Williams,2022-08-01 As a new born again Christian I would pray that the contents of this book will prepare you for expanding your consciousness so that you can evolve and become pure and powerful in your walk in Christ I have attempted to avoid the religious dogma of sin consciousness Being a sinner saved by grace no longer applies to you I ask you a similar question that God asked Adam in Genesis 3 11 Who told you that you were naked However my question to you is who told you that you were a sinner As you read this book let this be the first of many inquiries you will seek answers to concerning who you are in Christ *The American Catalog* ,1891 **The American Catalogue** ,1880 American national trade bibliography Ford's Christian Repository ,1882 *Books in Print* ,1994 A Bibliography of Theology William Swan Sonnenschein,1897

Evangelicals Incorporated Daniel Vaca,2019-12-03 A new history explores the commercial heart of evangelical Christianity American evangelicalism is big business For decades the world s largest media conglomerates have sought out evangelical consumers and evangelical books have regularly become international best sellers In the early 2000s Rick Warren s *The Purpose Driven Life* spent ninety weeks on the New York Times Best Sellers list and sold more than thirty million copies But why have evangelicals achieved such remarkable commercial success According to Daniel Vaca evangelicalism depends upon commercialism Tracing the once humble evangelical book industry s emergence as a lucrative center of the US book trade Vaca argues that evangelical Christianity became religiously and politically prominent through business activity Through areas of commerce such as branding retailing marketing and finance for profit media companies have capitalized on the expansive potential of evangelicalism for more than a century Rather than treat evangelicalism as a

type of conservative Protestantism that market forces have commodified and corrupted Vaca argues that evangelicalism is an expressly commercial religion Although religious traditions seem to incorporate people who embrace distinct theological ideas and beliefs Vaca shows members of contemporary consumer society often participate in religious cultures by engaging commercial products and corporations By examining the history of companies and corporate conglomerates that have produced and distributed best selling religious books bibles and more Vaca not only illustrates how evangelical ideas identities and alliances have developed through commercial activity but also reveals how the production of evangelical identity became a component of modern capitalism
