orientation provide a key to our understanding of the story or does it simply hinder our approaching the story in an unbiased and objective matter The book is comprised of four parts the first three exploring the connection Longacre seeks to establish between textlinguistics and biblical studies The fourth part is a constituent display of the entire Joseph pericope This new edition of Longacre s landmark work incorporates a more user friendly format particularly noticeable in Part 4 Constituent Display of Joseph The book also includes new textlinguistic insights and updated references

Public Intellectuals in South Africa Chris Broodryk, 2021-07-01 This edited collection gives voice to neglected public

intellectuals in the arts humanities and journalism in South Africa who gave voice and presence to those who have been marginalized and silenced in South African history Edward Said described a public intellectual as someone who uses accessible language to address a designated public on matters of social and political significance The essays in *Public Intellectuals in South Africa* apply this interpretive prism and activist principle to a South African context and tell the stories of well known figures as well as some that have been mostly forgotten They include Magema Fuze John Dube Aggrey Klaaste Mewa Ramgobin and Koos Roets alongside marginalized figures such as Elijah Makiwane Mandisi Sindo William Pretorius and Dr Thomas Duncan Greenlees The essays capture the thoughts and opinions of these historical figures who the contributors argue are public intellectuals who spoke out against the corruption of power promoted a progressive politics that challenged the colonial project and its legacies and encouraged a sustained dissent of the political status quo Offering fascinating accounts of the life and work of these writers critics and activists across a range of historical contexts and disciplines from journalism and arts criticism to history and politics it enriches the historical record of South African public intellectual life This volume makes a significant contribution to ongoing debates about the value of research in the arts and humanities and what constitutes public intellectualism in South Africa

National Library of Medicine Current Catalog
 National Library of Medicine (U.S.),1982 **Current Policy** United States. Department of State,1980 [Resources in Education](#) ,1984 **Ecosystem Management** Fred B. Samson,Fritz L. Knopf,2013-12-01 Ecosystem management has emerged in the past several years as the new paradigm for managing public and private land It combines the principles of ecosystem level ecology with the policy requirements of resource and public land management This collection of selected readings will serve as an introduction to the concepts of biological diversity ecological process biotic integrity and ecological sustainability that underlie ecosystem management *Presidential Lightning Rods* Richard J. Ellis,1994 Choice Outstanding Title H R Haldeman President Nixon s former chief of staff is said to have boasted Every president needs a son of a bitch and I m Nixon s I m his buffer and I m his bastard I get done what he wants done and I take the heat instead of him Richard Ellis explores the widely discussed but poorly understood phenomenon of presidential lightning rods cabinet officials who take the heat instead of their bosses Whether by intent or circumstance these officials divert criticism and blame away from their presidents The phenomenon is so common that it s assumed to be an essential item in every president s managerial toolbox But Ellis argues such assumptions can oversimplify our understanding of this tool Ellis advises against indiscriminate use of the lightning rod metaphor Such labeling can hide as much as it reveals about presidential administration and policymaking at the cabinet level The metaphor often misleads by suggesting strategic intent on the president s part while obscuring the calculations and objectives of presidential adversaries and the lightning rods themselves Ellis also illuminates the opportunities and difficulties that various presidential posts especially secretaries of state chiefs of staff and vice presidents have offered for deflecting blame from our presidents His study offers numerous detailed and instructive examples from the

administrations of Truman Dean Acheson Eisenhower Richard Nixon John Foster Dulles Herbert Brownell and Ezra Taft Benson LBJ Hubert Humphrey Ford Henry Kissinger and Reagan James Watt These examples Ellis suggests should guide our understanding of the relationship between lightning rods and presidential leadership policymaking and ratings Blame avoidance he warns does have its limitations and may even backfire at times Nevertheless President Clinton and his successors may need to rely on such tools The presidency Ellis points out finds itself the object of increasingly intense partisan debate and microscopic scrutiny by a wary press Lightning rods can deflect such heat and help the president test policies gauge public opinion and protect his political power and public image Ellis's book is an essential primer for helping us understand this process

Marxist Perspectives in Archaeology Matthew Spriggs, 1984-02-23 Marxist theory has been an undercurrent in western social science since the late nineteenth century It came into prominence in the social sciences in the 1960s and 1970s and has had a profound effect on history sociology and anthropology This book represents an attempt to gather together Marxist perspectives in archaeology and to examine whether indeed they represent advances in archaeological theory The papers in this volume look forward to the growing use of Marxist theory by archaeologists as well as enriching archaeology as a discipline they have important implications for sociology and anthropology through the addition of a long term historical perspective This is a book primarily for undergraduates and research students and their teachers in departments of archaeology and anthropology but it should also be of interest to historians sociologists and geographers

Almost Yankees J. David Herman, 2019-04-01 Almost Yankees is a poignant and nostalgic narrative of the lives and travails of Minor League Baseball focusing on the 1981 championship season of the New York Yankees Triple A farm club the Columbus Clippers That year was especially notable in the annals of baseball history as the year Major League Baseball went on strike in midseason When that happened the Clippers were suddenly the best team in baseball and found themselves the focus of national media attention Many of these Minor Leaguers sensed this was their last best chance to make an impression and fulfill their dreams to one day reach the majors The Clippers raw recruits prospects and Minor League veterans responded to this opportunity by playing the greatest baseball of their lives on the greatest team most of them would ever belong to Then the strike ended leaving them to return to their ordinary aspirational lives and to be just as quickly forgotten Almost Yankees is the previously untold baseball story of a team and its players performing in the shadow of one of the sport's most famous teams and infamous owners Featuring interviews with more than thirty former players including Steve Balboni Dave Righetti Buck Showalter and Pat Tabler and dozens of other baseball and media figures this season's narrative chronicles success failure resilience and redemption as told by a special group of players with hopes and dreams of big league glory J David Herman who worshipped the team as an eleven year old tracked down his old heroes to learn their stories and to better understand his own The season proved to be a launching pad for some a final chance for others and the end of the dream for many others
