Change and Continuity in Applied Linguistics British Association for Applied Linguistics. Meeting, 2000 The papers in this volume are a selection from those given at the 1999 BAAL Annual Meeting held at Edinburgh whose theme was Change and Continuity in Applied Linguistics As well as offering a varied sample of current applied linguistics research they provide a stimulating discussion of a wide range of views on fundamental questions about the nature and development of the discipline What is applied linguistics Where has it come from What are its interests data and methods Who is it for And how is it changing especially in its views of language learning society and teaching **Picturebooks** Evelyn Arizpe, Maureen Farrell, Julie McAdam, 2014-10-14 The picturebook is now recognized as a sophisticated art form that has provided a space for some of the most exciting innovations in the field of children's literature This book brings together the work of expert scholars from the UK the USA and Europe to present original theoretical perspectives and new research on picturebooks and their readers The authors draw on a variety of disciplines such as art and cultural history semiotics philosophy cultural geography visual literacy education and literary theory in order to revisit the question of what a picturebook is and how the best authors and illustrators meet and exceed artistic narrative and cultural expectations The book looks at the socio historical conditions of different times and countries in which a range of picturebooks have been created pointing out variations but also highlighting commonalities It also discusses what the stretching of borders may mean for new generations of readers and what contemporary children themselves have to say about picturebooks This book was originally published as a special issue of the *New Review of Children's Literature and Librarianship* Representing Scotland in Literature, Popular Culture and Iconography A. Riach, 2004-12-10 This fascinating new study is about cultural change and continuities At the core of the book are discrete literary studies of Scotland and Shakespeare Walter Scott R L Stevenson Arthur Conan Doyle the modern Scottish Renaissance of the 1920s and more recent cultural and literary phenomena The central theme of literature and popular representation recontextualises literary analysis in a broader multi faceted picture involving all the arts and the changing sense of what the popular might be in a modern nation New technologies alter forms of cultural production and the book charts a way through these forms from oral poetry and song to the novel and includes studies of paintings classical music socialist drama TV film and comic books The international context for mass media cultural production is examined as the story of the intrinsic curiosity of the imagination and the intensely local aspect of Scotland's cultural self representation unfolds **Scottish Theatre: Diversity, Language, Continuity** Ian Brown, 2013-10-20 Challenging the dominant view of a broken and discontinuous dramatic culture in Scotland this book outlines the variety and richness of the nation's performance traditions and multilingual theatre history Brown illuminates enduring strands of hybridity and diversity which use theatre and theatricality as a means of challenging establishment views and of exploring social political and religious change He describes the ways in which politically and religiously divisive moments in Scottish

history such as the Reformation and political Union fostered alternative dramatic modes and means of expression This major revisionist history also analyses the changing relationships between drama culture and political change in Scotland in the 20th and 21st centuries drawing on the work of an extensive range of modern and contemporary Scottish playwrights and drama practitioners Ian Brown is a playwright poet and Professor of Drama at Kingston University London Until recently Chair of the Scottish Society of Playwrights he was General Editor of the Edinburgh History of Scottish Theatre EUP 2007 and editor of From Tartan to Tartanry Scottish Culture History and Myth EUP 2010 and The Edinburgh Companion to Scottish Drama EUP 2011 He has published widely on theatre cultural policy and literature and language
